Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters “OC” indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

Payment of longevity premium will be subject to the following:

1. **Years of service.** These are considered as years of full-time service as a city employee of any class beginning with the starting date of the employee’s first appointment. Any time served as a part-time employee (working less than twenty-one (21) hours per week or less than forty-two (42) hours per pay period) will not count toward eligibility for longevity pay. Any time in a leave-without-pay status in excess of ten (10) continuous working days will not count as time of service for longevity eligibility, but also will not be considered as a break in service. Military leave will fully count toward eligibility for longevity pay.

2. **Method of payment.** The longevity premium will be paid in two (2) semi-annual installments: Half of the annual amount on the payday for the pay period in which June 1 falls, and half on the payday for the pay period in which December 1 falls. This is done so as to provide additional funds when needed most: around June 1 for vacation expenses, and around December 1 for holiday expenses. Employees becoming eligible for longevity compensation for the first time or becoming eligible for an increased increment will receive the first longevity premiums or increment increase amount on a pro rata basis for the period of eligibility in a method to be determined by the finance department.

3. **Percentage of annual pay.** The amount of longevity pay will be based on the stated fixed percentage of the salary actually received by the employee during the six-month period immediately preceding the dates upon which longevity payments shall be made, as set forth in subsection (2) hereof. For purposes of this section the term “salary actually received by the employee” shall not include salary received in excess of the base pay.

4. **Deductions.** Longevity pay will be subject to all applicable taxes and pension deductions. Such deductions will be made from longevity pay for amounts withheld.

5. **Table.** A table of longevity payments will be established by the finance department showing semiannual longevity payment amounts at each pay step for each “percentage of annual pay” and will be available for use of all concerned.
§ 10-52 TUCSON CODE

(6) **Determination of eligibility.** The personnel department will be responsible for the accurate determination twice each year of each employee’s length of service, including approved prior service credit, if any, and the resulting eligibility for the proper annual percentage of longevity pay.

(7) **Eligibility for benefits.** The provisions of this section shall not be applicable to any individual entering into employment with the city on or after May 1, 1977.

Sec. 10-53. **Pipeline protection program; compensation.**

If a principal member serving as a co-chair is absent from a CCC meeting, or must leave a CCC meeting before it is adjourned, the corresponding alternate member for that seat does not automatically take the principal member’s place as co-chair for that meeting, but may do so upon specific vote of the CCC.
§ 10A-214  TUCSON CODE

(b) *By-laws.* The CCC shall adopt bylaws for its operations that are consistent with this Charter and other legal authority and file them with the city clerk.

If the hearing officer requires a more complete set of facts than can be gathered at the time of the hearing, the officer shall make whatever investigation is necessary before rendering a decision. The hearing officer’s determination is final.

(C) The customer’s service(s) shall not be terminated until and unless the hearing officer completes the investigation and finds the customer’s dispute to be without merit. ARTICLE V. CITY FEES AND CHARGES FOR RESIDENTIAL COLLECTION, COMMERCIAL COLLECTION, AND DISPOSAL SERVICES

DIVISION 1. GENERAL PROVISIONS

Sec. 15-31. Declaration of purpose; intent of mayor and council.

This article is enacted for the purpose of equitably securing funds with which to pay the expenses arising from collection and disposal services the city provides to residential and commercial establishments. It is the intent of the mayor and council that the provisions of this article shall be construed and interpreted, where necessary, to achieve such purpose.

(Ord. No. 10539, § 5, 6-3-08, eff. 7-1-08)

Sec. 15-31.1. Deposits and refunds.

The director may require a deposit as a condition of providing service from a customer with a history of delinquency in payment of utility charges. The deposit shall not exceed twice the average monthly bill for past accounts or twice the estimated monthly bill of a new account. The director may require receipt of a deposit prior to beginning service. When the account is terminated the adjusted value of the deposit shall be computed by adding interest actually accrued on the deposit, with the interest rate set at the average market rate earned by the City of Tucson’s Investment Pool during the past twelve (12) months. The adjusted value of the deposit will be applied against any unpaid balance, and the remainder will be refunded to the customer.

(Ord. No. 10674, § 4, 6-2-09, eff. 7-1-09)

Sec. 15-31.2. Returned checks.

The city may impose a reasonable charge to handle the processing of checks received as payment for fees from this chapter, when such checks are returned for nonpayment for any reason.

(Ord. No. 10674, § 4, 6-2-09, eff. 7-1-09)

DIVISION 2. RESIDENTIAL COLLECTION

Sec. 15-32. Basis for residential fees.

