Tucson Parks and Recreation

FROM THE DIRECTOR

Welcome to the Tucson Parks and Recreation Activity Guide spring 2017 edition. I would like to take this opportunity to introduce myself as your new Director of Parks and Recreation. I look

forward to serving you and your family by providing quality parks and recreation programs. We offer recreation opportunities for all age groups from pre-school to older adults. By participating in recreation programs individually we improve our health and wellness, reduce stress, and increase our self-esteem.

On October 5, 2016 the Mayor and City Council approved the Tucson Parks and Recreation 5-year System Master Plan. Recommendations made in the plan include a Prioritized Action Plan categorized by four areas of focus – reinvestment, awareness, health and wellness, and partnerships. Also included in the plan's recommendations are capital improvement projects that respond to the community's call for reinvestment in existing facilities – playgrounds, ramadas, restrooms, sports fields and lighting, centers and pools, as well as for investment in expanded connectivity with the development of multi-purpose paths that connect existing parks to neighborhoods. Staff will use the approved plan to guide parks and recreation decision making over the next five years. The plan can be viewed on our website www.tucsonaz.gov/parks.

Tucson Parks and Recreation is an exciting place to be this winter and spring. So, visit us at one of our special events and sign up for one of our programs and let us help you take time for fun!

– **Joan Stauch**

Fort Lowell Adkins

COMPLETED PROJECTS

Purple Heart Park

This project included the construction of a new playground, additional walking path and parking lot.

PROJECTS UNDERWAY

Estevan Park

A new restroom is being planned for the playground area at Estevan Park

Fort Lowell Adkins

This joint City/County project includes the rehabilitation and preservation of important historic properties on the former Adkins Steel parcel (Ft. Lowell Park). Improvements include rehabilitation of the Commissary Building and construction of new protective structures that replicate the form of the fort and fort buildings placed over existing ruins and the locations where historic fort buildings once stood. This project includes the reestablishment of the historic parade ground and Cottonwood Lane.

Morris K. Udall Park – Solar Structures

Solar shade structures are being installed over parking areas at the recreation center and Carol West Senior Addition. The system will generate 458 kilowatt of power and is projected to save the city approximately \$700,000 over the 25-year life of the project.

Reid Park Zoo – Gibbon Exhibit

This project includes the modification of the existing Sun Bear exhibit to accommodate the relocation of Gibbons.

Reid Park Zoo-Health Center

This project involves the design and construction of a new health center for the Reid Park Zoo and is funded entirely by the Reid Park Zoological Society. If you would like to make a donation, go to: www.reidparkzoo.org/get-involved/donate/

Rio Vista Natural Resource Park

Social service groups and local businesses will be building a meditation garden at Rio Vista Park. The project consists of a small walking path, benches, landscaping and masonry walls. “The idea behind this, and the idea that brought all these people together, is to provide a place of quiet contemplation for people who are grieving a loss or for people who just want a quiet place to be in natural surroundings,” said Mayor Jonathan Rothschild. The project is being implemented entirely through donations of labor, materials or cash contributions. If you wish to make a donation, go to: www.tucsonparks.org
