# Reader's Guide to the Capital Improvement Program

The Five-Year Capital Improvement Program (CIP) document includes an overview and individual department programs.

## Overview

As the name suggests, the section provides a citywide overview of the CIP. It includes summaries by expenditure and by funding source, as well as brief explanations of both. The narrative is followed by three tables: Summary by Department, Summary by Funding Source, and Operating Cost Impact Summary.

## Department Programs

Each department program contains the following:

- Brief department statement
- Impact of the department's CIP on future operating budgets (if applicable)
- Map and Legend (if applicable)
- Summaries by project and funding source
- CIP project pages

## Finding a CIP Project

Projects can be located by finding the responsible department in the Table of Contents. Individual projects within each department's program are listed in alphabetical order by project name.

## Reading CIP Project Pages

The CIP project pages, located in the department programs, are presented in alphabetical order by project name. The project pages provide the following information:

- Description - Brief explanation of the project scope.
- Justification - Brief explanation of why the project is being done.
- Project ID - Unique number identifying a project in the city's budget and financial systems.
- Start Date/End Date - Month and year of a project's start and completion date. Projects that continue from year-to-year are shown as "Annual."
- Location - Name of the ward in which the project is located. If a project is located in more than one ward, or outside the city, it is so noted. "To be determined" is used if the location for the project has not been finalized.  
  
If a project is located within the Rio Nuevo Multipurpose Facilities District, it is noted as follows: (within Rio Nuevo District).
- Source of Funds - Table listing the funding source and the schedule for project expenditures.

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Section A Overview**

# OVERVIEW OF FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

It is the practice of the City of Tucson to develop, maintain, and revise when necessary a continuing Capital Improvement Program (CIP). The CIP covers a five-year planning horizon, identifying infrastructure and facility projects that the city will undertake and the funding sources available for projected expenditures.

The objective of this overview is to give the reader a brief look into the CIP. It contains the following financial and narrative information:

- Budget Highlights
- CIP Process
- Summary of Expenditures and Funding
- Department Programs
- Impact on the Operating Budget

## BUDGET HIGHLIGHTS

This approved five-year CIP totals \$1.1 billion. Several factors and assumptions that impacted this approved CIP warrant special attention. These are briefly noted in this section; additional information is provided in later sections of the overview.

• **City projects from the approved Regional Transportation Authority plan are included in this CIP.** Voters approved this plan on May 16, 2006. This CIP includes \$267.5 million for specific projects from the plan including the Modern Streetcar.

• **Capacity for Roads and Parks Impact Fee revenues is included.** Following a public hearing in March 2007, the Mayor and Council approved the Impact Fee Projects Plan (IFPP) for the road and parks impact fees. This CIP includes \$6.8 million for projects from the IFPP. See Section C, Impact Fee Projects Plan for more details.

- **Future bond authorizations will be needed.** Park's and Recreation's CIP is dependent upon \$5.2 million in general obligation bonds in Fiscal Year 2010. Environmental Services' CIP calls for \$8.8 million in future revenue bonds for projects beginning in Fiscal Year 2010. Tucson Water's CIP includes \$135.6 million in future revenue bonds for projects beginning in Fiscal Year 2010.

## CAPITAL IMPROVEMENT PLAN PROCESS

### Defining a Capital Improvement

To be included in the CIP, projects need to meet one of the following criteria:

- Construction of a new city asset or expansion of an existing city-owned facility, including preliminary planning and surveys, cost of land, staff and contractual services for design and construction, and related furnishings and equipment.
- Initial acquisition of a major equipment system, which will become a city asset, that has a cost of \$100,000 or more and a useful life of at least six years.
- Major renovation or rehabilitation of an existing city-owned facility that requires an expenditure of \$100,000 or more and will extend the life of the original city asset.

Exceptions have been made for inclusion of a few projects that do not meet the above criteria (Back to Basics, Sun Tran buses, and Van Tran paratransit vans) to make them more visible to the public and the governing body.

### Steps from Submittal to Approval

In early fall the process begins with the Department of Budget and Research meeting with CIP department liaisons to review guidelines for the upcoming CIP. Departments develop their CIP requests based on their assessment of needs, citizen committee input, and existing bond authorizations and grant awards. Departments are directed to include only projects with secured funding. Exceptions are made for annual federal grant appropriations from the Federal Transit Administration, for pending awards that would require budget capacity be available (e.g., any non-federal grant or contribution), and future revenues bonds for Enterprise Funds. Department requests are reviewed by the Department of Budget and Research and the City Manager's Executive Management Team.

The proposed CIP was presented to the Mayor and Council in April with the recommended biennial budget. The Council reviewed both operating and capital budgets at study sessions in May. The first two years of the CIP are included as part of the city's biennial budget. Two public hearings are held prior to the adoption of the biennial budget.

## SUMMARY OF EXPENDITURES AND FUNDING

Only funded projects, except as noted earlier, are presented in this five-year CIP. The objective is to clarify for the community what the city can do to meet its needs with the limited funds available.

### Expenditures

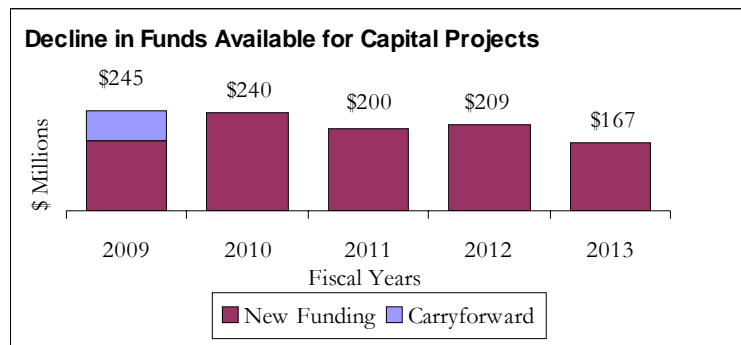

The approved five-year CIP for Fiscal Years 2009 through 2013 totals \$1.1 billion. The majority of the projects are in the Environment and Development service area, which includes Environmental Services, Transportation, and Tucson Water.

#### Five-Year CIP Summary of Expenditures

(in \$000)	Adopted Year 1 FY 2009	Approved Year 2 FY 2013	Projected Five-Year Program
Neighborhood Services	\$ 84,206.6	\$ 70,406.1	\$ 188,561.9
Environment and Development	160,701.0	169,246.6	872,669.0
Support Services	550.3	-0-	550.3
Total	\$ 245,457.9	\$ 239,652.7	\$1,061,781.2

This five-year CIP is \$99.1 million more than the \$962.7 million approved five-year CIP for Fiscal Years 2008 through 2012. The increase is primarily due to two factors: capacity for grant-funded projects in Transportation and capacity for Tucson Water projects.

CIP expenditures decline significantly after Fiscal Year 2009, from \$245.4 million to \$166.9 million by Fiscal Year 2013.

This funding decline is due to several factors. Fiscal Year 2009 includes \$73.2 million carried forward for projects not completed as planned during Fiscal Year 2008. On top of that is \$172.2 million in new funding. The CIP presumes that all of the Fiscal Year 2009 budget will be spent in that year. The decline in new funding over the following four years is primarily due to no carryforward and the spending down of the 2000 bond authorizations, which will be exhausted by Fiscal Year 2010, and the spending down of the 2005 water revenue bonds.

