

ADMINISTRATIVE DIRECTIVE

RETIREE HEALTH BENEFIT CONTINUATION PROGRAM	NUMBER 3.04-6	PAGE 1 of 9
	EFFECTIVE DATE January 1, 2016	

I. PURPOSE

The purpose of this administrative directive is to set forth the City of Tucson sponsored group medical, dental and vision plan options available to employees upon retirement.

II. POLICY

The City offers continued health benefits to its retirees and eligible dependents in accordance with benefit policies in effect on the date of retirement. A retiree has the option to continue coverage in City sponsored medical, dental and/or vision insurance plans as long as the retiree is enrolled in the plan(s) on the day of retirement. The City reserves the right to amend or modify plan designs, coverage, premiums and eligibility for all employee and retiree benefits. It should not be construed as giving to any retiree or dependent any vested rights that cannot be modified by subsequent revision of benefits.

Retiree health subsidies will be applied only to City of Tucson group insurance plans. The subsidy cannot be applied to any plan or benefit that is not sponsored by the City of Tucson.

III. DEFINITIONS

A. Retiree – A City of Tucson employee or elected official who has gone directly from active employment to retired status who is eligible to receive retirement benefits under the Tucson Supplemental Retirement System (TSRS), the Arizona Public Safety Personnel Retirement System (PSPRS) or the Elected Officials Retirement Plan (EORP).

B. Eligible Dependent(s) – A dependent covered under the employee’s medical, dental and/or vision insurance plan who qualifies for benefits under the definition of dependent as stated in the Employee and Retiree Insurance Handbook.

C. State Subsidy – The subsidy provided by the State of Arizona to EORP and PSPRS retirees pursuant to A.R.S. §§38-817 and 38-857.

D. Age 65 - An individual is considered to have reached age 65 the first day of the month during which they turn age 65. If the individual’s birthday is on the first day of the month, “age 65” is defined as the first day of the month PRIOR to the month during which the individual turns age 65.

IV. BENEFIT INCENTIVE FOR RETIREES WHO RETIRE BETWEEN DECEMBER 15, 2015 AND JUNE 10, 2016.

A. TSRS employees who retire between **December 15, 2015 and June 10, 2016** are eligible to receive a subsidy from the City equal to the following:

- F.** The Incentive Subsidy replaces the retiree medical insurance premium subsidy otherwise available through the City and is not paid in addition to the standard retiree medical insurance premium subsidy. Eligible employees who retire and do not elect to receive the Incentive Subsidy will remain eligible to receive the City's standard retiree medical insurance premium subsidy for the duration of time that such a subsidy is offered.
- G.** In order to participate, employees must agree to the following conditions:
- 1.** The individual must choose not to elect retiree or COBRA medical coverage through the City of Tucson, either as the primary subscriber or as the dependent of another City of Tucson employee/retiree, beginning the first day of the month following the last day worked while retiring under this program; if the individual chooses to drop City medical insurance at a date later than when first eligible for this subsidy, the individual will not be eligible to receive this subsidy.
 - 2.** The individual will not be allowed to re-join or re-enroll in the City's medical plan either as the primary subscriber or as a dependent of another City of Tucson employee/retiree at any future date, with the sole exception of item (5), below, (relating to re-employment by the City).
 - 3.** The individual will not be eligible to be covered as the dependent of another City employee or retiree under the City's medical program at any time after separating from employment between the dates of December 15, 2015 and June 10, 2016.
 - 4.** If the individual or any of the individual's qualifying dependents elect COBRA to continue medical coverage through the City's medical plan, the Incentive Subsidy will immediately terminate and can never thereafter be renewed.
 - 5.** If the individual returns to active benefits-eligible employment with the City at any time in the future, he/she may enroll in the City's medical program as an active employee; but if he or she does so:
 - a.** The Incentive Subsidy will immediately terminate, and any rights to future payments under this Agreement are forfeited; and
 - b.** The individual will not be eligible to continue medical insurance after separating from re-employment except pursuant to COBRA or any other applicable federal or state law, nor will the individual be eligible for any future retirement incentives or subsidies related to medical coverage.

the premium (no City subsidy) after the applicable PSPRS subsidy is applied. Requirements for continuous dental coverage apply.

