

MAJOR STREETS TO BE RESURFACED WITH BOND FUNDS

This map represents the proposed plan for the resurfacing of major streets based on current costs and conditions. If unanticipated circumstances necessitate a change in the list of roads to be resurfaced, it will require a majority vote of the Mayor and Council following a public hearing and recommendation by the Bond Oversight Commission. Unanticipated circumstances may include such things as changes in the price of paving materials or changes in road conditions due to severe weather events.

CITY OF TUCSON CITIZEN PARTICIPATION PLAN

Purpose

This document has been prepared concerning the citizen participation regulations applicable under Consolidated Plan submittal requirements noted under 24CFR 91.105. This citizen participation plan applies to the City of Tucson and Pima County which have submitted a Consolidated Plan covering FY 2010-2014 and to the Annual Plans which are submitted annually.

Provisions of the Citizen Participation Plan

HUD regulations noted in 24CFR 91.105 require the preparation of a Consolidated Plan for the City of Tucson and Pima County HOME Consortium, hereinafter referred to as the Consortium. The Consolidated Plan is a document that will be prepared in draft form by May of a given year and which includes needs, priorities, and long and short-term strategies concerning affordable housing, homeless/special needs, priorities and community development issues in the region. This Consolidated Plan also serves as a long and short-term investment guide for federal Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG), HOME and Housing Opportunities for Persons with AIDS (HOPWA) resources in the region from FY 2010-2014.

Public Outreach Process

The City shall consult with the Metropolitan Housing Commission, the Pima County Housing Commission, the Housing Rehabilitation Collaborative, and the Tucson Planning Council for the Homeless for input on the Consolidated Plan and Annual Plans. As needed and applicable, the Consortium will also consult with low-income residents of targeted revitalization areas in which federal projects are anticipated. These Plans will be made available to local housing authorities on a continuing basis for the purpose of making it available for and public hearings to be held under HUD Capital Grant Program or Public Housing Agency Plan established pursuant to 24CFR Part 903.

The Consortium shall hold at least two public hearings concerning the Consolidated Plan or the Annual Plan. The first meeting shall be held during Plan formulation and preparation, while the second shall be held once the draft Plan has been completed. The second public hearing may coincide with a Mayor and Council Public Hearing. Public meetings will include:

1. The amount of HUD funds anticipated to be made available on a fiscal year basis, and the eligible range of activities that may be undertaken concerning such federal programs.
2. The full range of HUD activities that may be undertaken with the funding being discussed.
3. The amount of resources that will be directed to low- and moderate-income households and
4. The uses of funds in the prior year.

CITY OF TUCSON CITIZEN PARTICIPATION PLAN

On or before May 1 of any given year, the Consortium will make available their draft Consolidated Plan or draft Annual Plan and the previous year's Comprehensive Annual Performance Evaluation Report (CAPER) on the City and County websites for a 15 day public comment period. The public shall be noticed of this fact in the local newspaper and on the City of Tucson's website and will be apprised of the location where citizens may review copies of draft plans, and where they may submit their comments. The Consortium will provide citizens, public agencies and other interested parties with reasonable and timely access to public records relating to their past use of HUD funds and related assistance for the previous five years.

Public Hearings to be conducted by the Consortium shall be held at time determined by them with consideration made for public convenience and accessibility. All public hearings shall be noticed in the local newspaper with a minimum one-week lead time. Where applicable, a bilingual Spanish/English staff person shall be present at public hearings to meet the needs of Spanish speaking residents where a significant number of non-English speaking residents can be reasonably expected to participate. Specific determinations on accommodations for persons with disabilities will be made by Consortium staff on a case by case basis.

Any citizen, organization or group desiring to make a comment or complaint may do so in writing or verbally during the public hearings, by e-mail or fax to the City and/or County. Citizens also have the right to submit comments or complaints directly to the Department of Housing and Urban Development. The Consortium shall respond to comments, complaints, and grievances in writing within 15 business days. The response will include a description of any action that will be taken as a result of citizen comments.

Criteria and Process for Amendments

To make a substantial change in the allocation priorities or methods of distribution delineated in the plans is construed as needing an amendment to the Consolidated or Annual Plan:

"Substantial" in this context is defined as:

1. Changes in any method of distribution for HUD resources that will alter the manner in which funds are allocated to individual projects or entities identified in the Annual Plan by at least 20% of any annual allocation, subject to other program requirements in the CFR as applicable.
2. Changes that are made to funding priorities in the Consolidated Plan (including prospective changes to McKinney programs and distribution methods) over time when not undertaken through annual submission requirements stipulated by HUD.
3. Project deletions or changes made in allocation priorities or methods of distribution that have the effect of changing the funding level of individual CDBG projects identified in its Annual Plan by more than 10% of the annual funding level, subject to other program requirements in CFR as applicable. Any new project funded with CDBG resources must be noticed to the public prior to

CITY OF TUCSON CITIZEN PARTICIPATION PLAN

funding, as well as significant changes in the use of CDBG funds from one eligible activity to another.

4. To carry out an activity, using funds from any program covered by the Consolidated Plan (including program income), not previously described in the action plan.
5. To substantially change the purpose, scope, location, or beneficiaries of an activity. This refers to changes that are made to projects to be funded in the Consolidated Plan when not undertaken through annual submission requirements stipulated by HUD.

Should "substantial" amendments be made to any aspect of the Consolidated Plan or Annual Plan after its formal adoption, the City will undertake the following:

1. Provide reasonable notice of the proposed amendment/s in the local newspaper to enable review and comment by the public for at least 15 days.
2. Conduct a public hearing on the subject of the proposed amendment during the 15-day comment period.
3. Submit the amendment/s to the City Council for approval.
4. Upon termination of the 15-day comment period, notify HUD of any amendments executed, citizen comments received and the response/s by the City as detailed in the Public Process procedure, above.

City of Tucson Anti-Displacement Plan

The City will minimize the displacement of persons assisted through the use of CDBG, HOME ESG, or HOPWA resources. Public Hearings will specifically discuss activities likely to result in displacement and the methods being used by the City to minimize displacement of persons because of these activities.
