Dear Neighbors,

THREE IMPORTANT POINTS

Another year has passed and we have once again arrived at our neighborhood's Annual Meeting. Thank you for the wonderful turn-out last October for our fall event. About 40 people were there and it showed the commitment that we share to keeping our neighborhood safe and friendly.

I have three important topics to share.

Point One: City of Tucson Ward boundaries have been redrawn and Vista del Monte is now part of two different Wards:

- South of Monte Vista Dr. is in Ward 6 with Councilman Steve Kozachik -
- North of Monte Vista Dr. is in Ward 3 with Councilwoman Karen Ulich -
- We are no longer part of Ward 2. Please come to the meeting to talk with our new Ward reps.

Point Two: I would like to encourage you to consider running to be on the neighborhood Board. This meeting is our annual election meeting. It is very important that our neighborhood have representation. It is a way to have a voice in our future. Let that voice be yours.

Board positions are not difficult, and can be very rewarding. The Neighborhood has a good system to step into: a traditional calendar of events, a standard format for a mailer (easy to keep or change), a fantastic system of street reps to help get the word out now and then, and, friendly people in the neighborhood. New perspectives and diversity are a good thing. We have had a reliable, stable board, and it will continue this way, but it is time for new faces as well. Please call if you would like more information about any positions.

Point Three: The City of Tucson is reinstalling the perimeter lighting in McCormick Park which had its wiring stolen. They have found a new system which should insure that the wiring will not disappear. One question that the City would like to discuss with us is the hours of operation of this lighting. Please come to the meeting to hear the options and offer your opinion.

Hope to see you at the Lighthouse Y on May 30th !

From **Katy, Ed, Steve and Amber**
Your friendly neighborhood Board members