(A) Fees for APC collection, brush bulky collection, and special collection services to residential establishments are based on the number of dwelling units using the containers, and the volume and frequency of service. A single family residence shall be counted as one dwelling unit. Fees for front load or roll off services to residential establishments are based on the type, volume, and frequency of service, and shall be the same as commercial fees for these services.

(B) Individual fee for shared front load service. The fee for shared front load service may be charged to customers at individual dwelling units when 1) a complex has no common owner or manager to be billed for front load service, and 2) front load collection service is the only feasible method of refuse and recycling service for the complex.

(Ord. No. 10539, § 5, 6-3-08, eff. 7-1-08; Ord. No. 10674, § 5, 6-2-09, eff. 7-1-09)

Sec. 15-32.1. Responsibility for residential fee.

(A) The fees specified in this chapter for services provided to residential establishments are imposed on the customer of record of each residential establishment, as indicated in the department’s records. The customer of record is responsible for paying all charges for the provision of services to a residential establishment, regardless of whether the customer of record or another person has actually used the services. Where the establishment receives city water service, the customer of record for services from this chapter shall be the same person as the customer of record for city water services, unless the director accepts an alternate person designated by the owner.

(B) The director may elect to pursue collection of any outstanding charges from the owner of the property if the customer of record does not pay for any outstanding charges. In such a case, ownership of the property or premises shall be determined by reference to public records maintained by the Pima County Recorder’s Office.

(Ord. No. 10539, § 5, 6-3-08, eff. 7-1-08; Ord. No. 10674, § 5, 6-2-09, eff. 7-1-09; Ord. No. 10796, § 4, 5-25-10, eff. 7-1-10)
Sec. 15-32.2. Requirements for payment of residential fees.

(A) Initiation. Initiation of billing for services to a residential establishment shall coincide with initiation of billing for city water service when both are provided. Where new collection service is provided to an establishment, the charges for the new service shall begin when the containers are delivered. The director, as a condition precedent to providing collection services to any customer, shall collect any amounts the customer owes the city for charges required by this chapter or chapter 27.

(B) Deposit for accounts without city water service. Any residential establishment with an account that does not include fees for city water service shall pay a deposit when the account is established, unless waived by the director. When the account is terminated, the deposit may be refunded in accordance with section 15-31.1.

(C) Termination. Termination of billing for the fees herein shall coincide with termination of billing for city water service when both are provided. At any residential establishment with an account that does not include fees for city water service, billing for fees herein will continue until the customer notifies the department to discontinue services.

(D) Change of address. Customers shall notify the department of any change in mailing address, and/or change in ownership/responsible party within fifteen (15) days of the date of change.

(E) Due dates. Charges for fees are due and payable upon delivery of the bill. Charges for fees established in this chapter are late if not paid within twenty (20) days of bill date shown on the bill.

(F) Delinquency. Accounts with charges established in this chapter are considered delinquent when a balance over seventy-five dollars ($75.00) remains unpaid more than forty-two (42) days after the bill date shown on a bill. Where charges for collection services are combined on the same bill with charges for city water services, the collection of unpaid charges shall primarily follow the procedures set forth in chapter 27 of Tucson Code, and shall secondarily follow the complimentary procedures set forth in this chapter and administrative rule.

(G) Denial of service for nonpayment. The director may remove containers from a residential establishment fifteen (15) days after other actions to collect unpaid charges have been completed and the account for the residential establishment remains delinquent.

Sec. 15-32.3. Fees for level of service.

The director is authorized to charge additional fees as listed in the table in section 15-32.5, or elsewhere in this chapter, to residential establishments that receive additional or different service.

(A) Residential customers with an income at or below one hundred percent (100%) of the U.S. Department of Labor western region lower living standard, adjusted for family size, shall be eligible for the environmental services low income assistance credit from the city general fund if they meet the requirements herein.

(B) Customers must reside in a residential establishment that receives APC collection service and must directly pay the environmental services fee on their city utility bill. Each customer may receive the credit for only one residential establishment.

(C) Customers must apply for the discount in writing on the application forms approved by the director. Applications must include written proof of income in the form determined by the director. Applications must be complete and must have the customer’s original signature. The director may contact the customer to verify or obtain additional information needed to process the application.

(D) Eligibility will be determined on an annual basis with the credit expiring at the end of each twelve (12) month period. At least thirty (30) days prior to the expiration of a customer’s credit, the director will
notify the customer in writing of the need to submit a new application to continue the credit.

