Once again, Hello my name is Joshua Jude Chesser and Im a Tucson community leader. I would very much like to be added to the list of folks being considered to serve Tucson from the ward 2 council seat. I wont be making any sort of public statement other than to thank the good people of Ward 2 for showing so much support during this transition time.

My support network may be viewed online at,

Married/Single: Engaged to Erica Salinas M.D. of University Medical Center

Summary: I am a stay at home husband with the time and resource to serve my community. I excel at a great many things of social nature which lends me something to give back in these areas. My roommate and I would already be married however we want a beautiful wedding and thought it best to wait while she finishes her Chief year of residence leading into a vascular fellowship right here in Tucson. To add to a list of things I excel at, I also stand 6ft tall with a power lifter build while enjoying a ear to ear smile.

So I'm not bad to look at.

In closing, I feel everything considered, I'm the man for the job!

Thank You for the time folks
