

preserve our increasingly rare riparian areas, along with important Sonoran Desert wildlife habitat. The Town of Oro Valley also recently used the CLS as the starting point for its Environmentally-Sensitive Lands Ordinance (ESLO), adopted in 2011, even going so far as to integrate two CLS categories in their entirety into the ESLO.

We appreciate the City's willingness to listen to our recommendations regarding the application of CLS policies during annexations and the inclusion of these policies in Plan Tucson. If you have any questions, please do not hesitate to contact me.

Sincerely,

Carolyn Campbell