(E) Once eligibility is verified, the credit shall be applied against each monthly bill with the environmental services fee. A prorated credit shall be applied whenever the customer is eligible for only part of a month or receives service for only part of a month.

(F) Customers may appeal determinations of eligibility or timing of credit by following the administrative dispute process in this chapter.

Residential self-haulers shall also be subject to the special handling fee set forth in this chapter, and shall be subject to the unrestrained or uncovered load fee set forth in this chapter in addition to any other fees charged. A deposit may be required upon entry for residential self-haul vehicle loads that, in the judgment of ES staff, may exceed one ton (two thousand (2,000) pounds) in accordance with guidelines established by the director. All fees from residential self-haulers shall be due in cash, or in other form of payment as established by the director, at the time the load is accepted. Loads over one ton may be paid by check at the time the load is accepted.

(B) Recyclable materials and household hazardous waste, as determined by the director, are exempt from disposal fees.

Where the term “minimum fee” is used in this section, it shall mean fifteen dollars ($15.00) or another minimum designated for the applicable fee in section 15-34.7.

(B) Special-handling waste disposal. Special handling fees shall be assessed for the use of personnel, equipment or materials in a manner other than what would ordinarily be required in normal daily landfill operations. requirements. Upon determination by the director that an organization meets the requirements, the director shall issue a certificate of exemption from fees for collection and disposal services. The director may require annual renewal applications and additional evidence of compliance with requirements.

The organization can appeal the revocation in writing to the director within ten (10) days, and be granted an administrative hearing. The director shall render a decision in writing. The missed member contributions shall be contributed to the system during a period that begins on the date of reemployment and ends on the earliest of (1) the date that is five (5) years from the date of reemployment, (2) the date that marks the end of a period which is three times the length of the member’s most recent period of qualified military service, or (3) the member’s termination date. Any and all member contributions made up pursuant to this section shall be treated as regular member contributions made in accordance with section 22-34(d). Following the contribution of missed member contributions to the system, the system administrator shall take all steps necessary to increase the member’s accrued benefit to include the portion of the member’s qualified military service covered by the missed member contributions.

Sec. 22-36. Accumulation of credited service.

Sec. 22-36(a). Credited service generally. A member will receive credited service for purposes of determining the benefits to which the member or the member’s beneficiary(ies) will be entitled. Credited service is the total of the member’s accrued service and

Sec. 22-34(g). Non-forfeiture and refund of contributions. It is the right of each member to request a refund of the member’s accumulated contributions, plus interest, upon separation from city service and the right of each beneficiary to be paid the member’s accumulated contributions, plus interest, upon the member’s death before retirement or unused contributions, plus interest, upon the member’s death after retirement, whichever is applicable. Sec. 22-35. City contributions.

Sec. 22-35(a). Contribution by the city. At the end of each payroll period, the finance director shall cause the city to contribute to the trust fund an amount equal to the employer contribution for the particular payroll period, plus any and all member contributions picked up by the city in accordance with section 22-34(d) and section 22-36(g)(2).

Sec. 22-35(b). Certification of rates and charges. The board shall certify to the city manager, on a fiscal year basis, the annual required contribution, the member contribution rate and the employer contribution for the system.

Sec. 22-35(c). City’s funding requirement for system. The city council shall appropriate no less than one hundred (100) percent of the employer contribution for a particular fiscal year.

Sec. 22-35(d). Determination and deposit of employer contributions. (Ord. No. 10657, § 2, 4-28-09, eff. 7-1-09)

Sec. 22-36. Accumulation of credited service.

Sec. 22-36(a). Credited service generally. A member will receive credited service for purposes of determining the benefits to which the member or the member’s beneficiary(ies) will be entitled. Credited service is the total of the member’s accrued service and
additional service. Accrued service shall be used to determine whether a member is vested, as well as to determine the member’s accrued benefit. Additional service shall be considered for benefit accrual purposes only.

Sec. 22-36(b). Accrued service for city employment.

(1) Employment periods. A member shall earn 1/2080 of one (1) year of accrued service credit for each hour of regular time compensation, including authorized periods of absence for which the member receives compensation. A member who is compensated for two thousand eighty (2,080) or more hours of regular time during twelve (12) consecutive calendar months shall receive one (1) year of accrued service. A member who is compensated on less than a full-time basis shall receive credit for a proportionate part of a full year of accrued service.

