- **Hope VI or Choice Neighborhoods** – the PHA was awarded the Implementation grant for Tucson House and is currently working on the transformation. The PHA has continued to investigate the options for making the needed improvements to Tucson House, and is considering a resubmission of a grant application under the Choice Neighborhoods program and the possibility of a RAD conversion. The intent is to plan for the transformation of to address the aged building systems including HVAC, domestic water distribution, fire suppression, electrical and other special building components. The PHA will also include energy conservation and finishes. Should the PHA need to demolish or dispose of any Public Housing property after selecting a co-developer partner and developing a rehabilitation or redevelopment plan the PHA will undergo a Significant Amendment to the PHA plan to specifically identify the property.
- **Mixed Finance Modernization or Development** - The Agency will continue to request approved vacancies for modernization purposes. A current need to convert public housing units for ADA accessibility will generate these requests along with any other capital needs that may arise
- **Units with Approved Vacancies for Modernization** – as needed the Agency will continue to request approved vacancies for modernization purposes.
- **Occupancy by Over-Income Families** – the PHA will follow the Federal Register dated 07/26/2018 related to income over 120% of the AMI.

The PHA was awarded the grant for El Portal/Posadas 60 Public Housing units
- **Other Agency Activities:**
  - With the conversion to Emphasis Elite the PHA will move to an online applicant portal; streamline recertification process online as well as allowing referring agencies to provide information electronically through the portal for persons they represent

For new demolition activities, describe any public housing development or portion thereof, owned by the PHA for which the PHA has applied or will apply for demolition and/or disposition approval under section 18 of the 1937 Act under the separate demolition/disposition approval process. If using Project-Based Vouchers (PBVs), provide the projected number of project based units and general locations, and describe how project basing would be consistent with the PHA Plan.

- **Project-Based Vouchers** – the PHA continues to expand housing opportunities with additional Project-Based voucher; the agency has been approved for 360 and would like to add an additional 140 for the Tucson (AZ004) and 50 for Pima County (AZ033).