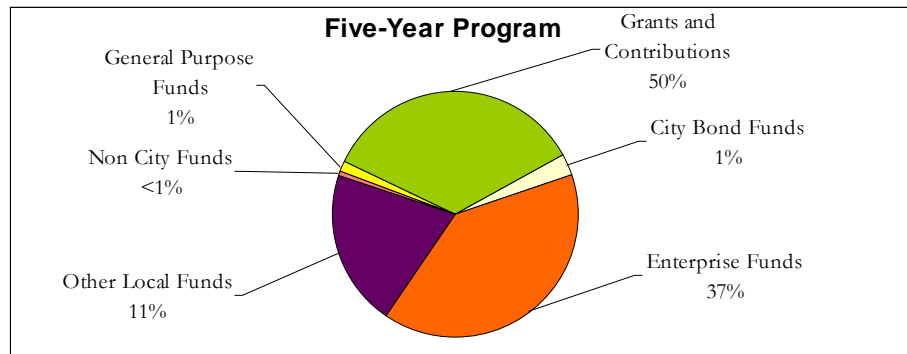

For a summary of expenditures by department and fiscal year, see Table I. Five Year Capital Improvement Program Summary by Department on page A-9.

## Funding Sources

This five-year program of \$1.1 billion is funded primarily from Grants and Contributions, which are predominately RTA (Regional Transportation Authority) funds, and from Enterprise Funds, which are primarily Tucson Water Revenue and Operations Funds.

### Five-Year CIP Summary of Funding Sources

(in \$000)	Adopted Year 1 FY 2009	Approved Year 2 FY 2010	Projected Five-Year Program
General Purpose Funds	\$ 2,164.7	\$ 485.0	\$ 6,249.7
Grants and Contributions	106,465.7	122,778.8	529,314.1
City Bond Funds	3,790.6	5,414.7	9,205.3
Enterprise Funds	70,392.1	65,828.1	392,921.2
Other Local Funds	62,008.8	45,146.1	123,454.9
Non-City Funds	<u>636.0</u>	<u>-0-</u>	<u>636.0</u>
Total	\$ 245,457.9	\$ 239,652.7	\$1,061,781.2

**General Purpose Funds.** This category, which includes the General Fund, totals \$6.2 million, or only 1% of the five-year CIP. General Fund contributions to the Mass Transit Fund account for \$6.0 million of that total. The remaining \$0.2 million is for funds carried forward for the Back to Basics Program.

**Grants and Contributions.** This category totals \$529.3 million or 50% of the five-year CIP. Included in this category are federal grants, funding for the Regional Transportation Authority (RTA) plan, the city's Highway User Revenue Funds (HURF), regional HURF distributed by the Pima Association of Governments (PAG), and other agency and private sector contributions.

RTA funds of \$267.5 million account for the largest portion of this category, followed by federal grants of \$157.8 million. Pima County general obligation bonds will provide \$61.1 million. State-shared HURF provides another \$36.3 million: \$15.7 million from the city's HURF allocation and \$20.6 million from regional HURF distributed by PAG. The remaining \$6.6 million comes from developers, contributions and non-federal grants. (For a listing of projects receiving Pima County funds, see Table IV on page A-14.)

**City Bond Funds.** City bond funds, 1% of the five-year CIP, will provide \$9.2 million over the next five years: \$4 million from general obligation bonds, and \$5.2 million from a future bond authorization.

Spending against the 2000 General Obligation Bond authorization will continue through Fiscal Year 2010. However, by the end of Fiscal Year 2009, the authorization will be 99% complete. Park's Africa Expansion - Elephant Exhibit project will require a new city or county bond authorization.

**Enterprise Funds.** Enterprise Funds total \$392.9 million or 37% of the five-year CIP. Environmental Services account for only \$40.2 million. Tucson Water accounts for the remaining \$352.7 million: \$165.7 million from user revenues and reserve funds, \$50.7 million from the 2005 water revenue bonds, \$135.6 million from a future water revenue bond authorization, and \$0.6 million from a federal grant.

**Other Local Funds.** This category, which provides 11% of the five-year CIP, totals \$123.4 million. These funds come primarily from certificates of participation sold to finance the new Fire Headquarters, expansion of Police Headquarters and the Public Safety Training Academy, and the new Police Crime Lab. Capacity of \$6.8 million is included for impact fees, which are distributed between the five benefit areas, for road and regional park improvements.

**Non-City Funds.** The Non-City Funds category contains private donations and contributions made to the Parks and Recreation Department. It totals \$0.6 million, which is less than 1% of the five-year CIP.

For more detail on funding sources, see Table II. Five-Year Capital Improvement Program Summary by Funding Source on pages A-10 thru A-12.

## DEPARTMENT PROGRAMS

The department programs are briefly presented in this section. Departments are listed alphabetically within their budget reporting categories, also known as service areas: Neighborhood Services, Environment and Development, and Support Services.

### Neighborhood Services

The Neighborhood Services category, which accounts for 18% of the total five-year CIP, contains projects managed by Community Services, Fire, Neighborhood Resources, Parks and Recreation, and Police.

**Community Services.** This department's five-year program of \$4.1 million consists of two projects: construction of public housing amenities at a new Martin Luther King, Jr. apartment building and construction of rental units in the Mercado, a new mixed-used community. Funding is provided by Pima County bonds, federal HOPE VI funds, and other federal grants.

**Fire.** Fire's five-year program of \$33.1 million contains four projects: a new central headquarters and fire station in the downtown area, plan and design of infrastructure improvements and additions at the Public Safety Training Academy, land acquisition for future fire stations, and support facility improvements. The Capital Improvement Fund, which is for certificates of participation, and general obligation bonds will fund these projects.

**Neighborhood Resources.** This department's five-year CIP of \$18.4 million is for the Back to Basics Program. There is \$4.5 million carried forward in Fiscal Year 2009 for the completion of prior year projects and unallocated funds. New funding of \$2.7 million will provide \$386,780 annually for each ward and the mayor.

**Parks and Recreation.** Park's five-year CIP of \$54 million contains 49 projects. These projects are funded primarily from county bonds of \$34.8 million and city bonds of \$3.4 million. Either a new city or county bond authorization is needed for \$5.2 million. Funding from the Capital Improvement Fund, which is certificates of participation, is \$4.2 million, and RTA (Regional Transportation Authority) funds provide \$1 million. Revenue from impact fees, restricted General Fund revenues, non-federal grants, and contributions provide for the remaining \$5.4 million. These funds provide for a wide range of projects: improvements at regional parks, expansion of recreation centers, amenities at neighborhood parks, and the Reid Park Zoo Africa Expansion-Elephant exhibit.

**Police.** The Police department's five-year program of \$78.9 million is for four projects: construction of a new Crime Lab and a new Evidence Facility, expansion of Police Headquarters, and acquisition of operational support equipment for the addition of a sixth field division. These projects are funded with certificates of participation in the Capital Improvement Fund.