(2) Periods of leave. All service and periods of leave with pay, accrued and unused vacation and sick leave at the date of retirement, workers compensation and qualified military service shall be used in calculating a member’s total accrued service. Special rules regarding qualified military service are set forth in subparagraph three (3) below. Notwithstanding the foregoing, accumulated vacation earned by a member and cashed out by the city as of the member’s termination date shall be treated as accrued service only if the member makes member contributions on the value of the leave that is cashed out by the city as set forth in section 22-34(f).

(3) Military leave during active employment. An active city employee who leaves employment to complete qualified military service, makes a timely return to the city following an honorable discharge (as defined below), and who makes up missed member contributions in accordance with section 22-43(e) may receive accrued service for periods of qualified military service. Accrued service credited to a member who satisfies the conditions of this section and section 22-43(e) shall not exceed sixty (60) months of accrued service for qualified military service, plus accrued service for reasonable periods of absence from employment which are necessitated by the qualified military service, except as provided by applicable federal law. The member’s return to city service shall be deemed to be timely if the member is re-employed or requests re-employment in accordance with the following time frames: (A) The first full regularly scheduled work period on the first full calendar day following completion of the qualified military service for periods of qualified military service of less than thirty-one (31) days, (B) Not later than fourteen (14) days after completing qualified military service for periods of qualified military service of at least thirty (30) days and not more than one hundred eighty (180) days, or (C) Not later than ninety (90) days after completing qualified military service for periods of qualified military service of more than one hundred eighty (180) days. If the member is hospitalized for, or convalescing from, an illness or injury incurred in, or aggravated during, the performance of qualified military service, the member’s return to city service shall be deemed to be timely if the member returns as of the earlier of the end of the period of recovery or the date which is two (2) years after the completion of qualified military service.

(4) Furlough. An active city employee who is subject to a city mandated furlough during the period beginning on July 1, 2009, and ending on June 30, 2010, shall be credited with accrued service for the furlough period(s), up to a maximum of seventy-two (72) hours of accrued service credit. This shall include reductions in pay which correlate with furlough hours.

Sec. 22-36(c). Transfers from other Arizona Systems.

(1) ASRS. A contributing member who has service credits in the Arizona State Retirement System may have such retirement service credits transferred to the system in
accordance with Arizona Revised Statute Sections 38-730, as amended. In no event shall any transfer of service credit processed in accordance with this section create a significant detriment to the funded status of the system. Any service credit transferred pursuant to this section shall be accrued service hereunder.

(2) Other systems. A contributing member who has service credits in a public retirement system maintained by the State of Arizona (other than ASRS) or any municipality of the State of Arizona may have such retirement service credits transferred to the system in accordance with Arizona Revised Statute Sections 38-923 and 38-924, as amended. In no event shall any transfer of service credit processed in accordance with this section cause the system to incur any unfunded accrued liabilities as a result of the transfer. Any service credit transferred pursuant to this section shall be additional service hereunder.

Sec. 22-36(d). Additional service – Unpaid authorized leave from city employment. A member who has not requested a refund from the system in accordance with section 22-41 may purchase up to one (1) year of additional service for any period of unpaid authorized leave from city employment (excluding furloughs). To purchase such additional service, a member shall pay to the system the contribution cost associated with the leave period, determined based on the compensation imputed in accordance with section 22-43(c) and the member and employer contribution rates in effect during the leave period. Any election to purchase additional service pursuant to this section must be completed within six (6) months of the termination of the leave period. A member may pay the costs associated with a purchase of additional service under this section by any method described in section 22-36(g) below.

Sec. 22-36(e). Additional service – Prior government or military service. Subject to the provisions of section 22-36(g), a contributing member may elect to purchase additional service in the system for periods of prior government or military service. Additional service will be used for benefit accrued purposes only, and will not be considered in the determination of whether a member is vested. Any member wishing to purchase additional service shall furnish all documentation required by the system administrator, in its discretion, to substantiate the prior service at the time of making an application to purchase the additional service. This provision shall govern the repurchase of prior city service credit forfeited upon receipt of a refund pursuant to section 22-41, subject to the special redeposit rules of section 22-36(h). It is the stated and declared purpose of this section to allow for the purchase of all prior government or military service for which a member is not entitled to receive, presently or in the future, a benefit from another retirement system. To this end, the provisions of this section shall be liberally construed.

Sec. 22-36(f). Additional service – Non-qualified permissive service credit. Subject to the provisions of section 22-36(g), any vested member who is actively contributing to the system may purchase additional service for non-qualified service in accordance with Code Section 415(n)(3). Effective January 1, 2011, the purchase of non-qualified permissive service shall be limited to a total of five (5) years, regardless of the member’s payment method and notwithstanding the special rules set for in Code Section 415(n) regarding direct rollovers and transfers from Code Section 403(b) and 457 plans.