IX. RETIREES WITH FEWER THAN 40 MEDICARE QUARTERS

This section pertains to the following commissioned PSPRS Retirees who did not pay into the Medicare system during City of Tucson employment and who therefore must pay premium for Medicare Part A at age 65 due to a lack of sufficient quarters:

- **FIRE** employees who joined City employment prior to April 1, 1986 and retired or entered the DROP Program after July 1, 2001 and before January 1, 2011; and
- **POLICE** employees who joined City employment prior to April 1, 1986 and retired or entered the DROP Program after July 1, 1999 and before January 1, 2011.

Upon reaching age 65, these Retirees may elect one of two options:

- A. Retirees may continue City group medical insurance coverage for themselves and their Eligible Dependent(s) by paying 100% of the premium (no City subsidy) after the applicable PSPRS subsidy is applied. The Benefits Office must receive written proof from the Social Security Administration that the Retiree lacks sufficient quarters for pre-paid Medicare Part A no later than thirty-one (31) days prior to the date the Retiree otherwise would have qualified for Medicare. If the Retiree's or Dependent's City medical coverage ceases for any reason, the Retiree and/or Retiree's Dependent will not be permitted to re-join the City's medical plan at a later date.
- B. Retirees may elect to enroll in Medicare, and the City will reimburse the Retiree for the Retiree's Medicare Part A premium. Contact the Benefits Office for administrative procedures and deadlines required for reimbursement. Any money reimbursed to the Retiree for Medicare Part A premium will be taxable income to the Retiree. The City will not pay Medicare premiums for any Dependent(s) of the Retiree. The City will not pay Medicare Part B or D premiums or for premiums for Medicare Advantage or Supplement plans for the Retiree or Retiree's Dependent(s). If the Retiree later earns sufficient credits/quarters for Medicare Part A, such as through employment, a spouse or an ex-spouse, the Retiree must notify the City Benefits Office within thirty (30) days of such qualification; the City will no longer pay for the cost of the Retiree's Medicare Part A premium; and if the City paid Part A premium for any months after the Retiree's qualification, the Retiree will be responsible for reimbursing the City.
1. If the Retiree chooses this option, the Retiree's Qualified Dependent(s) may continue coverage through the City's group medical insurance plan until they

no longer meet the definition of an Eligible Dependent or until they dis-enroll from the City medical program, whichever is earlier; the Retiree shall pay 100% of the associated premium with no subsidy from the City. Contact the Benefits Office for administrative procedures and deadlines.

2. Retirees must follow Benefits Office procedures for dis-enrolling a Dependent within thirty-one (31) days after the date the Dependent becomes ineligible.
3. Once an age 65+ Retiree leaves the City of Tucson medical plan, the Retiree may **not** later return to the City group medical plan.
4. Once a Dependent of an age 65+ Retiree leaves the City of Tucson medical plan, the Dependent may **not** later return to the City group medical plan.
5. Once the Retiree reaches age 65, the Retiree may not add new dependents to the City medical plan, except as required under federal and state law.

“Qualified dependent” is defined as an Eligible Dependent who is covered under a City group medical plan at the time the Retiree reaches age 65. “Eligible Dependents” are defined in Section III B of this Administrative Directive.

X. GENERAL PROVISIONS

- A. Application Process** – To be eligible for continued medical, dental and/or vision insurance coverage under the Retiree Health Benefit Continuation Program, the Benefits Office must receive a completed application with all the necessary documentation no later than thirty-one (31) days after retirement date. Failure to complete the application process will result in the loss of continued coverage.

Retirees who miss the application deadline to continue coverage upon retirement, do not have coverage at the time of retirement, or waive coverage at the time of retirement may reapply for medical, dental and/or vision insurance coverage only during each plan’s open enrollment or within thirty-one (31) days of experiencing a qualifying life event as defined in the Employee and Retiree Insurance Handbook. In order to enroll in the dental and/or vision plan, the Retiree must provide documentation of other continuous dental and/or vision insurance coverage for a period of three (3) years immediately preceding the date the City dental/vision insurance coverage will go into effect. The same continuous coverage provision and documentation requirement apply to Eligible Dependents of Retirees.