### Environment and Development

The Environment and Development category, which accounts for 82% of the total five-year CIP, contains projects managed by Environmental Services, Transportation, and Tucson Water.

**Environmental Services.** The department's five-year program of 15 projects totals \$40.2 million. Environmental Services' CIP is funded from Environmental Service bonds of \$2.1 million, \$3.9 million from Environmental Service revenues, \$25.4 million from certificates of participation, and \$8.8 million from a future Environmental Services revenue bond authorization. Projects that are funded with these future bond authorizations do not begin until fiscal year 2010.

**Transportation.** The five-year Transportation program of \$479.7 million includes five program areas: Drainage for \$0.07 million, Public Transit for \$189 million, Street Lighting for \$1.3 million, Streets for \$283.4 million, and Traffic Signals for \$5.9 million. Because there are insufficient funds to meet all of Transportation's needs, this CIP simply allocates available funding to the highest priority projects.

The largest funding source for Transportation's projects is the funding from the RTA, which totals \$266.5 million. Federal funding provides another significant portion totaling \$146.8 million: \$90.9 million for transit projects and \$55.9 million for street projects.

Other major funding sources are Pima County bond funds of \$25.2 million, regional Highway User Revenue Funds (HURF) of \$20.6 million, city HURF of \$10.5 million, impact fee revenue of \$2.9 million. Other contributions and city bond funds provide \$1.2 million. The remaining \$6 million is from the General Fund, which is used as the local match for federal transit grants.

**Tucson Water.** The five-year Tucson Water CIP of \$352.6 million includes \$314.4 million of improvements to the potable water system and \$38.2 million of improvements for the reclaimed water system. Tucson Water's CIP is funded from operations and reserve funds of \$165.7 million, 2005 revenue bonds of \$50.7 million, \$135.6 million from a future water revenue bond authorization, and \$0.6 million from a federal grant. Projects that are funded with these future bond authorization do not begin until fiscal year 2010.

## Support Services

The Support Services category accounts for less than 1% of the total five-year CIP and contains a capital project managed by Information Technology.

**Information Technology.** There is one project in the department's five-year CIP of \$550,300 carried forward from Fiscal Year 2008: completion of the Voice and Data Network and Component Upgrades. There are three remaining components of this project: a wireless data communications system used in support of fire services, alerting system for fire stations, and an electronic patient care and reporting system. These communication components and systems will complete the technological upgrade of the public safety infrastructure. Funding for this project comes from the Capital Improvement Fund, which is certificates of participation.

For more project detail, see Section B, Department Programs.

## IMPACT ON THE OPERATING BUDGET

The completion of many projects is the beginning of recurring costs for the operating budget. Operating and maintenance (O&M) impacts from projects in this five-year CIP total \$6.9 million for Fiscal Year 2009, increasing to \$9.3 million for by Fiscal Year 2010.

### Operating and Maintenance Impacts

(in \$000)	FY 2009		FY 2010	
	Amount	FTEs	Amount	FTEs
General Purpose Funds	\$ 625.0	9.0	\$ 1,516.5	8.0
Restricted Funds	<u>6,255.1</u>	<u>-0-</u>	<u>7,754.0</u>	<u>-0-</u>
Total	\$ 6,880.1	9.0	\$ 9,270.5	8.0

The O&M impacts in Fiscal Year 2009 are primarily for the Southern Avra Valley Storage and Recovery Project. Operating and staffing the Christopher Columbus Parks expansion is a significant component of the General Purpose Funds impact.

Tucson Water's Revenue and Operations Fund pays for most of the operating and maintenance impacts (90% in Fiscal Year 2009). The balance is funded from the General Fund, the city's Highway User Revenue Fund (HURF), Regional Transportation Authority (RTA), and Environmental Services Fund.

For a summary of O&M impacts by department and funding source over the next five years, see Table III, Five-Year Capital Improvement Program Summary of CIP Impact on the Operating Budget, on page A-13.

Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Section B Department Programs**

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Community Services**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

