5. FY2015 Year End Review

Alicia Roberson, ES Finance Manager, presented a summary of the department's Fiscal Year 2015 budget, projections, and actual expenditures. She highlighted that savings were realized in the following categories: salaries and wages, travel and training, professional services, and miscellaneous services. She also indicated the department would be closely monitoring its fleet services expenses in Fiscal Year 2016 to use in planning for the Fiscal Year 2017 budget.

Committee members requested further discussion on debt service repayment and Ms. Roberson offered to review the working capital report with the subcommittee at a future meeting. Fran LaSala, ES Environmental Manager, also responded to questions regarding Household Hazardous Waste Audits and he was encouraged by committee members to review options to partner with other groups.

6. Financial Impact of Zero Waste

Fran LaSala, ES Environmental Manager, indicated the financial impact of Zero Waste could not be provided until an official definition of Zero Waste was agreed upon. He indicated this would most likely require an agreement by the larger community on the definition of Zero Waste. He reminded Committee members not to confuse Waste Diversion with Zero Waste, as Waste Diversion would most likely be a component of the Zero Waste concept.

Committee members requested additional information from Mr. LaSala regarding how other jurisdictions have approached the Zero Waste concept. Committee members and Mr. LaSala indicated the full ESAC or ESAC Waste Diversion, Collections and Education Subcommittee would be the best place for the Zero Waste discussion to begin.