- B. Retirees Age 65 and Older** – Retirees age 65 and older at the time of normal retirement, or any time after normal retirement, are not eligible to participate in the City’s group medical insurance plans, except in accordance with federal COBRA laws and under the provisions outlined under Section VII of this Administrative Directive.

- C. Dependent Coverage** – Eligible Dependent(s), enrolled on the date of the Retiree’s retirement, may continue in the City’s group medical, dental and vision insurance plans. Under most circumstances, in order for a Dependent to remain enrolled in a City insurance plan, the Retiree must also remain enrolled. Eligible Dependents have independent enrollment rights only to the extent offered under federal COBRA law or in the situation of the Retiree’s attainment of age 65 or the Retiree’s death, per item VIII C.8, below. Eligible Dependent(s) not enrolled on the date of the Retiree’s retirement may enroll provided proper procedures are followed and required documentation is received by the Benefits Office during an annual open enrollment or within thirty-one (31) days of a qualifying life event (see Appendix A – Coverage Grid). Continuous coverage provisions apply to dental and vision.
1. The City’s payment of medical premium subsidy for a Dependent is predicated upon the Retiree remaining enrolled in the medical plan with the Dependent and upon the Retiree being under the age of 65. Once a Retiree’s coverage terminates under the medical plan, or once the Retiree is no longer under the age of 65, the City’s medical subsidy ceases for the Retiree’s Dependent(s). Additionally, for Fire retirees who qualify for dental subsidy under Section VI A, above, once the Retiree’s coverage terminates under the dental plan, or once the Retiree is no longer under the age of 65, the City’s dental subsidy ceases for the Retiree’s Dependent(s).
 2. Retirees pay 100% of the applicable premium (no City subsidy) for continuation of Dependents under the City of Tucson dental and vision plans, except as outlined in Section VI A of this Administrative Directive.
 3. Dependent(s) become ineligible for the City’s group medical plan when the dependent:
 - a. no longer meets the City’s dependent criteria;
 - b. qualifies for Medicare (due to age or disability); or
 - c. joins another group health plan.
 4. Dependent(s) become ineligible for the City’s group dental and vision plans when the dependent no longer meets the City’s dependent criteria.
 5. Retirees must follow Benefits Office procedures for dis-enrolling dependents within thirty-one (31) days of the date the dependent becomes ineligible.
 6. Dependent(s) no longer eligible for City group coverage may be eligible for COBRA benefits to the extent allowable under federal law.

- 7. Eligible Dependents of under-age 65 Retirees whose coverage has terminated may re-enroll provided proper procedures are followed and required documentation is received in the Benefits Office during annual open enrollment or within thirty-one (31) days of a qualifying life event. Continuous coverage provisions apply for dental and vision.
- 8. A Dependent covered under the City's group insurance plan(s) at the time the Retiree attains age 65 or at the time of the death of a Retiree may continue coverage by paying 100% of the premium (no City subsidy) for as long as the Dependent remains eligible. In order to remain enrolled in dental and/or vision, the Retiree must also be enrolled in the dental/vision plan, except in the event of the Retiree's death. If the Dependent's coverage under any available option terminates for any reason, the Dependent may not re-enroll at a later date.
 - a. Coverage for a surviving dependent spouse terminates upon remarriage. The surviving dependent spouse must notify the Benefits Office within thirty-one (31) days of marriage. If the surviving spouse's new marriage later ends, the surviving spouse may **not** rejoin the City's insurance plans.
 - b. Medical coverage for a non-Medicare eligible Dependent of an age 65+ Retiree terminates when the Dependent no longer meets the City's dependent criteria, qualifies for Medicare (due to age or disability), enrolls in another non-City group medical plan, or ceases to be covered under the City's group medical plan. The Dependent must notify the Benefits Office within thirty-one (31) days of these situations. Once dis-enrolled, the Dependent may not re-enroll at a later date.