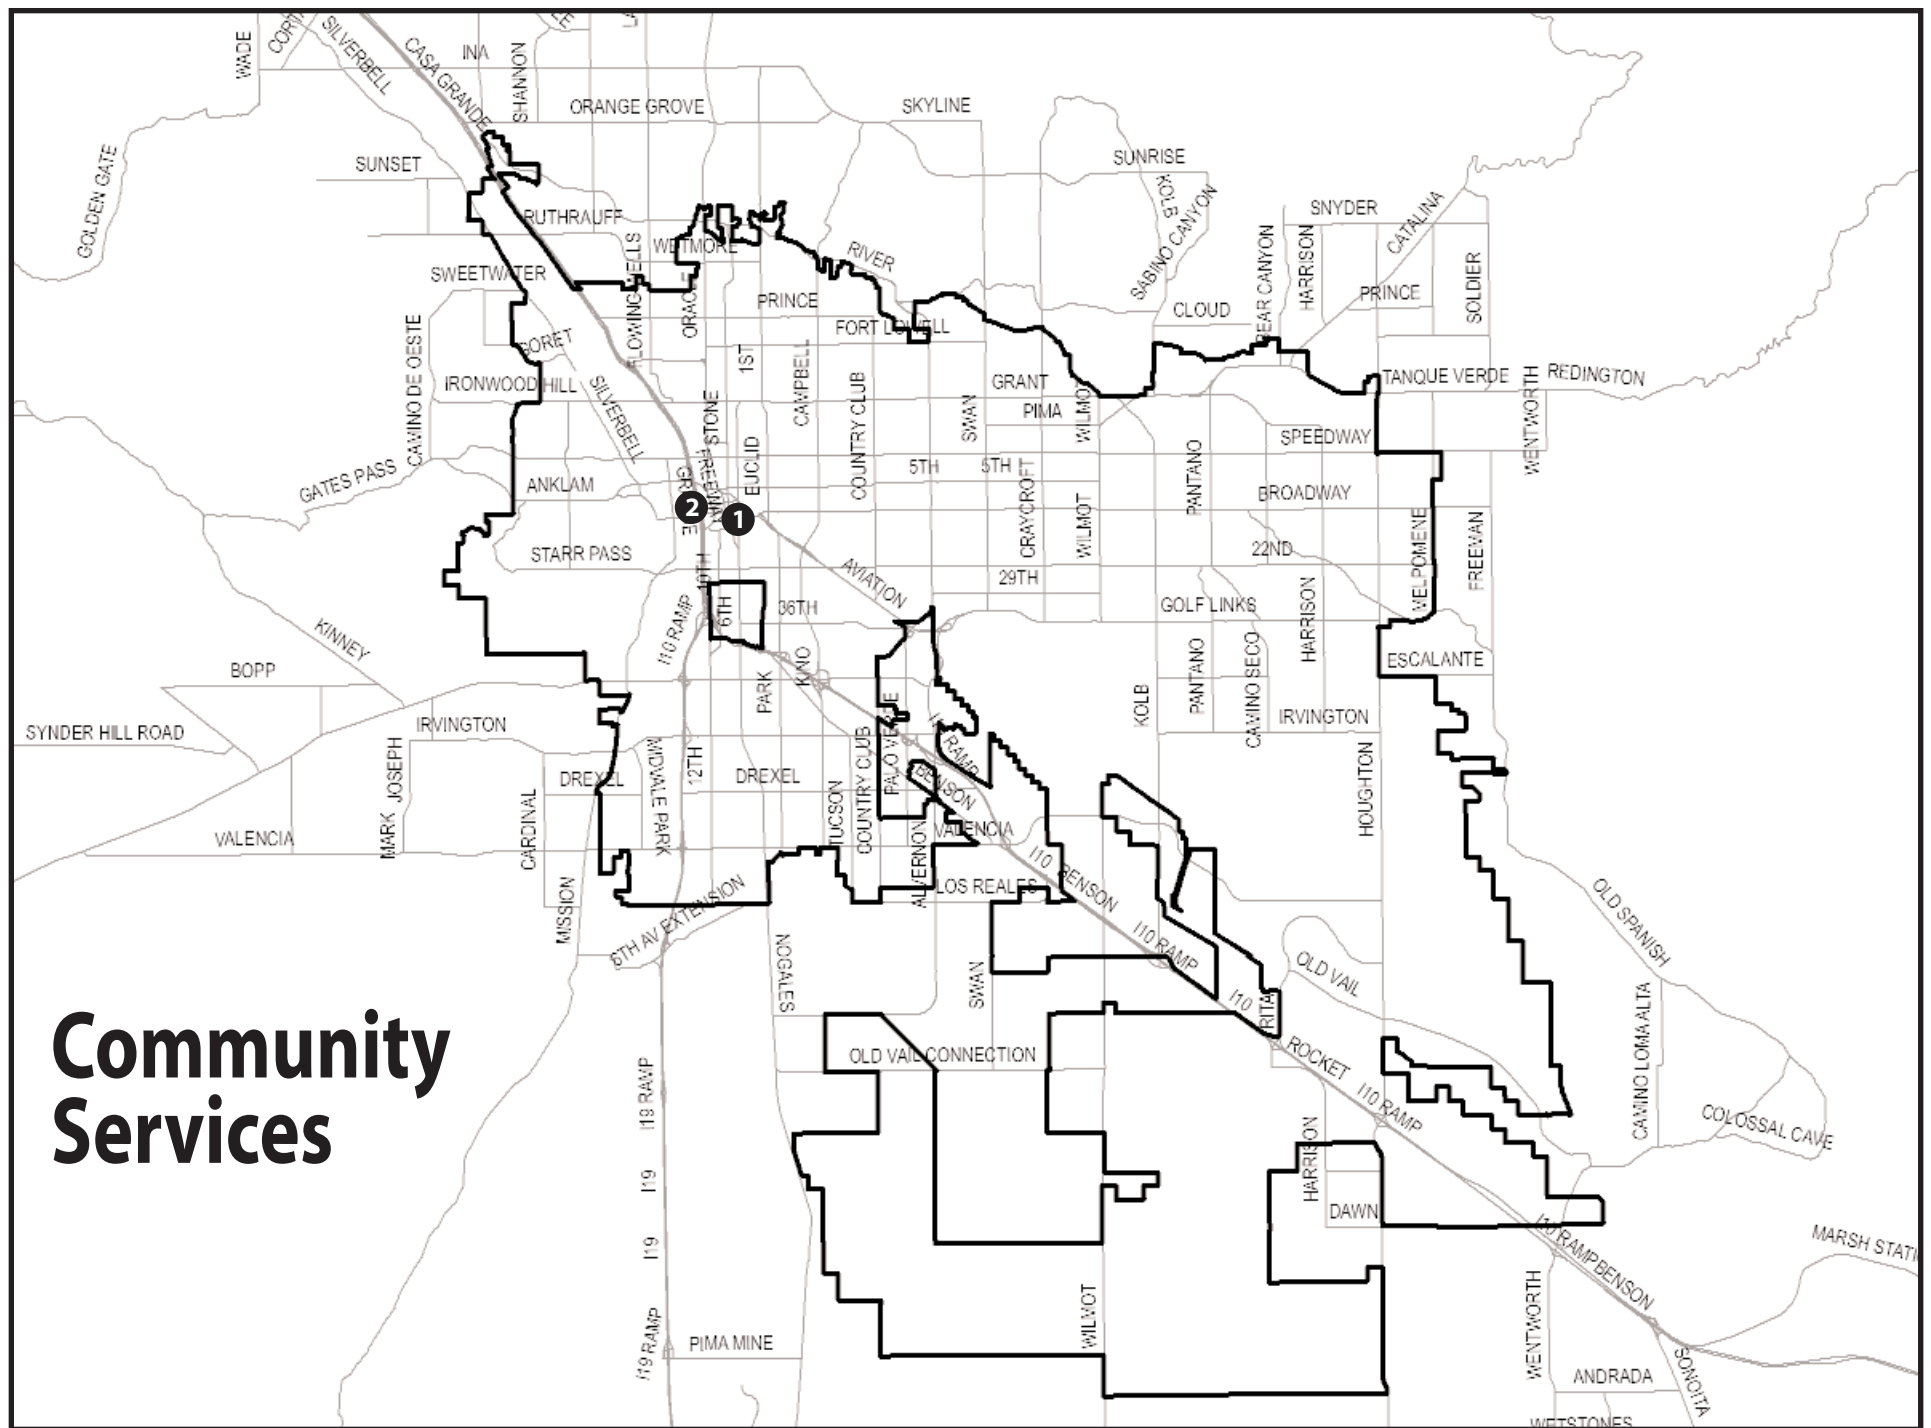

**Department:** Community Services

**Five-Year Total:** \$ 4,125,300

The Community Services Department's Capital Improvement Program (CIP) consists of two projects:

- Construction of resident amenities at the new Martin Luther King, Jr. Apartments, including computer room, exercise room, recreation room, clinic, secured lobby, tenant council meeting space, lounge, terrace, and patio areas.
- Construction of four affordable housing rental units at the Mercado at Menlo Park near West Congress Street and Grande Avenue. The Mercado will be a mixed-use community comprised of approximately 200 residential dwelling units and 20,000 square feet of commercial space. This project will increase affordable housing in the Rio Nuevo District.

The Community Services Department's five-year CIP is funded with \$3.0 million in federal grants and \$1.1 million in Pima County Neighborhood Reinvestment bonds.

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Environmental Services**

## Capital Improvement Program Department Statement

FY 2009 through FY 2013

**Department:** Environmental Services

**Five-Year Total:** \$ 40,244,200

The Environmental Services Capital Improvement Program (CIP) consists of projects that fulfill the city's need to safeguard the community from environmental impacts, create future landfill capacity, and comply with environmental protection regulations. These projects directly reflect the city's efforts to enhance neighborhoods and downtown by restoring the natural environment and removing environmental barriers to redevelopment.

The five-year program of \$40.2 million is funded with \$2.1 million from the 2000 bond authorization, \$3.9 million in Environmental Services funds, \$25.4 million from certificates of participation, and \$8.8 million from a possible future authorization of bonds.

This Environmental Services CIP is divided into four project categories.