Sec. 22-36(g). Purchase terms for additional service. The cost and method of purchasing any additional service in accordance with section 22-36(e) or section 22-36(f) above shall be determined pursuant to this section.

(1) Cost to purchase. Purchases of additional service are designed and administered in a manner intended to prevent the system from incurring any unfunded accrued liability as a result of the purchase. The cost for each year of additional service purchased shall equal a percentage of the member’s highest annual salary, as determined in accordance with a purchase of service credit table designed by the system’s actuary and approved by the board. An administrative fee as determined by the board shall be imposed for the processing of purchase of service requests. The date of purchase shall be the day the member delivers to the system administrator an executed irrevocable purchase of service agreement.
§ 22-36 TUCSON CODE

(2) **Payment for time purchased.** A member may fund the purchase of additional service with one or a combination of the following payment methods: (A) payment of after-tax cash lump sum; (B) tax-deferred rollover contribution from a tax-qualified retirement plan or individual retirement account(s) as authorized by the Code; (C) after-tax payroll deduction agreement; or (D) irrevocable pre-tax payroll deduction agreement designed to comply with the employer pick-up arrangement requirements of Code Section 414(h).

Sec. 22-36(h). Reentry into service. A former member who reenters service shall become a member of the system in accordance with section 22-33(a). If the member’s accumulated contributions account has not been refunded in accordance with section 22-41, credited service shall be given for all prior accrued and additional service. A former member who reenters service within twenty-four (24) months and who received a refund of his accumulated contributions account pursuant to section 22-41 shall, upon redeposit of the amount withdrawn plus applicable interest, as determined by the system administrator, be credited with all prior credited service. Any redeposit made in accordance with this provision must be completed within six (6) months of the former member’s reentry into service.

(Ord. No. 10657, § 2, 4-28-09; Ord. No. 10696, § 2, 8-5-09, eff. 7-1-09; Ord. No. 10775, § 1, 4-6-10)

Sec. 22-37. Retirements.

Sec. 22-37(a). Retirements generally. There are three (3) types of service retirements available under the system:

(1) **Normal retirement.** Members are eligible for normal retirement upon reaching the rule of eighty (80) or upon the attainment of age sixty-two (62). The rule of eighty (80) is defined as the sum of the member’s age and years of credited service equaling at least eighty (80). Notwithstanding the foregoing and effective with regard to members hired by the city on or after July 1, 2009, members also must complete at least five (5) years of accrued service before reaching normal retirement eligibility.

(2) **Early retirement.** Members are eligible for early retirement after completing twenty (20) years of credited service and attaining age fifty-five (55). Notwithstanding the foregoing and effective with regard to members hired by the city on or after July 1, 2009, members also must complete at least five (5) years of accrued service before reaching early retirement eligibility.

(3) **Deferred retirement.** Vested members who experience a termination date before reaching normal or early retirement eligibility are eligible for deferred retirement and the member’s accrued benefit is paid when the member later becomes eligible for normal or early retirement.

Sec. 22-37(b). Early retirement. The early retirement pension shall be calculated in the same manner as the normal retirement benefit and shall be reduced in accordance with this paragraph to reflect the earlier and longer benefit payment period. The early retirement reduction shall equal one-half (1/2) of one (1) percent for each month prior to the date the member would have attained the rule of eighty (80).

Sec. 22-37(c). Deferred retirement. As of a termination date, a vested member shall be deemed to have elected a deferred retirement calculated in the same manner as the Normal retirement benefit or the early retirement benefit and payable upon the member’s satisfaction of the conditions for normal or early retirement. A member who is in deferred retirement status and who has not reentered city service may request a refund of his accumulated contributions account any time before the payment of retirement benefits commence.

Sec. 22-37(d). Payment of benefits; deferred commencement. Retirement benefits are paid monthly, in arrears. A member may elect to defer the date payments begin as permitted by law provided, however, that no actuarial adjustment or retroactive adjustment shall be made to the retirement benefit as a result of the delayed commencement.
Sec. 22-37(e). Retirement application; withdrawal of retirement application. A member may submit an application for retirement benefits within ninety (90) days of the member’s proposed termination date or, if applicable, the member’s proposed end of service participation date, subject to the system administrator’s discretion to make nondiscriminatory timing exceptions as necessary. Except as required by law, no retirement benefits shall commence under the system until a member files a retirement application with the system administrator and the retirement application is ratified by the board. The board’s ratification of any retirement benefit application may be based on a reasonable estimate of the member’s retirement benefit, as prepared by the system administrator. In the event that a member’s actual retirement benefit varies significantly from an estimate presented to the board for ratification, the system administrator shall present the actual retirement benefit calculation to the board for its reconsideration as soon as administratively feasible. Any application for an early, normal, deferred or disability retirement may be withdrawn at any time prior to ratification by the board.

