#14

Summary of the Proposed Amendments: Strike the mailing of the staff report to property owners within 300 feet. These property owners are sent a notice of the public hearing, with a summary of the case, location maps and the Approval-Protest form. The mailing also includes a web link to the staff report and additional materials related to the case. Recipients are given the option of requesting a hard copy of the staff report and other materials. This has been the practice since 2011, and staff recalls only one instance where a hard copy of the staff report was requested..

Sections: 3.5.3.H (formerly .I)

Rationale: Budgets cuts, staff reductions, and the wide-spread use of the web has made this transition cost- and information dissemination- efficient.

Proposed Amendments:

**UNIFIED DEVELOPMENT CODE
ARTICLE 3: GENERAL PROCEDURES
SECTION 5, REZONING (CHANGE OF ZONING)**

H. Planning and Development Services Department (PDS) Recommendation

After City departments and public service agencies have reviewed and provided comment on the application, a staff report is prepared by the PDS. The report is distributed to the Zoning Examiner, the applicant, ~~and the owners~~ Owners of property located within 300 feet of the rezoning site are notified of the public hearing and provided a web link to the staff report and other materials associated with the case. The staff report and the notice of public hearing are made available to the public at least 15 days prior to the public hearing.

15

Summary of the Proposed Amendments: Correct the mischaracterization of the Planned Area Development (PAD).

Sections: 3.5.5.B and 3.5.5.B.1

Rationale: PADs can more than just distinct dimensional standards. The PAD is a zoning code for a project and can have an entirely different set of land use regulations than the UDC.

Proposed Amendments:

**UNIFIED DEVELOPMENT CODE
ARTICLE 3: GENERAL PROCEDURES
SECTION 5, REZONING (CHANGE OF ZONING)**

3.5.5. PLANNED AREA DEVELOPMENT (PAD) ZONE

B. Distinct ~~Dimensional Standards~~ Land Use Regulations Permitted

1. A PAD may have ~~dimensional standards~~ land use regulations different from the zoning regulations in these of the UDC, any other PAD District and, or other zoning districts.
2. When a provision in a PAD varies from the UDC, the provisions in the PAD shall govern.

16

Summary of the Proposed Amendments: Remove redundant notice reference.

Sections: 3.10.3.M

Rationale: The reference to Section 3.2.4 and Table 3.2-1 are redundant to this section and are too broad to be useful for this requirement. The notice is already set forth in Section 3.10.3.D.

Proposed Amendments:

**UNIFIED DEVELOPMENT CODE
ARTICLE 3: GENERAL PROCEDURES
SECTION 10, BOARD OF ADJUSTMENT APPEALS AND VARIANCES**

M. Notice of Decision Required

SECTION 11, ADMINISTRATIVE MODIFICATIONS**

3.11.1 DESIGN DEVELOPMENT OPTION (DDO)

D. Findings for Approval

2. Specific Findings for Setback and Wall Height Modification Requests

TECHNICAL STANDARDS MANUAL SECTION 5: LANDSCAPING SECTION 2, LANDSCAPING PLANT MATERIALS

5-02.3.0 Types of Plant Material

3.4 Drought Tolerant Seeds

Various city landscaping regulations allow the use of seeds within landscape areas. For example, the landscaping and screening regulations allow the use of seeds as a ground cover in lieu of decomposed granite (DG) in such areas as under canopy trees. However, seeds cannot be used to comply with the 50% vegetative coverage area requirements of the street landscape border.

In situations where the use of seeds is permitted, selection of seed material will be from plants on the ADWR Low Water Use/Drought Tolerant Plant List. Also, if the area that is to be reseeded is not within the public right-of-way, seed selection may be in accordance with Section 5-02.3.2, Native Seeds.

All plant material used within the public right-of-way is to be from the ADWR Low Water Use/Drought Tolerant Plant List regardless of whether it is plant or seed material. The only exceptions to this are in the application of native vegetation requirements of the SCZ and the ERZ sections of the UDC ~~or in compliance with native seeding requirements of the grading ordinance in the adopted building codes~~ Uniform Building Code grading ordinance.
