Mr. Fahringer,

Thank you for emailing the Citizens Task Force and me, the project manager, with your sensible encouragement. I will share this with the Task Force for the upcoming meeting on July 17.

Sincerely,
~Jenn

Dear Citizens' Task Force and Project manager,

I read the Op Ed views in the Sunday Star. I write this as a long time Tucson resident, simply to ask that you make your decisions on the Broadway widening project based not on which group is the most clamorous, but, instead, based on what in your sound professional judgement makes the most sense and is best for the future of the Tucson community.

Thank you,

Philip Fahringer