Sec. 22-37(f). Post retirement benefit payments. The board shall determine, pursuant to its formal policy and in its discretion, whether the system shall fund an annual supplemental post retirement benefit payment to retired members and beneficiaries. The board’s formal policy shall include the methods and procedures to be followed by the board in making its annual determination. The policy shall include the requirements that allocations to a post retirement benefits reserve shall not occur in years where any of the following conditions occur: the actuarial target funded ratio for that year is not achieved, there are no excess returns (based on the rolling average), or the allocation to a post retirement benefits reserve would directly cause an increase in the annual required contribution for that year.

Sec. 22-37(g) Suspension of pension benefits upon reemployment. Retirement benefits payable to a retired member shall be suspended during the retired member’s period of reemployment with the city unless (1) the retired member has terminated employment at least twelve (12) months before returning to work, and (2) the retired member is engaged to work in a non-permanent employment classification. In no event shall any re-employed retired member acquire credited service or credited compensation or contribute to the system.

Sec. 22-38. End of service program.

Sec. 22-38(a). Purpose. The end of service program allows retirement eligible members to earn lump sum benefits in addition to the members’ retirement benefit, in exchange for a waiver of up to twelve (12) months of additional benefit accruals under the system. The end of service program is entirely voluntary.

Sec. 22-38(b). Eligibility for end of service program. Any member eligible for normal retirement may elect to participate in the end of service program by entering into a participation agreement in accordance with section 22-38(c) and accepting the terms and conditions of the end of service program. Participation in the end of service program shall remain open only until December 31, 2010, and no members shall be permitted to enroll in the end of service program after that date.

Sec. 22-38(c). Irrevocable agreement to participate. A member’s agreement to participate in the end of service program is (1) a voluntary agreement to forego benefit accruals under the retirement provisions of the system, (2) a voluntary election to terminate from employment with the city before or upon completion of the end of service program participation period and (3) a retirement application for purposes of section 22-37(e). The member’s participation election shall be evidenced by the member’s execution of the board’s end of service program agreement and shall include the member’s proposed effective date of participation. The member’s effective date of participation in the end of service program shall be the later of the first day of the month following the board’s ratification of the member’s end of service participation agreement or the participation date selected by the member and approved by the system administrator. The system administrator may, in its discretion, adopt reasonable and uniform procedures governing the deadlines for submission of end of service participation agreements and the acceleration of end of service participation dates. A member’s agreement to participate in the end of service program shall be irrevocable upon ratification by the board.
Sec. 22-38(d). Cessation of benefit accrual. On the date the member begins to participate in the end of service program, mandatory member contributions to the system cease and all benefit accruals under the system terminate. A member’s final average monthly compensation and credited service are determined as of the member’s end of service participation date and shall not increase or decrease thereafter. The member also is not entitled to receive any retirement benefit increases implemented during the end of service participation period.

Sec. 22-38(e). Accumulation of end of service benefits. End of service program benefits will be credited to an end of service program account established under the system and shall be paid to the member following the member’s termination date at the same time and in the same manner as otherwise prescribed in this article. A member’s end of service program participation account shall be credited with the following:

1. An amount, credited monthly, that is computed in the same manner as a normal retirement benefit using the member’s credited service, average final monthly compensation and retirement benefit payment elections as of the member’s effective date of end of service program participation.

2. An amount, credited monthly, that represents assumed earnings at a rate determined by the board, annually at the beginning of the plan year. As of the effective date of the end of service program, the earnings rate credited pursuant to this section is the ninety-day treasury bill rate.

Sec. 22-38(f). Termination of end of service program participation. Participation in the end of service program terminates on the first occurrence of either of the following: (1) twelve (12) months from the date of entry; or (2) the member’s termination date. If a member’s participation in the end of service program is terminated as a result of the city’s just cause termination of the member’s employment and such just cause is later reversed, a member’s participation in the end of service program, minus any benefits previously distributed pursuant to this article, shall be reinstated for the duration of the original end of service program participation period designated by the member on the appropriate end of service program participation form.

