

# Appendix A

## Neon Signs of the Oracle Area

There are 28 extant neon monument signs and one advertising sculpture contributing to the Area's visual fabric, of which 26 are along the original highway alignments of U.S. Highways 80 and 89, and within one block of these corridors. Generally, these signs retain an association with the businesses they front and contribute to the historic quality of the individual property. In some cases, however, the building originally associated with the sign is gone or has been significantly modified, yet the sign remains as an artifact of the area's glittering past. These colorful luminescent structures are important character defining features of the Area; they activate the night environment, create visual continuity, exemplify the dying art of neon tube sculpture, and provide a tangible link to the past. The condition of these signs varies from excellent to poor, from full functioning as originally intended to painted over sheet metal shells. In some cases, functional signs have been redesigned, as owners, uses and businesses have changed, leaving intact only the primary form and structure.

1. The Arizonan Motel, 437 West Miracle Mile.
2. Arizona Maintenance Company, 1900 North Oracle Road.
3. Casa Linda Motel, 232 West Flores Street.
4. Checkerboard Café, 2261 North Oracle Road.
