OVERVIEW

Plan is an update of the 1989 and 1996 *Eastern Pima County Trails System Master Plan(s)* with an emphasis on identifying facility opportunities in Tucson’s urban core area and connections from the core to the surrounding trail system.
GOALS

• Provide a regional trails network
GOALS

• Provide a regional trails network
• Improve / expand trail system within urban core
GOALS

• Provide a regional trails network
• Improve / expand trail system within urban core
• Update trails plan to reflect regional growth
GOALS

• Provide a regional trails network
• Improve / expand trail system within urban core
• Update trails plan to reflect regional growth
• Integrate trails plan with regional land-use plans
GOALS

- Provide a regional trails network
- Improve / expand trail system within urban core
- Update trails plan to reflect regional growth
- Integrate trails plan with regional land-use plans
- Provide improved access to natural resource areas
GOALS

• Provide a regional trails network
• Improve / expand trail system within urban core
• Update trails plan to reflect regional growth
• Integrate trails plan with regional land-use plans
• Provide improved access to natural resource areas
• Integrate trails across jurisdictional boundaries
PROCESS:
Collaborating Jurisdictions

- City of Tucson
- Pima County
- City of South Tucson
- Town of Marana
- Town of Oro Valley
- Town of Sahuarita
PROCESS:
Meetings and Presentations

- Advisory Group Meeting(s)
- Visioning Workshop
- Public Open House(s)
- Urban Core User Meeting
- Mountain Biker Meeting
- Hiking Group / Hiker Meeting
- River Park Users Meeting
- Equestrian Meeting
- Trail Runner Meeting
- Urban Core Workshop
- ADA / Accessibility Meeting
- City of Tucson Parks Commission Presentation
- Pima County Parks Commission Presentation
- City and County P&Z Commission Presentations

PLAN ELEMENTS

Principal Elements
- Trails
- Singletrack Trails
- Paths
- River Parks
- Greenways
- Enhanced Bicycle/Pedestrian Corridors
- Bicycle Boulevards
- Trails Parks

Supporting Elements
- Trailheads and Entry Nodes
- Boundary Access Points
- Crossings
- Interpretive and Regulatory Signs
- Pedestrian Districts
- Pedestrian Activity Areas
PLAN ELEMENTS

Principal Elements
• Trails
• Singletrack Trails
• Paths
• River Parks
• Greenways
• Enhanced Bicycle/Pedestrian Corridors
• Bicycle Boulevards
• Trails Parks

Supporting Elements
• Trailheads and Entry Nodes
• Boundary Access Points
• Crossings
• Interpretive and Regulatory Signs
• Pedestrian Districts
• Pedestrian Activity Areas
PLAN HIGHLIGHTS

• Concept of non-motorized multiple-use trail system retained
PLAN HIGHLIGHTS

- Concept of non-motorized multiple-use trail system retained
- Trails in 1989/1996 Plan retained
PLAN HIGHLIGHTS

• Concept of non-motorized multiple-use trail system retained
• Trails in 1989/1996 Plan retained
• The system has approx. 2,200 miles of miles of trails, paths, riverparks, greenways, bike boulevards, and enhanced corridors
PLAN HIGHLIGHTS

• Concept of non-motorized multiple-use trail system retained
• Trails in 1989/1996 Plan retained
• The system has approx. 2,200 miles of miles of trails, paths, riverparks, greenways, bike boulevards, and enhanced corridors
• Network of trails and other features added to urban core
PLAN HIGHLIGHTS

- Concept of non-motorized multiple-use trail system retained
- Trails in 1989/1996 Plan retained
- The system has approx. 2,200 miles of trails, paths, riverparks, greenways, bike boulevards, and enhanced corridors
- Network of trails and other features added to urban core
- Access to natural resource parks and preserves improved
PLAN HIGHLIGHTS

- Concept of non-motorized multiple-use trail system retained
- Trails in 1989/1996 Plan retained
- The system has approx. 2,200 miles of miles of trails, paths, riverparks, greenways, bike boulevards, and enhanced corridors
- Network of trails and other features added to urban core
- Access to natural resource parks and preserves improved
- Plan integrated across jurisdictional boundaries
PLAN HIGHLIGHTS

• Concept of non-motorized multiple-use trail system retained
• Trails in 1989/1996 Plan retained
• The system has approx. 2,200 miles of miles of trails, paths, riverparks, greenways, bike boulevards, and enhanced corridors
• Network of trails and other features added to urban core
• Access to natural resource parks and preserves improved
• Integrates plan across jurisdictional boundaries
• Development standards strengthened
BENEFITS

• Provides enhanced opportunities for trail based recreation in City of Tucson
BENEFITS

- Provides enhanced opportunities for trail based recreation in City of Tucson
- Incorporates alternate modes facilities into regional trail system
BENEFITS

• Provides enhanced opportunities for trail based recreation in City of Tucson
• Incorporates alternate modes facilities into regional trail system
• Expands range of public use facilities to include trails parks such as Fantasy Island
BENEFITS

• Provides enhanced opportunities for trail based recreation in City of Tucson
• Incorporates alternate modes facilities into regional trail system
• Expands range of public use facilities to include trails parks such as Fantasy Island
• Reinforces City of Tucson and Pima County’s leadership role in trail system development
