Dear Ian,

Thank you for your email and question.

The construction of Broadway Boulevard improvements between Euclid Avenue and Country Club Boulevard is slated for 2016. We are currently in the planning and design phase, which started on June 20, and should last about 18-24 months (~ 2014). At that point, there will be a period of time to develop more finalized design drawings and plans, (~late 2014- early 2015), and then finalizing the purchase of right-of-way needed (~2015). Then, we can go out to bid for construction (~2016), and upon selection of a contractor, construction will begin soon thereafter.

This is the current timeline, which may change to reflect delays in any phase of the project.

Please let me know if I can be of any more assistance to you.

Best regards,
Jenn
