

A UniSource Energy Company

Application for Trees to Shade Homes

Delivery: Late January-February 2010

Thanks to funding from Tucson Electric Power Company, all TEP customers throughout Pima County may be eligible to receive up to 2 trees for \$8 each (homes built prior to 1980 may apply for up to four trees), but only if there is sufficient room to plant them within 15 feet of the west, east or south sides of your home to help cut energy costs by shading windows, walls and air conditioning units. **Adequate planting space will be verified when trees are delivered. Holes do not have to be dug before delivery.** Planting & maintenance instructions will be provided with trees, and are also available at www.treesfortucson.org online.

To qualify, homeowners must agree to:

- A) Plant trees **within 15 feet** of your home on the **WEST (best shade location), EAST (second best) or SOUTH** side of the home to shade it during the hottest months. Planting locations checked at delivery.
- B) Hold *Trees for Tucson* and *Tucson Electric Power Co.* harmless from all liability associated with tree planting and maintenance.

Name _____ Phone (h) _____ (ofc/cel) _____

Address _____ City _____ Zip Code _____

Tucson Electric Power Account Number (from your utility bill): _____

E-mail address (to receive updates on Tucson area environmental events and volunteer projects): _____

Will you be out of town in late January-February 2010? Yes ___ No ___ (If yes, we will call before delivery; if no, you do not need to be home to take delivery. We will confirm proper planting locations during delivery, and will call you if needed).

Indicate your Tree Choices (maximum 2 trees for homes built in 1980 or later, maximum 4 trees for homes built in 1979 or earlier):

YOU MUST COMPLETE THIS SKETCH TO QUALIFY-Mark an "X" where you will plant trees in the 15-foot Planting Zone:

- ___ **Chilean Mesquite** (up to 6 ft. tall when delivered; fast growth to 20-25 ft tall & wide; seed pod litter; excellent shade tree but requires proper pruning and limited staking to prevent wind damage; may have thorns). Check here ___ if you prefer thornless mesquite
- ___ **Desert Museum Palo Verde** (up to 4 feet tall when delivered; fast growth to 20 ft tall & wide, thornless, high pollen, attractive yellow flowers, low maintenance)

NOTE: Plant trees at least 10 ft. from sewer lines, 5 ft. from water lines, and 3 ft. from other utility lines. Do not plant under overhead lines. Do not plant in public right-of-way without permit & Blue Stake clearance (1-800-782-5348). Planting & maintenance instructions provided with trees.

Total cost of trees to be delivered (\$8 each)
