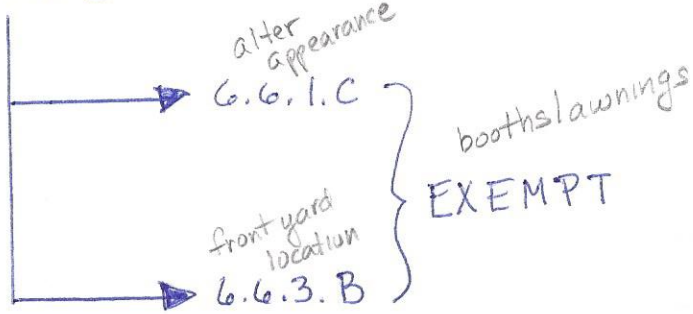
On-Site Sales 6.6.5.G

Pg 30



Note following language - Section 6.6.5.G.4.a:
"In the residential ... zones ... the on-site sale of goods is restricted to no more than four advertised events per calendar year. ... Events advertised by signs posted or in the neighborhood only ... are exempt for this Section."

Section 6.6.5.G.5:
"Temporary accessory structures associated with the agricultural product sales, such as booths and awnings, are EXEMPT from Sections 6.6.1.C and 6.6.3.B ...." The accessory structures shall be removed at the end of the sales event.

Are these sales exempt from Section 6.6.5.G? If so, they could become perpetual events, which would mean the booths / awnings might never be removed.
