Sgt. Matt Ronstadt – November 19, 2011

On November 18, 2011 at approximately 11:10 p.m., the Tucson Police Department received several 911 calls reporting shots heard in the area of 4301 East 29th Street. Officers from Operations Division Midtown responded to the scene within approximately four minutes and located two adult male victims with apparent gunshot trauma. One victim, described as a Caucasian or Hispanic male approximately 28-years of age, was deceased at the scene. Next of kin have not yet been notified.

A second victim, approximately 31-years of age, was suffering from life-threatening gunshot trauma. A medic-trained Tucson Police Department officer administered emergency medical aid at the scene until Tucson Fire Department paramedics responded. This victim was transported to a local trauma center where he underwent surgery and is in critical condition.

Detectives from the Gang Investigations Unit, assisted by the Night Detectives Detail, responded to continue the investigation at the scene. The two victims were found near a vehicle in the complex parking lot. The vehicle was associated with the surviving victim. Witnesses in the area reported hearing shots fired, but limited suspect information was immediately available. The deceased victim was identified as being affiliated with a criminal street gang, but detectives are still working to identify both the motive and the suspect(s). It is unknown if the murder was gang-related.

The Tucson Police Department urges anyone with information about this incident to call **911** or **88-CRIME**.