**Facilities.** Projects in this category total \$21.7 million and include improvements at the Los Reales Landfill for efficiencies and to support beneficial end uses for closed landfills.

**Landfill Closure.** Projects in this category total \$8.9 million and include the closure of the Irvington and Tumamoc Landfills (both closed landfills) and closure-related improvements for the Los Reales Landfill (the city's only active landfill).

**Landfill Construction.** Projects in this category total \$8.0 million for improvements to the Los Reales Landfill, including buffer and drainage improvements and the construction of two new lined cells. Improving the Los Reales landfill represents millions of dollars in cost savings through lower transportation costs and cost avoidance of a new landfill. The Los Reales Landfill master plan calls for lined cells, recycling facilities, and drainage improvements to extend the life of the landfill through at least 2060.

**Remediations.** Projects in this category total \$1.6 million and include the assessment and remediation of soil and groundwater contamination at city-owned and/or operated landfill sites.

This five-year CIP has a projected impact on the operating budget of \$60,000 in Fiscal Year 2009 increasing to \$380,000 by Fiscal Year 2013. See the following page for the operating budget impact by project and funding source.

## Environmental Services: CIP Impact on the Operating Budget

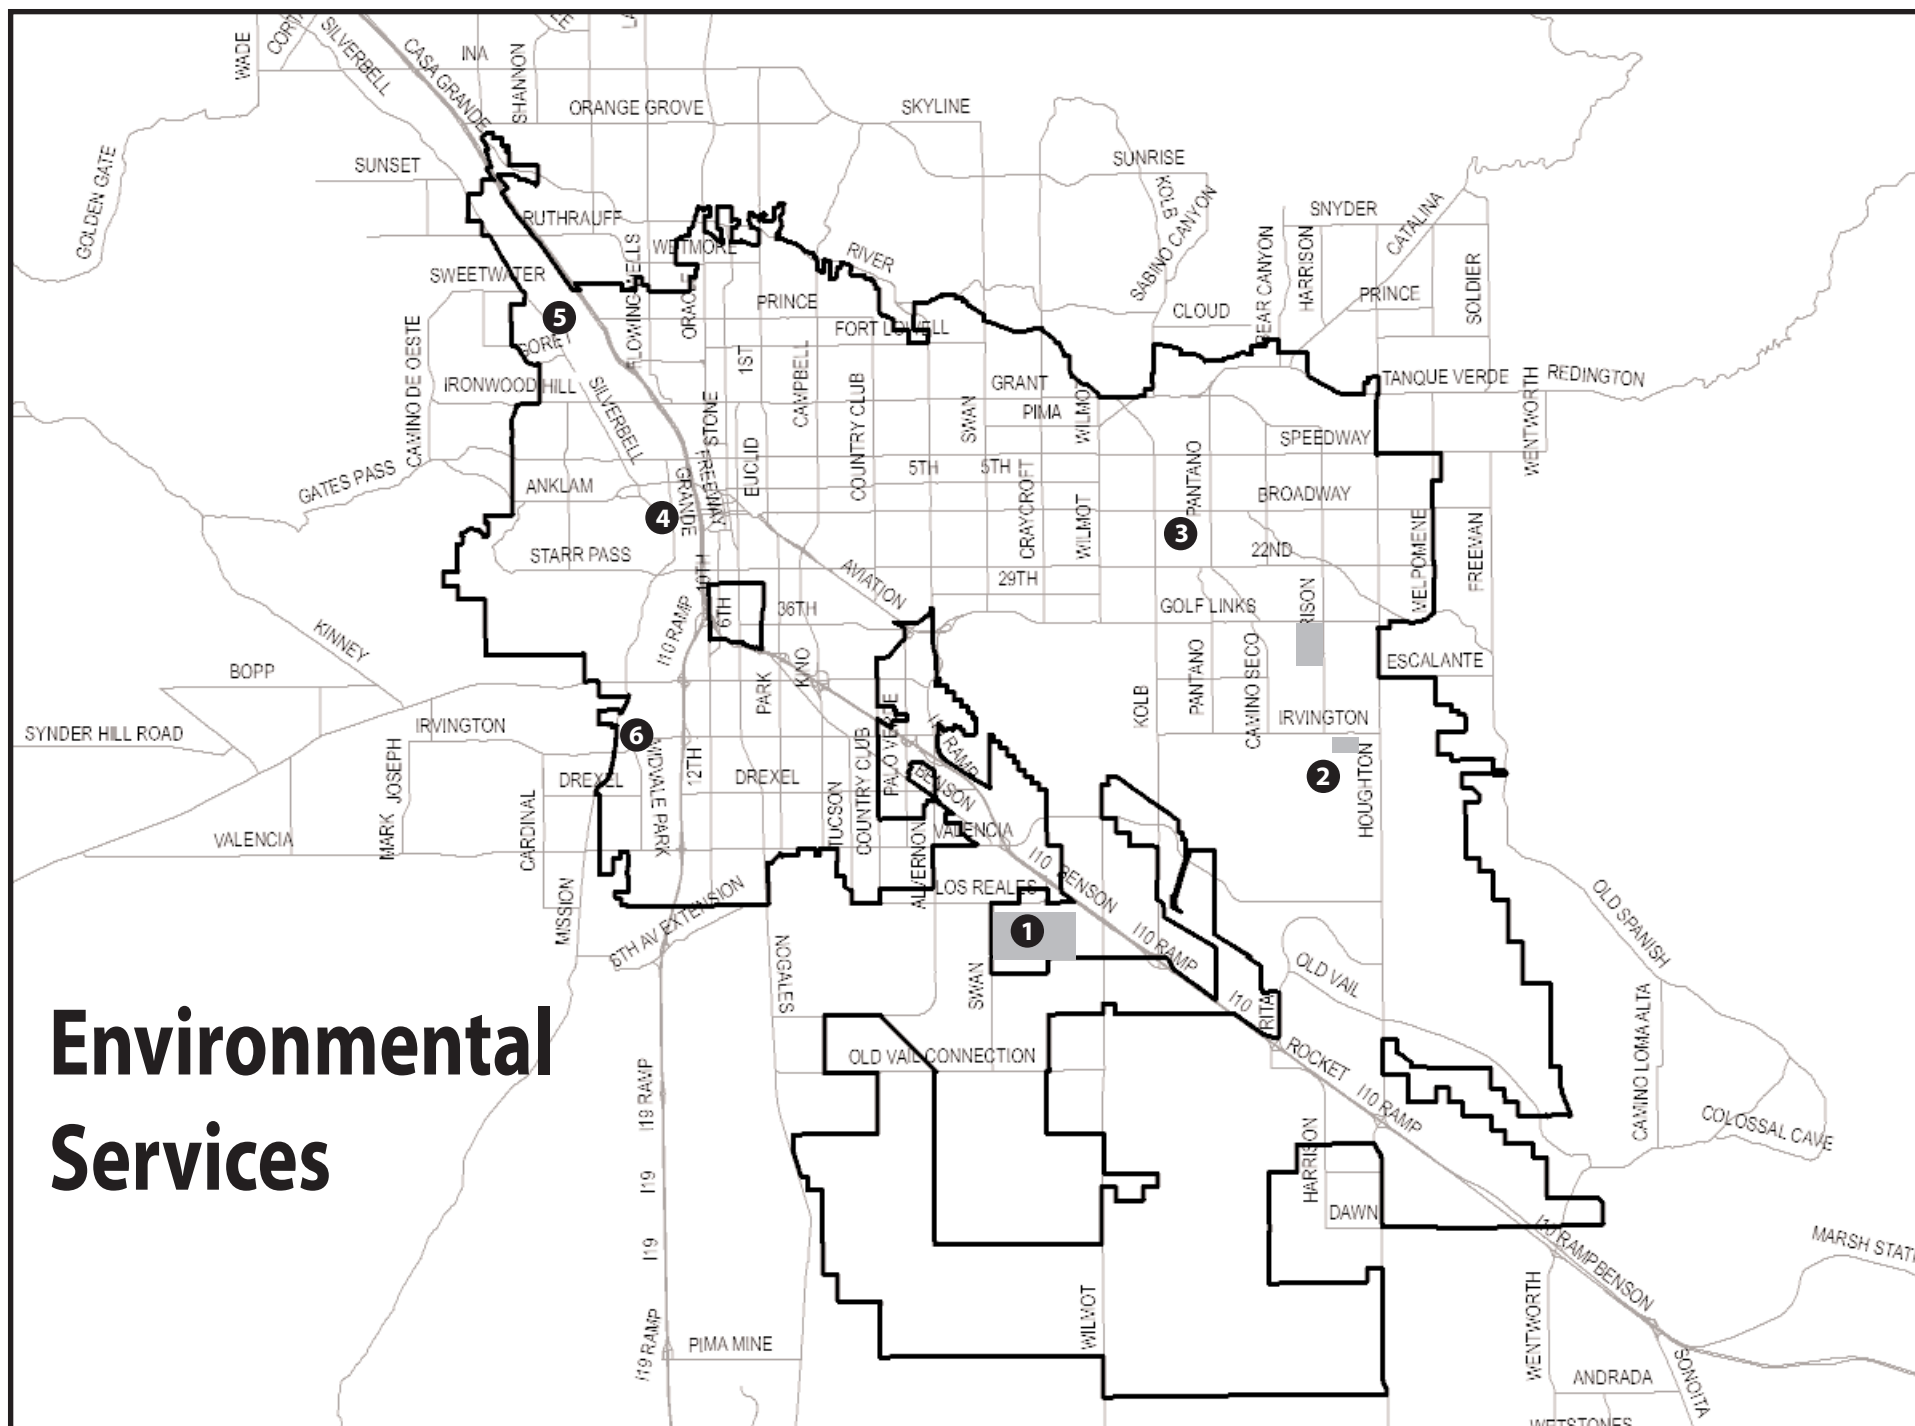

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

(\$000)

## Environmental Services - Facilities

(\$000)

<b>Los Reales Infrastructure Plan</b>										<b>Project ID:</b> Q383		
<b>Description:</b> Design the facility infrastructure improvements on the 80-acre site at Los Reales Landfill. Construction of the improvements is budgeted in the Los Reales 80-Acre Facilities Construction project.										<b>Start Date:</b> 7/07		
										<b>End Date:</b> 6/09		
										<b>Location:</b> Ward 5		
<b>Justification:</b> This project provides the infrastructure design necessary to implement the Master Plan. The future plan is for the landfill to be both an operational facility and an educational resource for the public.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

## Environmental Services - Landfill Closure

(\$000)

<b>Los Reales Landfill Final Closure-Cells 1 and 2</b>										<b>Project ID:</b> Q324		
<b>Description:</b> Design and construct final closure features, including subgrade preparations, soil cap construction, stormwater drainage swales and letdowns, seeding, and mulching.										<b>Start Date:</b> 7/08		
										<b>End Date:</b> 6/10		
										<b>Location:</b> Ward 5		
<b>Justification:</b> These features will facilitate the eventual closure of the Los Reales Landfill, which will be necessary to ensure compliance with federal and state regulations.												
			<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>

## Environmental Services - Landfill Construction

(\$000)

<b>Los Reales Landfill Buffer Improvements</b>										<b>Project ID:</b> Q332					
<b>Description:</b> Design and construct buffer improvements to the north, east, and west perimeters of the landfill including a screening berm, trees, and vegetation.													<b>Start Date:</b> 7/05		
													<b>End Date:</b> 6/13		
													<b>Location:</b> Ward 5		
<b>Justification:</b> These buffer improvements, which are part of the landfill's proposed master plan, will provide adequate screening to residential developments. The timing of buffer improvements corresponds to the development plans for neighboring areas and landfill expansion.															
