Residential Plan Review

Pool Permit Notice

Effective August 1, 2009

Residential Review will check **Pool Permits** for the following on the Site Plan:

1. Elevation changes affecting structural requirements.
2. Highlighted options and conditions on one attached copy of the model plan.
3. Identification of the drain assembly with model or type.
4. Identification of the suction relief system.
5. Electrical equipment location, conductor size and circuit protection.
6. Gas equipment location if included with pipe size and point of connection to service.
7. Water backflow device location.
