

SOUTHERN ARIZONA HOMEBUILDER'S ASSOCIATION
Changes to the Proposed City of Tucson Sign Code (June 2 Draft)

7.A.7.2 B **Applicability**

Add the following language:

Applications under the Master Sign – Portable Sign program that comply with standards in place at the time of new code adoption shall receive automatic approval.

7.A.10.3 **Portable signs**

Add the following language:

Premises with street frontage of 150 feet or greater, regardless of zone or street type are allowed an additional 32 square feet of signage per 150 feet - not to exceed 900 square feet of total signage. The combined signage may be used either on the premise or off premise as part of the permit application.

Premises with more than one building permit are allowed an additional 16 square feet of signage per building permit in addition to the base amount of signage as determined by zoning & street type – not to exceed 900 square feet of total signage. The combined signage may be used either on the premise or off premise as part of the permit application.

For a listing of allowable sign types/sizing, see Index ()
