Welcome to new neighbors in the Silvercroft Neighborhood!

And hello to the rest of us! It's been a while since our last newsletter but with a little help, maybe our next one will arrive sooner!

Latest News

We are still working towards creating a pocket park at the corner of Chiricahua and Lester. In May, we had a cookout on the lot, with the intention of getting neighbors to fill out a survey and let us know what they would like to see placed in the park. We received many ideas, such as desert vegetation, benches, exercise areas, skate boarding area, basketball court, even a Zen garden! One idea that is being pursued is an art project for our youth to do; maybe a wall for a mural for them to paint or possibly a tile project. We welcome any ideas our youth may have – please email them to mznglor@gmail.com. We hope to collaborate with the Steve Daru Boys & Girls Club to get youth involved!

If you happen to have an idea that has not been mentioned, please pass it along to the email above!

Congratulations to Amanda!

Watershed Management Group is a Tucson-based, educational nonprofit organization that has worked with many Tucson neighborhoods on projects that improve local watershed and storm water conditions. For a second year, we are offering a subsidized training opportunity for eight local residents who are interested in learning how to advocate for and implement these improvements in their own neighborhoods. Amanda Kucich was selected from our neighborhood to participate in this training! She will share her knowledge and experience at our monthly meetings as we work towards creating our pocket park and implementing water harvesting ideas. Congratulations Amanda!

Homeowner Repair Opportunities

TMM Family Services, INC is offering homeowners in our Westside neighborhoods an opportunity to apply for their minor home repair program. For more information, please contact Tresina Lister at 520 322-9557.

Direct Center for Independence, Inc., is accepting referrals for its Home Access Program. This program assists elderly and persons with disabilities with home modifications. For more information please contact Martha Schuetz at 520 624-6452.
