Staff spotlight: Jeanne Jerousek

In 1975 Jeanne moved to Tucson after completing a Masters of Fine Arts from Kent State University. In Fall of that year she taught Basic Design and Drawing classes as an adjunct professor at Pima College West. She was hired by Tucson Parks and Recreation in March 1976 to teach jewelry classes. Soon after she became a Recreation Specialist and expanded into the Visual Arts unit. She has been blessed working with many talented people and has enjoyed presenting visiting artists workshops over the years. She says the most rewarding part of her job is being able to bring new educational opportunities to the Tucson community.

Sentinel Peak ("A" Mountain) Survey

Survey open online until April 30, 2019

The City of Tucson has launched a survey to better understand how and when our community uses Sentinel Peak Park (also known as "A" Mountain). The popular lookout point is enjoyed by pedestrians, cyclists, and motorists from throughout the region. Gates for the park road are currently open Monday through Saturday from 9:00 a.m. to 8:00 p.m., and Sunday from 9:00 a.m. to 6:00 p.m. The City is looking to gauge the public's interest in creating car-free times or days where access to the narrow road that loops around and through the park would be restricted to pedestrian and bike traffic.

The survey can be found online in English and Spanish at bit.ly/AMountainSurvey
