STREET BONDS ROAD RECOVERY FOG SEAL PROGRAM UPDATE

Southern Arizona Paving and Construction Co, under contract with the City of Tucson Department of Transportation (TDOT), is continuing its fog seal program associated with the voter-approved \$100 million, five-year street bond program – Road Recovery.

The dates, work hours and locations for the next two roadway improvements are:

Sunday, November 10 through Thursday, November 14 – 7 p.m. to 6 a.m.

Broadway – Craycroft Road to Wilmot Road
Wilmot Road – Broadway to Park Place Drive

Monday, November 18 through Wednesday, November 20 – 8 a.m. to 4 p.m.

29th Street – Craycroft Road to Wilmot Road
29th Street/Wilmot Road Intersection

Fog Sealing is the application of a thin layer of asphalt emulsion that helps cover small roadway imperfections, cracks or other small voids and seals the existing asphalt to preserve and protect the roadway. The above schedule is subject to change due to inclement weather. During this work, travel lane restrictions will be in place, however at least one lane of travel will be maintained in both directions.

Business and residential access will be maintained at all times during the project. The traveling public can expect delays when driving in the work area. Please obey all traffic control signs and watch for construction personnel and equipment in the work area.

The Road Recovery Program is funded by voter-approved bonds. All proceeds from the bonds will be used to restore and resurface City streets through Fiscal Year 2018. A Bond Oversight Commission composed of citizen volunteers is working to ensure that all bond funds are expended solely for the purpose of repairing city streets.

More information on the Road Recovery Program can be found at www.tucsonaz.gov/streetbonds or by calling (520) 837-4056. Follow @TucsonRoadRecovery on twitter.
