Signal @ Park & 19<sup>th</sup> Proposal: As a business on 18<sup>th</sup> St.  
I do not see a need for a signal on Park Ave.  
It seems ~~unnecessary~~ <sup>unnecessary</sup> to have a signal, waste of money  
also.

If a signal is necessary I believe it would be  
better to have the signal at 18<sup>th</sup>.

I do not see how a signal affects traffic flow  
for Park Ave.

As a resident that uses the crossing @ 18<sup>th</sup> and Park, I would not like to have a median at that crossing. If this means putting the light at 18<sup>th</sup> St and Park, I would not be opposed to that. I think that there should be no change to Park with no lights added.

I am concerned about the median proposed at 18<sup>th</sup> and Park. It unnecessarily closes off our neighborhood by blocking access from Park. I don't care if there is a light at 18<sup>th</sup> or 19<sup>th</sup>, or no light. But I am strongly against the median

The median at Park & 18th creates a hardship on the Millville Neighborhood. We want to put the traffic light at Park & 18 instead of Park & 19th as currently planned