Upon termination of the member’s end of service program participation, the retirement benefit payable to any member who fails to terminate in connection with the end of service program shall commence in accordance with the retirement provisions of this article. Notwithstanding the foregoing, if a member fails to terminate from employment with the city at the end of the member’s end of service program participation period, the member shall forfeit all rights to any end of service benefits and assumed earnings and shall not accrue any additional credited service during the end of service participation period.

Sec. 22-38(g) Payment of end of service program benefits. Following termination of the member’s participation, a member is entitled to receive a lump sum distribution of all amounts credited to the member’s end of service program participation account. The end of service program distribution shall be processed in accordance with section 22-43(g). The member also shall commence receipt of retirement benefits, calculated and paid in accordance with the retirement provisions of the system. If a member dies during the end of service program participation period, all amounts in the member’s end of service program participation account shall be paid to the member’s beneficiary. If the beneficiary(ies) predecease the member, all distributions pursuant to the end of service program shall be paid to the member’s spouse, if the member was married at death, or to the legal representative of the member’s estate, if the member is not married at death.

(Ord. No. 10657, § 2, 4-28-09, eff. 7-1-09)

Sec. 22-39. Disability retirement.

Sec. 22-39(a). Qualification. If a member is not yet eligible for normal retirement, the member may apply for disability retirement benefits if the member has ten (10) or more years of accrued service and the member is determined, in accordance with applicable rules, to have a total and permanent disability.

Sec. 22-39(b). Application process. An application for disability retirement benefits may be filed by the member in accordance with the policies and procedures of the system administrator. The board’s physician shall examine the member and certify in a written report to the board whether the member suffers from a total and permanent disability. The report shall also state when the member should be reexamined. If the board determines that the member should receive
disability retirement benefits, the board shall determine the date on which the disability retirement benefit shall commence. Disability retirement benefits shall not be paid for periods the member elects to receive sick and vacation leave pay.

Sec. 22-39(c). Disability benefit. Disability retirement benefits are calculated in the same manner as normal retirement benefits, with no reduction for early commencement.

Sec. 22-39(d). Termination of disability benefit. A disability retirement benefit shall be terminated by the board upon a determination that the member no longer suffers from a total and permanent disability or upon the member’s reemployment with the city. If the member reenters city service, any credited service included in the calculation of the disability retirement benefit shall be restored to the member’s credit; but the member’s accrued benefit shall be subject to an actuarial reduction at the time of retirement based on the number of months that the member received disability retirement benefits. The excess, if any, of the member’s accumulated contributions as of the date of total and permanent disability over the aggregate of the disability retirement benefits received by the member shall be credited to the member’s accumulated contributions account.

Sec. 22-39(e). Requirements to maintain disability benefit. The member shall provide to the system administrator no later than May 31 of each calendar year all information requested by the system administrator regarding the member’s earned income (wages and self-employment income) for the previous calendar year. The board may suspend disability retirement benefits if the member fails to provide any of the required information. Following the retirement of a member, the board may require the member to undergo a medical examination by a licensed physician. Should the member refuse, the disability retirement benefit shall be discontinued until such time as the member submits to the required examination. Should the refusal continue for one (1) year, all rights to any further disability retirement benefits shall cease. Upon the member’s attainment of the age required for a normal retirement benefit, no further medical exams or information relating to earned income will be required.

Sec. 22-39(f). Prior requirements to maintain disability benefit. Any member who qualified for a disability retirement prior to July 1, 2009, is subject to the benefit limitations and disability verification requirements of this subsection, as well as the nondiscriminatory policies and procedures of the system administrator.

(1) Disability verification requirements. Not later than May 31 of each calendar year, the member shall provide to the system administrator all information requested by the system administrator regarding the member’s earned income (wages and self-employment income) for the previous calendar year. The board may suspend disability retirement benefits if the member fails to provide any of the required information. Following the disability retirement of a member, the board may require the member to undergo a medical examination by a licensed physician. Should the member refuse, the disability retirement benefit shall be discontinued until such time as the member submits to the required examination. Should the refusal continue for one (1) year, all rights to any further disability retirement benefits shall cease. Upon the member’s attainment of the age required for receipt of a normal retirement benefit, no further medical exams or information relating to earned income will be required.

(2) Disability benefit adjustments.

