A PCD District may include regulations that are different from the regulations in the *LUC*, the Development Compliance Code, Chapter 23A of the Tucson Code or the Development Standards that may apply in, but are not limited to permitted, special exception, secondary and accessory land uses; building heights; lot coverage and lot size; cluster development; building and perimeter setbacks; parking and loading; landscaping and other development criteria. The PCD District may not change or alter the provisions for impact fees in Article III, Impact Fees of the Development Compliance Code, Chapter 23A of the Tucson Code.
- C. Where a provision in a PCD District varies from the *LUC*, the Development Compliance Code, Chapter 23A of the Tucson Code or the Development Standards, the provisions in the PCD District shall govern. Where regulations in a PCD District are silent or do not address an issue, the applicable codes and ordinances shall govern. Amendments to the *LUC*, the Development Compliance Code, Chapter 23A of the Tucson Code or the Development Standards enacted subsequent to the adoption of the PCD District shall apply to the PCD District. If an amendment adopted subsequent to the PCD District conflicts with an express provision of the PCD District, the PCD District shall govern unless the adopting ordinance states that it supersedes the PCD District.

Administrative amendments may be based upon new market design requirements or technological advances in architecture and infrastructure engineering design and construction.
 3. A transfer of commercial square footage or number of dwellings from one mixed use parcel to another that stays within the maximum and minimum ranges established by the PCD District or the DA.
 4. A transfer involving a change in total number of dwellings or gross leaseable floor area among DAs or zoning districts where the transfer amount stays within the minimum and maximum ranges established by the PCD District.
 5. Changes in configurations of individual DA boundaries to include modifications of boundaries, division of larger parcels, or combinations of parcels, that do not result in any loss in open space or change the overall permitted land uses and density and intensity of land uses of DAs within the PCD District.
 6. Changes in parcels, preservation of environmentally sensitive lands, or open space that are necessitated by the need to accommodate final engineered infrastructure as approved by the City, within the minimum and maximum range of density and intensity of development and amount of natural open space established in the MDP, as required in Section [2.6.5.5.B.1.a.iii](#).
 7. Adjustments or modifications to the number and order of phasing as long as the related infrastructure development is precedent to or concurrent with the development the infrastructure is to serve.
 8. Change of number, location or sites designated for schools, parks, or other public, government, or quasi-governmental facilities which either enhance the opportunity to create a sense of neighborhood and community, to better centralize such sites based on actual development densities and with the approval of the governmental unit that owns or will own the facility.
 9. Modifications in the design and construction of proposed infrastructure based upon technological advances when such modifications are accepted by the controlling City and/or Pima County agencies (including but not limited to transportation, water and wastewater, and flood control). Infrastructure capacity shall be adequate to provide service for the planned densities and intensities of use and phasing.
 10. Minor modifications or adjustments to intrusions, encroachments, proposed easements, proposed right-of-ways or open spaces, so long as the modifications fall within the general overall range and target densities and intensities for the PCD District or DA and there is no reduction in open space areas as established in Section [2.6.5.5.B.1.a.iii](#).
 11. Changes in infrastructure that do not increase the cost or reduce the benefit to the public.

12. Interpretation by the Department of Urban Planning and Design Director of terms and provisions of the PCD District and MDP that may result in insubstantial changes to the PCD.

Minor amendments include (i) the categories of changes listed in Sec. [2.6.5.6.D.](#), (ii) changes specifically identified as minor amendments in the PCD District approved by the Mayor and Council, and (iii) categories of changes deemed by the Director of the Department of Urban Planning and Design not to change substantially the overall PCD zoning but to have potential impacts on the PCD District greater in affecting the intensity of the land use mix than the categories of changes that qualify as administrative changes.
- D. Minor Amendment Categories. The following changes and comparable changes are presumed to be minor unless they significantly affect the PCD District or property owners other than the master developer.
1. A change of up to ten (10) percent in the number of units or gross leaseable floor area in the DA or zoning district that is an increase or decrease in the overall PCD's minimum or maximum ranges.
 2. Multiple proposed administrative amendments or any single proposed administrative amendment that is viewed by the Urban Planning and Design Department in relation to a series of past administrative amendments may be determined by the Department of Urban Planning and Design Director to be a minor amendment pursuant to this Section if they have the cumulative effect of contradicting the policies, spirit, and intent of the underlying *General Plan* documents.
 3. Other changes deemed to be minor amendments by the Department of Urban Planning and Design Director that do not qualify as administrative or major amendments within this section or within the subject PCD District.
- E. Major Amendment Definition and Process.
1. Definition. A major amendment is one that substantially changes the MDP, a DA, or the overall PCD District or substantially changes the application of the PCD to a limited area.
 2. Process. A major amendment shall be processed pursuant to the Zoning Examiner Legislative Procedure, Sec. [5.4.1.](#) and Sec. [5.4.3.](#) Major amendments include (i) those categories of changes listed in Sec. [2.6.5.6.F.](#), (ii) other changes specifically identified as major amendments in the PCD

District approved by the Mayor and Council, and (iii) those categories of changes that do not qualify as administrative or minor amendments for the adopted PCD District and that are deemed by the Director of the Department of Urban Planning and Design to change substantially the overall PCD zoning or the application of the PCD District to a limited area.

