

## NATIVE PLANT PRESERVATION APPLICATION FOR EXCEPTION

**REQUIREMENTS FOR EXCEPTIONS.** Applications are made to the Development Services Department (DSD). Applications for exception from the Native Plant Preservation requirements per Sec. 3.8.3.4.D and Sec. 3.8.3.4.E of the *LUC* are subject to approval through procedures established at the Development Services Department. Submittals must substantiate that the site does not contain, or the proposed project does not impact, Protected Native Plants. Submittals shall consist of one (1) or more of the following items.

- A. An aerial photograph, taken within three (3) years of submittal, of the site at a minimum 1" = 100' that delineates the site boundaries and clearly shows the absence of plants within those boundaries; or a site plan or development plan that clearly shows that construction will not impact any plants. Any aerial photograph submitted, which was taken more than one (1) year prior to submittal, shall be accompanied by a letter stating that the site is substantially unchanged from the date of the aerial photograph.
- B. A signed statement from one of the plant professionals\* listed in the *LUC*, Sec. 3.8.4.4, who has visited the site and verified that Viable Protected Native Plants are not located on the subject site.
- C. Other documentation, acceptable to the DSD Director, which clearly indicates the site does not contain, or the project will not impact, Protected Native Plants (*LUC* 3.8.5). Such documentation includes, but is not limited to, photographs of the site taken from all sides of the property and a signed statement from the property owner that Protected Native Plants are not located on the subject site.

\*An arborist certified by the International Society of Arboriculture, a landscape architect, or a horticulturist, biologist, or botanist with a minimum B.A. or B.S. in an appropriate arid environment natural resource field.