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

**Fire**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

**Department:** Fire

**Five Year Total:** \$ 33,073,000

The Fire Department's Capital Improvement Program (CIP) establishes improvements needed to sustain adequate levels of emergency services for fire protection and medical needs.

The five-year capital program of \$33 million is funded with \$440,000 in 2000 general obligation bond funds and \$32.6 million in capital improvement funds, which involve non-bond financing.

Major projects in this five-year CIP with funding in Fiscal Year 2009 include the following:

- Fire Central: a new facility to house Fire Station 1, Administration, Emergency Management, and Fire Prevention offices
- Land acquisition for future fire stations
- Public Safety Training Academy (PSTA) master plan to identify and design additional utility and physical plant infrastructure for future expansion and design of additional classrooms
- Support facility improvements (Fire Maintenance Facility)

The operating budget costs associated with this program are projected to be \$252,500 beginning the second year of this CIP, Fiscal Year 2010, increasing to \$336,000 in Fiscal Year 2013. See the following page for the operating budget impact by project and funding source.

## Fire: CIP Impact on the Operating Budget

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

## Fire

(\$000)

<b>PSTA Master Plan and Design</b> <b>Description:</b> Solicit a master plan for additional utility and physical plant infrastructure, and for the new buildings to be added to the Public Safety Training Academy (PSTA). This project will also include the design for the infrastructure improvements and for additional classrooms.  <b>Justification:</b> The Public Safety Training Academy (PSTA) is currently at capacity for buildings and props. Without new infrastructure (roads, utilities, etc.) and expanded classrooms, the facility will not be able to provide the training needs of the Police and Fire Departments.										<b>Project ID:</b> F915 <b>Start Date:</b> 12/07 <b>End Date:</b> 6/09  <b>Location:</b> Ward 4

<b>Support Facility Improvements</b> <b>Description:</b> Design and construct improvements to Fire Station 7 and to the Fire Maintenance Facility. An additional bay at Fire Station 7 was completed in Fiscal Year 2003. The Maintenance Facility improvements included renovation of an existing building for offices and warehouse and the addition of the maintenance shop that were completed in May 2006. Phase 2 funding will provide for a new roof and covered parking for fire apparatus.  <b>Justification:</b> These improvements are needed to improve the use of existing space and to meet future demands for the maintenance and service of fire apparatus and equipment.										<b>Project ID:</b> F901 <b>Start Date:</b> 7/00 <b>End Date:</b> 6/09  <b>Location:</b> Wards 5 and 6

## **Information Technology**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

**Department:** Information Technology

**Five-Year Total:** \$ 550,300

The Information Technology Capital Improvement Program (CIP) of \$550,300 has only one project: the completion of the Voice and Data Network and Component Upgrades. There are three remaining components of this project that are nearing completion: a wireless data communications system used in support of fire services, alerting system for fire stations, and an electronic patient care and reporting system. These communication components and systems will complete the technological upgrade of some critical pieces of the public safety infrastructure.