(A) Earned income based adjustment. Based on the verification procedures described above, the disability retirement benefit may be subject to annual adjustment in accordance with this section. If the member’s earned income for the preceding calendar year exceeded fifty (50) percent of the member’s adjusted income base for that calendar year, then the member’s disability retirement benefit will be reduced during the twelve-month period commencing on the effective date of the system administrator’s adjustment (the
“adjustment period”) as follows. The monthly disability retirement benefit payable in the adjustment period will be reduced by one-twelfth (1/12) of the excess of the member’s earned income for the preceding calendar year over fifty (50) percent of the member’s adjusted income base. If the adjustment required by the preceding sentence would reduce the monthly disability retirement benefit to a negative amount, the disability retirement benefit shall be suspended for the adjustment period and any excess amount not offset by the disability retirement benefit suspension shall be taken into account in the next annual adjustment procedure. From time to time, the board also may increase or decrease the member’s disability retirement benefit to recapture overpayments or to restore any deficiencies in payments to the member which may have accrued prior to the board’s receipt of information under the disability verification procedures. When a member becomes eligible for a normal retirement benefit, no further adjustments shall be made.

(B) Earned income and/or worker’s compensation benefits. In the event a disabled member receives earned income and/or worker’s compensation benefits during the calendar year, that member’s disability retirement benefit may be adjusted so that the member’s total income received from employer provided benefits does not exceed 100% of the members’ adjusted income base. Any adjustment made shall only be up to the amount of the full disability retirement benefit paid by TSRS. For purposes of this paragraph, employer provided benefits means social security benefits, worker’s compensation payments, TSRS pension benefits or long term disability payments.

Sec. 22-40. Death benefits.

Sec. 22-40(a). Generally.

(1) If the member dies prior to the board’s ratification of the member’s application for retirement benefits, if any, the death benefit or survivor annuity payable as the result of the member’s death shall be determined in accordance with this section. If the member dies after the board has ratified the member’s application for retirement benefits, including an end of service participation agreement, any survivor benefits payable as a result of the death of the member shall be determined in accordance with the member’s retirement benefit payment election. Notwithstanding any other provision herein to the contrary, a member who satisfied the conditions for normal or early retirement and filed the appropriate paperwork with the system administrator to pre-select retirement benefits prior to July 1, 2009, shall be treated as a member whose application for retirement benefits has been ratified by the board for purposes of this paragraph.

(2) If a member dies while performing qualified military service on or after January 1, 2007, the member shall be treated as if he returned to employment with the city on the day before the date of death.

Sec. 22-40(b). Spouse as beneficiary. If the spouse is the member’s beneficiary and the spouse dies before the death benefit is paid, the available death benefit shall be paid to the beneficiary of the spouse, and if none, then to the legal representative of the spouse’s estate.

Sec. 22-40(c). Death before vested interest. Should a member with less than five (5) years of accrued service die, the member’s accumulated contributions account balance, determined as of the member’s date of death, shall be paid in a lump sum to the member’s beneficiary. If the beneficiary(ies) predeceases the member, the member’s accumulated contributions account balance shall be paid to the member’s spouse, if the

Sec. 22-94(b). Payment shall require a request by the employee prior to June 1 preceding the fiscal year of payment. Any of the remaining annual sick leave hours for which payment is not requested remain subject to the sick leave transfer provisions of city administrative directive 2.01-7.

Sec. 22-94(c). Conditions for annual sick leave payment to police department commissioned personnel are subject to retroactive and/or prospective alteration, amendment, or repeal at any time.

Sec. 22-94(d). Employees with fifteen (15) or more years of service in the pay period in which July 1 of the year of their request for sick leave payment falls, who have four hundred eighty (480) hours of sick leave on the first day of the pay period in which April 1 falls, shall, on request, be paid for the unused portion of the first fifty-six (56) hours of their annual sick leave, plus an additional forty-eight (48) hours of their accrued sick leave, or any part of those combined hours as set forth in the employee’s request, not to exceed a maximum total of one hundred four (104) hours per year, in approximately equal installments commencing in the pay period in which July 1 falls through the end of that fiscal year.

Sec. 22-94(e). Employees with seventeen (17) or more years of service in the pay period in which July 1 of the year of their request for sick leave payment falls, who have five hundred forty-four (544) hours of sick leave on the first day of the pay period in which April 1 falls, shall, on request, be paid for the unused portion of the first fifty-six (56) hours of their annual sick leave, plus an additional one hundred (100) hours of their accrued sick leave, or any part of those combined hours as set forth in the employee’s request, not to exceed a maximum total of hundred fifty-six (156) hours per year, in approximately equal installments commencing in the pay period in which July 1 falls through the end of that fiscal year.

Sec. 22-94(f).
