3. Under “Certifications” you will see that “Small Business Enterprise (SBE)” is auto selected.

4. While you can use any available field(s) to search, certification staff suggest limiting your search to the “Business Description” field and to use one general term at a time.

The image shows a search interface with four main sections: "BUSINESS NAME/DBA", "Search by Business Description", "Search by Commodity Code", and "Search by Contact Person".

- BUSINESS NAME/DBA:** Includes a text input field with a tip: "Tip: Try just a few letters of the firm's name." Below the field is a striped icon.
- Search by Business Description:** Includes a text input field with a tip: "Tip: Try just a few letters of a keyword". An orange arrow points from a note to this field.
- Search by Commodity Code:** Includes a "Click to Look Up Codes" button. An orange arrow points from a note to this button.
- Search by Contact Person:** Includes "First Name" and "Last Name" input fields.

An orange note with a striped icon at the top says: "The more general the term, the more results!". Below it, a list of search terms is shown: "landscape", "trucking", "electrical", "demo", "flooring", "concrete". An orange arrow points from the note to this list, and the text "Example Search Terms" is written in orange next to it.

5. Enter your search term, scroll to the bottom of the page, and complete the reCAPTCHA to proceed.

6. The system will then give you the option to “Search” or “Download Entire Directory*.”

***Note – “Download Entire Directory” will download the *entire* SBE directory and not limit the results to your chosen search field.**

The screenshot shows a search interface with two main sections: "Search by Location" and "Search by Reference".

Search by Location:

- CITY:
- ZIP CODE:
Tip: Search for multiple zip codes by separating with commas.
- DISTANCE SEARCH: Within of zipcode
- STATE:
- COUNTY:
- PHONE AREA CODE:

Search by Reference:

- ETHNICITY:
- GENDER:

At the bottom, there are two buttons: "Search" and "Download Entire Directory".

Handwritten Annotations:

- Orange arrows point from the "Search" button to the text "See your search results".
- Orange arrows point from the "Download Entire Directory" button to the text "View every SBE certified firm in one go *not limited to search terms".

7. After hitting “Search,” you will see an alphabetical list of vendors that include your search terms in their business description. From here you can either:

- View each vendor’s information by clicking on the “SBE” link next to each vendor name.
- And/or download your search results to an Excel csv file.

8. Use this information to filter through businesses and determine who can potentially meet your requirements.

- Pay close attention to Commodity Codes when choosing which firms to reach out to.

- It's probable that you will not find one singular business to meet your needs in each work-type category.
- Multiple businesses can be used to meet goals, and the compliance program will never assess an SBE goal with less than two subcontracting opportunities.