This five-year CIP is funded with the Capital Improvement Fund which is certificates of participation.

<b>Voice and Data Network and Component Upgrades</b>										<b>Project ID:</b> B802		
<b>Description:</b> Upgrade and replace components of the city's voice and data network, and upgrade computer systems for fire dispatch. Included in this project are a microwave system replacement, upgrade to the fire computer aided dispatch system, replacement of the fire station alerting system, and upgrade of the mobile data and automated vehicle locator systems.										<b>Start Date:</b> 7/99		
										<b>End Date:</b> 6/09		
										<b>Location:</b> Citywide		
<b>Justification:</b> The existing microwave and alerting systems are both over 20-years-old and require replacement to ensure reliable connectivity to fire operations. Existing components can no longer be repaired or replaced in the event of a failure. Hardware for the dispatch system does not support current upgrades to operating systems, which are required for dispatch software upgrades.

## **Neighborhood Resources**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

**Department:** Neighborhood Resources

**Five-Year Total:** \$ 18,432,300

The Department of Neighborhood Resources funds Back to Basics projects, which are infrastructure improvements and other enhancements as directed by Mayor and Council. These projects are cooperative efforts between city departments, the private sector, and neighborhood residents.

Annual programming provides \$397,200 annually for the mayor's office and each council office. The carryforward funding in Fiscal Year 2009 is for completion of projects from prior years.

Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Parks and Recreation**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

**Department:** Parks and Recreation

**Five-Year Total:** \$ 54,021,300

The Parks and Recreation Department's Capital Improvement Program (CIP) is based on the Parks, Recreation, and Open Space component of the city's General Plan, the adopted City of Tucson Parks and Recreation Ten-year Strategic Service Plan, and Mayor and Council direction. The CIP implements Mayor and Council policy by developing facilities that provide for family, youth, and senior adult recreation, while supporting inner-city revitalization, public art, and using arid and semi-arid landscaping wherever possible to conserve water.

The five-year capital program of \$54.0 million is funded primarily from Pima County bonds and the city's general obligation bonds. The budget includes capacity for the Reid Park Zoo Africa expansion, potential Pima County Neighborhood Reinvestment projects, and projects funded by impact fees.

The impact of this five-year CIP on future operating budgets is estimated to be \$525,000 in Fiscal Year 2009, increasing to \$2,985,300 by Fiscal Year 2013 for a five-year total of \$10,492,400. See the following pages for the impact by project and funding source.

**2000 General Obligation Bond Authorization  
New and Deleted Projects in the FY 2009-2013 CIP  
(\$000)**

The Truth-in-Bonding Ordinance reads as follows: "That in any particular year, approved bond proceeds to be allocated to projects in accordance with the priority levels set forth in the City of Tucson's publicly adopted Five-Year Capital Improvements Funded Program (CIFP). Any change which results in the creation of new or cancellation of previously approved capital projects requires prior Mayor and Council approval at a Study Sessions or Regular Session open to the public, which will include a Public Hearing, and which shall be consistent with all other legal and management requirements, procedures, and controls."

The following table lists projects newly funded by the 2000 Bond Authorization and those projects that will no longer be funded with the 2000 Bond Authorization.

	<b>Project Total</b>
<b>Newly Created 2000 Bond Projects</b>	
El Pueblo Center Expansion	\$ 10.0
Lincoln Park Area Maintenance Compound	16.6
<b>Newly Created Projects Total</b>	<b>\$ 26.6</b>

## Parks and Recreation: CIP Impact on the Operating Budget

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

**1997 Pima County Parks Bond Program**  
**City Parks and Recreation Projects**  
(\$000)

<b>Project Name</b>	<b>Project Total</b>
Santa Cruz River Sports Park (The feasibility of this project is in doubt due to restrictive site conditions including extensive archaeology, major drainage problems, and availability of developable land. The county and city are evaluating alternatives.)	\$ 828.7
<b>Total</b>	<b>\$ 828.7</b>

NOTES: The projects listed above are included in this five-year capital improvement program (CIP) for the Parks and Recreation Department. The total amount of authorized Pima County Bonds for projects within the city limits was \$17,850,000, with \$3,000,000 for athletic and play field improvements, and the design and construction of Christopher Columer Park to be administered by Pima County. Project amounts are net of Pima County's administrative charges. Projects that have been completed are no longer shown in this five-year CIP.

This listing does not include any Pima County neighborhood reinvestment bond funds that may be spent within the city.

**2004 Pima County General Obligation Bond Program  
Parks and Open Space Projects within the City of Tucson  
(\$000)**

The Pima County General Obligation Bond Program approved by the voters in May 2004 included parks and open space projects within the City of Tucson. Following is a listing of those projects grouped by the administering agency.

This listing does not include any Pima County neighborhood reinvestment bond funds that may be spent within the city.

<b>Project</b>	<b>Pima County Bond Allocation</b>	<b>Estimated Pima County Administrative Charges<sup>1</sup></b>	<b>Available to City of Tucson for Direct Project Costs</b>
<b>Projects to be Administered by City of Tucson</b>			
Arroyo Chico Urban Path: Campbell/Parkway	\$ 1,000.0	\$ 25.0	\$ 975.0
Atterbury Wash Sanctuary Expansion	1,200.0	30.0	1,170.0
Houghton Greenway <sup>2</sup>	1,400.0	-	-
Julian Wash Linear Park	3,700.0	92.5	3,607.5
Lincoln Park Sport Fields	3,500.0	87.5	3,412.5

## Parks and Recreation - Parks Development

(\$000)

<b>A Mountain Improvement</b>										<b>Project ID:</b> R990		
<b>Description:</b> Develop a master plan, design, and construct Americans with Disabilities Act (ADA) and safety improvements to public facilities in A Mountain Park.										<b>Start Date:</b> 12/07		
										<b>End Date:</b> 6/09		
										<b>Location:</b> Ward 1		
<b>Justification:</b> A Mountain Park has regional significance, and this project will benefit and address the community's need for open space, passive recreation, and natural/historic resource preservation and interpretation.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

<b>Atterbury Wash Sanctuary Expansion</b>										<b>Project ID:</b> RP02		
<b>Description:</b> Plan, design, and construct an expansion of the existing trail system in Lincoln Park and passive recreation amenities along the wash. An intergovernmental agreement with Pima County was approved in March 2007. The original Pima County 2004 bond allocation of \$2 million has been reduced by \$30,000 for estimated Pima County administrative charges. An amendment to the County Bond Ordinance reduced the budget by \$800,000, since land acquisition was not required. The \$800,000 was reallocated to the Pantano River project administered by Pima County.										<b>Start Date:</b> 10/07		
										<b>End Date:</b> 10/10		
										<b>Location:</b> Ward 4		
<b>Justification:</b> This project, which is identified in the City of Tucson Parks and Recreation Strategic Service Plan and the Eastern Pima County Trail System Master Plan, will preserve an important wildlife corridor and riparian area.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

<b>Performing Arts Center</b>										<b>Project ID:</b> RP08		
<b>Description:</b> Design and construct structural improvements to the 1921 historic building. An intergovernmental agreement was approved by Mayor and Council in April 2007. The original Pima County 2004 general obligation bond allocation of \$682,000 has been reduced by \$17,000 for estimated Pima County administrative charges.										<b>Start Date:</b> 6/07		
										<b>End Date:</b> 9/08		
										<b>Location:</b> Ward 6		
<b>Justification:</b> The building was found to be structurally unsafe due to deteriorating masonry joints. This project will restore a historic building, which is a vital part of the Armory Park Neighborhood, and provide a suitable venue for emerging theater groups and performing artists.

