**Subject:** Feedback on Meeting of oct24th  
**Cc:** Mike Addis <Mike@addisigns.com>

---

I would just like to make the recommendation to keep the phrase "promote equity between businesses and other sign users" in the purpose statement as the definition of the word "equity" is fairness of treatment or justness. One of the committee members had made the recommendation to remove that word because they said the definition was equality which it is not. I believe that the word equity is completely appropriate for the sign code purpose statement and should remain.

Thank You.