- F. Major Amendment Categories. The following changes and comparable changes are major amendments:
1. A reduction in open space other than as defined as an administrative amendment in Sec. [2.6.5.6.B](#).
 2. Changes in configurations of individual DA boundaries to include modifications of boundaries, division of larger parcels, or combinations of parcels that result in a net loss in open space or a change to the minimum and maximum number of DAs proposed within the PCD District.
 3. Change that would allow uses not otherwise permitted in the PCD District, zone, or DA.
 4. A change of greater than ten (10) percent in the number of dwellings or gross leasable floor area in a DA or zoning district that is an increase or decrease in the overall PCD District's minimum or maximum ranges.
 5. A change that alters a design element and substantially reduces the mitigation of the intensity of development adjacent to an existing residential development outside of the PCD District.
 6. A change that locates a more intense land use or increases the residential density adjacent to an existing residential development outside of the PCD District or a change adjacent to existing residential development in the PCD District where the intensity of development exceeds ten (10) percent in the number of units or gross leaseable floor area in the DA or zoning district.

2.6.5.7. Annual Report. At the request of the Urban Planning and Design Director the PCD property owner shall submit an annual progress report. The report shall begin to be submitted to the Department of Urban Planning and Design once the issuance of building permits within the subject PCD commences. The report may include the following elements as requested by the Department of Urban Planning and Design: phasing and completion update report on horizontal infrastructure, public facilities, open space dedication, number of housing units and nonresidential square footage, installation of trails, parks, and any other development activity requested by the department. 2.6.5.8 Definitions. The definitions that follow apply only to terms used in LUC Section [2.6.5](#), PCD Districts.

Development Area (DA). A DA is a planning area within a PCD District containing single or multiple designated land use and zoning districts. Multiple classifications or mixed-use classifications may be permitted in a DA in conformance with applicable specific plans and the *General Plan*. A DA in text or table format is the same area as referenced on a map but describes the area in more specific detail. The City may approve a particular definition of a DA for any individual PCD District.

Development Inventory Report (DIR). A DIR is a report using narrative, maps, graphics, tables and other informative means in describing, existing conditions, needs assessments and other useful background information regarding the infrastructure, resources, and other pertinent characteristics of the property within the proposed PCD District.

Functional Open Space. Functional open space is an area that is a designed element of the project and that has a recreational use for the project. Examples include public parks, golf courses, sports fields, private recreation areas, exercise trails, playgrounds, swimming pools, and community centers.

Master Developer. The Master Developer is the person or entity that has sole control of the property within the PCD District at the time of application and for the implementation of the PCD District after approval.

Master Development Plan (MDP). An MDP is a multi-faceted development plan, including a land use plan, resource and infrastructure plan, development agreement, and phasing plan that controls the overall implementation of the PCD District.

Natural Open Space. Natural open space is an area of land within the PCD District that remains essentially unimproved and not occupied by structures or man-made impervious surfaces, except public non-motorized recreation trails, that is set aside, dedicated, or reserved in perpetuity for public or private enjoyment.

Natural Undisturbed Open Space (NUOS). NUOS is an area of land that is unimproved and not occupied by structures or man-made impervious surfaces that is set aside, dedicated, or reserved in perpetuity as a conservation area for public or private enjoyment. A pedestrian or non-motorized recreational trail may be located in a natural undisturbed open space. Rights-of-way (including alleys) are prohibited in a NUOS.

Non-motorized Recreational Trail. A non-motorized recreational trail is a publicly accessible, improved or natural path designed for pedestrians, equestrians, bicycles – including electric bicycles, if local regulations permit – and manual and electric wheelchairs.

Open Space. Open space is the aggregate of “natural undisturbed open space (NUOS),” “natural open space” and “functional open space.”

Pedestrian Distance. Pedestrian distance is a measurable distance between supportive land uses (such as between residential uses and schools or residential uses and commercial uses) that encourage walking as part of a multi-modal strategy within a development.

Population Ratio. Population ratio is a formula used to derive a relationship between a population or dwelling unit count within a development and the square footage, acreage or number of facilities such as parks, fire stations, and related facilities required in the development.

Service Radius Distance. Service radius distance is a measurable distance that is measured from a public facility (such as a park, fire station, police station, school, and related facilities) outward toward land uses that fall within the facility’s service area.

Zoning District. A zoning district is an area within a DA comparable to a zoning district established by the LUC, containing one or more land uses and for which the Development Guidelines and Regulations in the MDP may be established as provided in Section [2.6.5.5.B.1.d.](#)
