I have the property listed for sale located at 2545 E. Broadway Blvd and I have received an offer to purchase the property. The buyer is asking if I know anything about the proposed Broadway Road widening and of course I do not. My clients who own the property have not been noticed on any pending road improvements schedule. Can you shed any light for me on what the plans are for the Broadway Road widening project please? Thank you in advance, Ron Zimmerman Industrial Properties"	- Forward to CTF as part of Public Input Report	11/8/13 - Jenn Toothaker Burdick responded by email with information about the project timeline, property information, historic or architectural significance, and assistance available to business and property owners.

I don't believe this made it into the Public Input Report as of yet. I did reply to Mr. Gandy at the time he sent the email, acknowledging receipt. Please add it to the public report to ensure that the other CTF members will see it. I think it has some good info as we go into our design phase. Thanks, Mary Mary Durham-Pflibsen"	- Forward to CTF as part of Public Input Report	11/5/13 - Jenn Toothaker Burdick responded that the input was inadvertently left off the report, and pledged to include in the next one.	
121	11/1/2013	Comment Card	Bill Richards	Himself	Jenn Toothaker Burdick	Support Widening	"There is a great need to widen Broadway, per the plan voted on and approved in the RTA Plan. Six through lanes, plus 2 bus lanes is ideal, as per the plan. The bus lanes are important for future growth, possible streetcar use, right hand turns - all without impeding through traffic."	- Forward to CTF as part of Public Input Report	<i>No additional action required.</i>

For this listing, see: http://www.nps.gov/history/nr/nrlist.htm The following are addresses of Contributing Properties to Rincon Heights Historic District that face Broadway. That is, they are no longer E* (eligible pending) but officially listed as contributing properties: (C).</p> <p>We hope the information on the website can be amended accordingly.</p> <p>Additional architecturally significant properties are not reflected on this list.</p> <p>Thank you for your hard work on this project. 119	10/30/2013	Email	Armando Vargas	Himself	Jenn Toothaker	CTF	<p>"Hello Jenn! I missed you et al because I attended the OARP meeting instead, and I have a Tuesday night class, hence, I missed both of the Broadway Boulevard follow up meetings for the charrette design session. Oh well.</p> <p>The main reason for this email is which consensus model is the CTF is using? I remember about a year ago when I attended one of the early meetings the facilitator was discussing the different levels of consensus decision modals (e.g., these actions will not block the discussion -- abstain, "I can live with it" and "have reservations"). I cannot find my notes. What were these different consensus decision modals please? What else did the CTF decided how it will apply the consensus model?</p> <p>Thank you for your consideration.
