

VelocityHall Online Permitting Instructions

Online Permit Types and Associated Fees

(Updated 4/5/2004)

Outlined below are the types of Electrical, Mechanical and Plumbing permits available online through VelocityHall's Permit Manager. VelocityHall is an Internet-based service that the City of Tucson Development Services Department (DSD) licenses from Accela, Inc.

Accela charges DSD customers a usage fee (\$5.00 + 10% of DSD Fees) for using VelocityHall. The usage fee is only charged when applying for a permit online and paying for it via credit card. There is no charge to schedule inspections or check on permits.

Online Permit Fee Totals* are listed below. VelocityHall's usage fee is figured into this total. DSD's \$26.00 Permit Issuance Fee also applies, with the exception of Electrical Service Reconnect permits. The base cost for each item of work is listed in the 'Fee for Item' column.

Electrical Permits
