

Pima County / Tucson Women's Commission Annual Report January 2019 - December 2019

The mission of the PCTWC is to assist women to achieve equality of opportunity in all aspects of and to take positive action to expose, eliminate, and prevent the practice of discrimination against women. That was more fully accomplished through the growth of service of our Commissioners. Last year our commission membership grew to 17 strong committed members. Due to the commitment of the commission members, the commission was able to do more outreach in the community, offer educational workshops and re-establish partnerships with local non-profits.

Being a non-profit and commission that is solely run by working professional volunteers can be a challenge at times. Yet the commitment to better our community made it worth the while and with that we saw an emergence of leadership upon our members.

In July of 2018, the commission met and each commissioner shared the goals they wanted to see the commission accomplish in the coming year. Four main areas of focus emerged, Health & Wellness, Economic & Financial Education, Community Outreach, and Visibility & Rebranding. In addition to these focus areas, the commission continued to work on already established committees, such as the Women's Equality Day Committee. Commissioners gladly joined subcommittee's they felt connected to and wanted to work on.

2019 was an eventful year for PCTWC and some of the highlights include:

- New and returning Commissioners
- Building is being prepared and appropriate steps were taken to preserve it
- Committee Happenings, Workshops, and community events

This year's annual report will end with the *Financial Report* and a listing of Commissioners who served in 2019.

New and Returning Commissioners:

- In 2019, the Commission re-nominated members to the Executive Committee and nominated a new Vice Chair.
 - MaryAnn Phininzy - Chair
 - Allison Dumka- Vice Chair (*New*)
 - Alma M. Hernandez- Secretary

The new leadership is excited to be a part of the commission and help expand upon its work.

Historic Building:

The building has continued to undergo repairs and structural updates to allow it to continue being a community gathering place for women and girls from all over Pima County and the City of Tucson. Updates will continue in FY20 and FY21 with foundation and adobe wall repairs.

Events from the Past Year

- ***Women's Equality Day Committee***
 - The annual *Women's Equality Day* celebration took place on August 24, 2019 at the YWCA. Those in attendance were given the opportunity to learn about the sponsoring organizations and network. Attendees also had the opportunity to purchase fundraising posters by local artist Valerie Galloway to benefit the YWCA's advocacy programs.

PCTWC is a key sponsor and co-founder of this annual celebration and hosted it in conjunction with the YWCA, Tucson NOW, AAUW, WOSAC, Gender & Women's Studies of the University of Arizona, and the League of Women Voters at Sangria Saturday Salon.

● **Women’s Health and Wellness Committee**

- PCTWC’s *Women’s Health and Wellness Committee* sponsored the September 2019 *Breast Cancer Awareness Walk*, an annual event that seeks to increase community awareness and conversation around breast cancer and the impact it has on women and their families.
- The committee tabled at *Take Back the Night*, an event whose mission is to bring an end sexual, relationship, and domestic violence on April 10, 2019.
- The committee also tabled at *Go Red Tucson for Heart Disease*, an event that focuses on fighting heart disease, stroke, and strives to save and improve lives.

● **Economic & Financial Education Committee**

- PCTWC’s *Economic & Financial Education Committee* hosted *Lifelong Essentials for Women*, a free workshop that took place on June 1, 2019 at the commission’s downtown office. The workshop addressed the unique financial challenges and barriers women face as heads of households, daughters, wives, mothers, and caregivers.

The commission brought in Financial Advisor, Patty Carnovale of Ameriprise Financial, who offered more than 30 years of hands-on experience in the financial world helping women of any age tackle issues relating to the income gap, longer lifespans, and other lifestyle changes that place more stress on women's often fragile financial health.

● **Visibility and Rebranding Committee**

- The *Visibility and Rebranding Committee* hosted a *Community Conversation* at the Community Foundation Campus. Representatives from 25 diverse organizations attended the roundtable discussion, and worked in small groups to share key initiatives their organizations were working on and speak of the obstacles they faced in addressing the needs in the community. New ways to partner and have a collective impact in the community were at the core of the roundtable’s objectives.

- PCTWC sponsored the *Women’s Foundation of Southern Arizona 2019 Annual Luncheon*. This helped solidify the commission’s partnership with another important community organization working on women’s issue.

The Visibility and Rebranding Committee also created a paid internship position for the sole purpose of updating the “*Domestic Abuse, Assault, and Violence A Survivor’s Guide*.” The final revised version is nearing completion and will be in circulation in 2020.
