Broadway Project Update

Greetings. The Broadway project team has been hard at work this summer. Listed below are highlights of what we've been up to:

DESIGN

The design team is continuing to work toward a 30% plan and a Design Concept Report, which will utilize the Citizens Task Force's Technical Design Parameters to refine the Mayor and Council approved Baseline Alignment Concept.

[Click here](#) to view the Mayor and Council approved Baseline Concept Alignment Map and Technical Design Parameters.

In accordance with the Technical Design Parameters – to minimize the number of buildings to be acquired and demolished – adjustments to the alignment are being made to avoid potential full acquisitions on both sides of

the road wherever possible. This approach will result in fewer potential full acquisitions, reduce the number of businesses and buildings impacted, and help limit project costs.

The Tucson Department of Transportation (TDOT) is working with City Real Estate to evaluate locations where potential acquisitions are probable. This information will allow the design team to adjust the alignment to minimize impacts and costs.

BUSINESS & PROPERTY OWNER OUTREACH

In an effort to assist with the overall communication between the City and property/business owners on the Broadway corridor, TDOT, in collaboration with the Office of Integrated Planning (OIP) has designated James MacAdam as the Broadway Corridor Project Ombudsman. James will provide a central point of contact who is independent of the roadway design, construction and acquisition processes, and will be directly accountable to the City Manager (via OIP). His role will be to provide property owners with timely, accurate and consistent information on the project as well as to provide feedback from business and property owners to the Project Team. If you are a business or property owner and would like to reach James, please call [\(520\) 837-4068](tel:5208374068) or email him at James.MacAdam@tucsonaz.gov.

OTHER NEWS

TDOT is working on a new Broadway Corridor website for the design and construction phase of the project. When live, www.BroadwayBoulevard.info, will be used to provide all future information and updates on the design and construction of the Broadway: Euclid to Country Club Improvement project.

The project is currently in the design phase, with utility relocations and construction anticipated for late 2017- 2018. For more project information, visit www.tucsonaz.gov/broadway, call [\(520\) 622-0815](tel:5206220815) or email broadway@tucsonaz.gov. Details about the RTA plan are available at www.RTAmobility.com.
