Neighborhood Cleanup November 14

Our next neighborhood cleanup will take place on Saturday, November 14. Please read carefully, as we have made changes. FNA will not provide tools, but we will provide trash bags, gloves, roll offs for bulky trash, and a household hazardous waste collection site. The household hazardous waste collection site will be located at 934 E. Drachman, the vacant lot at the SW corner of N. Park and Drachman on **Saturday, November 14 from 9 AM to 11:30 AM only**. Roll offs for trash will be available at **3 locations: 611 and 934 E. Drachman and 1234 N. 5th Ave.**

Please do **NOT** stack any items at the curb, as there will be no brush & bulky collection the week after the cleanup. Bring items you wish to dispose of to one of the roll-offs.

Please do **NOT** place refrigerators, freezers, or other Freon-containing appliances in the roll-off. These must be taken to the landfill for disposal.

Please do **NOT** place hazardous waste in the roll-off. Bring these items to the household hazardous waste collection site only. Common household hazardous waste items include paint, varnish, petroleum products, insecticides, fluorescent light bulbs, and batteries ***other than*** regular alkaline AA, AAA, C, and D cells.

Volunteers are needed Friday, Saturday and Monday (November 13-16).

Please call 791-3500 to volunteer or to report areas that need cleanup. We especially want to hear about intersections where the view is blocked by overgrown trees or shrubs.

Zoning Change for Our Homes

Neighbors, developers, and city staff have created a Design Manual to guide future construction in our neighborhood. If approved by Mayor and Council, the Design Manual will become part of the zoning for residential properties in Feldman's. Mayor and Council will hold a public hearing on the rezoning Monday, November 9th at 5:30 PM in the Council Chambers at 255 W. Alameda. We encourage all neighbors to participate, as this zoning change will affect you.

If you need more information before commenting on this important issue, the full Design Manual is available at http://www.tucsonaz.gov/planning/prog_proj/projects/feldman/. You will find additional information in past newsletters and postings at <http://groups.yahoo.com/FNA-main>. You may also call 623-8233 or e-mail paruni@dakotacom.net.

If you are unable to attend the hearing and would like to submit comments for consideration by Mayor and Council, you may send snail mail to:
