

Hand and Foot

Entry Regulations:

1. Men and women compete together
2. All ages compete together
3. WALK-INS WELCOME!!!

Format:

Chairperson acts as Umpire.

The game is typically played by four players in two partnerships of two players each, although it can also be played with numbers of players ranging from two to eight, individually or in partnerships.

Use one deck more than the number of players, so for a four-handed game you'd use five 52-card decks plus ten jokers (270 cards).

Each player is dealt two separate thirteen-card hands. The first is called the "hand", and the second is called the "foot". Initially, each player plays from their "hand", while leaving the "foot" face-down on the table. The "Foot" is not used until the "hand" is empty.

When drawing from the stock, draw two cards at a time.

The discard pile may only be taken by a player having a natural pair matching the upcard, or if they're able to add the upcard to an existing meld

Sports Rules:

“House rules apply”
