GOVERNOR'S OFFICE OF HIGHWAY SAFETY SELECTIVE TRAFFIC ENFORCEMENT GRANT

The Tucson Police Department is proud to announce the acceptance of a \$65,000.00 grant from the Governor's Office of Highway Safety.

The Governor's Office of Highway Safety is committed to its partnership with the Tucson Police Department in combating "aggressive" driving behavior. Speeding is one of the top three causes of fatal collisions on Arizona's roads and highways (the others being impaired driving and failure to be properly restrained). The grant monies will be used to reduce collisions by focusing on enforcing violations, which are directly related to the cause of many motor vehicle collisions. These violations include but are not limited to: exceeding the posted speed limit, following too closely, failure to yield right of way to other traffic, failure to stop for red lights or stop signs, aggressive driving, and driving while impaired (drug or alcohol). Seat belt and child restraint compliance will also be strictly enforced. This grant is in effect from November 2017 through the end of June 2018.

Eight intersections that generate a high number of collisions citywide have been identified and will be targeted during the deployment. The funding received from the grant will be allocated toward the utilization of motor officers to enforce traffic laws in and around the designated intersections. The deployments will occur on various days and during various hours on a regular basis for the period of the grant cycle.

Since enforcement began on November 6, 2017, officers have worked over 13 deployments and issued nearly 400 citations for hazardous motor vehicle violations. The Tucson Police Department is grateful to the Governor's Office of Highway Safety for its support in helping to make Tucson roadways a safer place to travel.

Any questions regarding the grant or deployments may be directed to Sgt. David Brotherton in Operations Division East at (520) 837-7178.
