CITY OF TUCSON FLEET AMONG TOP 100 BEST FLEETS IN THE NATION

The City of Tucson's Fleet Services Division ranked 15th on the 2014 list of Top 100 Best Fleets in North America by the 100 Best Fleets Program. The award program recognizes and rewards peak performing public sector fleet operations in North America. The Fleet Services Division operates the City's motor pool by providing maintenance and repair to police cruisers, garbage trucks, and other vehicles.

The mission of the 100 Best Fleets program is to identify outstanding operations for others to emulate, provide recognition for the community the winning fleets serve, promote pride in the industry, and encourage more individuals to consider fleet operations as a career choice. The program also identifies and encourages ever-increasing levels of performance improvement with the fleet industry.

The City of Tucson fleet was acknowledged for its operational efficiency, significant savings and increased fleet availability.

"This award recognizes our continuing commitment to provide excellent customer service," said Fleet Services Administrator Tammy Smith. "This is achieved by understanding our customers' needs and enhancing our services to meet those needs."

100 Best Fleets is sponsored by author and fleet consultant Tom C. Johnson. The awards were announced at the NAFA Fleet Management Association Institute and Expo and published in Governing Magazine. Visit <http://bit.ly/1epwLRH> to view the entire list of 2014 winners.