## Parks and Recreation - Parks Development

(\$000)

Reid Park Expansion, Phase 1

Description:

Design and construct a grassy open space and large-event venue north of Reid Lake. This project is part of a multi-phase development. Future phases will include capacity-building improvements to Reid Park, expansion of the Adaptive Recreation Center (ARC), and improvements to Randolph Center that support and complement the ARC. Future phases are contingent upon future bonds and impact fee allocations.

Justification:

This project is needed to increase capacity in our parks and recreation system and to address the demands placed on it by new development.

Reuse of Landfill Areas

Description:

Design and construct open space improvements to closed landfill sites. Funding in Fiscal Year 2009 will be used to plan the Sonoran Desert Park at the base of A Mountain.

Justification:

This project is needed to pursue the beneficial reuse of closed landfill areas for recreation and open space purposes.

<b>Tucson Children's Museum Renovations</b>										<b>Project ID:</b> RP20		
<b>Description:</b> Design and renovate the museum as necessary to remove the existing non-historic entry courtyard screen walls and expose the historic facade of the original Carnegie Library building. The entry courtyard will be expanded, and the demolished screen walls will be replaced with a period-specific wrought iron fence. An intergovernmental agreement with Pima County was approved in August 2007. The original Pima County bond allocation of \$1.5 million has been reduced by \$37,500 for estimated Pima County administrative charges.												
<b>Justification:</b> This work will improve the historical integrity of the Carnegie Library building, while also providing an expanded free educational play area, that will be available to the public during museum hours.

## Parks and Recreation - Parks Development

(\$000)

<b>Udall Park Sport Fields</b> <b>Description:</b> Design and construct two lighted soccer fields, lighting for an existing soccer field, a comfort station, and associated parking. The search for a 50-acre site for the Eastside Sports Complex proved unsuccessful and has resulted in an amendment to the 2004 Pima County Bond Implementation Ordinance. That amendment creates two new projects to replace the original Eastside Sports Complex: this project and the Lincoln Park Sport Fields project. The original funding amount of \$2.5 million is reduced by \$40,000 for Pima County administrative charges. <b>Justification:</b> Currently, there is a considerable shortage of sport fields on the eastside on Tucson. This project will provide much needed soccer fields and associated amenities.										<b>Project ID:</b> RP13 <b>Start Date:</b> 7/07 <b>End Date:</b> 11/09 <b>Location:</b> Ward 2

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

**Police**

## **Capital Improvement Program Department Statement**

**FY 2009 through FY 2013**

**Department:** Police

**Five-Year Total:** \$ 78,910,000

The Tucson Police Department's Five-Year Capital Improvement Program will enhance the department's commitment to community-based policing, provide much needed space for staff, and upgrade support facilities. The five-year program of \$78.9 million is funded from the capital improvement fund, which includes non-bond financing. Major projects include the following:

- **Crime Lab and Investigative Division Renovation:** The laboratory, currently located in the headquarters building, has insufficient space to analyze evidence obtained from crime scenes without risking contamination. The space allocated is approximately half of the National Forensics Science Technology Center's recommendation. The center indicates that anything less than half of its recommendation is detrimental to effective analysis and significantly increases the risk of contamination. This project also includes funding to relocate a portion of the Investigation Services Bureau presently housed in Headquarters. The space available for these bureau functions is inadequate for the investigative staff to effectively perform their duties.
- **Evidence Facility:** A facility has been purchased and is being renovated to increase space for the storage of evidence and allow the department to relocate its Identification Section. Currently, the Evidence and Identification Sections are out of space. Expansion is required to continue offering levels of service expected by the public. The total cost, including purchase of the facility, is \$15.6 million. The projected date for transferring the sections is March 2008, but residual costs resulting from the relocation may well continue into Fiscal Year 2009.
- **Police Field Support Equipment:** This project will allow the department to expand the area available for training Communications Division staff and prepare for the establishment of a sixth patrol division as the city's area and population continue to grow. The project should be completed in Fiscal Year 2009.
- **Police Headquarters Expansion:** As the city grows, the department will have to add both commissioned and support personnel to patrol the city, investigate crimes, and analyze evidence. These increased resources will require a significant expansion of Police Headquarters, which currently houses the Crime Laboratory, the Investigative Services Bureau, the Downtown Patrol Division, support functions, and management personnel. Department and city staff are determining the most cost efficient and operationally effective way to proceed with the expansion. The project's budget is currently \$41.1 million. The tentative completion date is Fiscal Year 2011.

The five-year CIP has a projected annual impact on the operating budget of \$100,000 in Fiscal Year 2009 and increases to \$430,000 in Fiscal Year 2013.

## Police: CIP Impact on the Operating Budget

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

(\$000)

<b>Crime Lab and Investigative Division Renovation</b>										<b>Project ID:</b> P012		
<b>Description:</b> Design and construct a new Crime Lab adjacent to the new Westside Police Service Center. Renovate an existing structure at the site for relocation of the Investigative Division. Completion of this project is dependent upon funding to cover debt service payments.										<b>Start Date:</b> 1/08		
										<b>End Date:</b> 6/10		
										<b>Location:</b> Ward 3		
<b>Justification:</b> The existing Crime Lab is too small and inadequate for the operations currently being conducted at the lab. Current housing of the Investigative Division is inadequate for investigative staff to effectively perform their duties.

<b>Evidence Facility</b>  <b>Description:</b> Design and construct a facility to house the Evidence and Identification Sections. The city is purchasing and renovating a warehouse that offers sufficient space for these two functions.  <b>Justification:</b> Because the Evidence Section no longer has space to store items at Police Headquarters, it has been forced to place evidence at various locations throughout the city. If the department had to continue this practice indefinitely, the chain of evidence would have been compromised with a resulting loss of convictions that would allow alleged criminals to remain free.										<b>Project ID:</b> P008 <b>Start Date:</b> 1/06 <b>End Date:</b> 9/08  <b>Location:</b> Ward 5

<b>Police Headquarters Expansion</b>										<b>Project ID:</b> P015		
<b>Description:</b> Renovate Police Headquarters to provide additional space for the Downtown Patrol Division and department administrative personnel. Completion of this project is dependent upon funding to cover debt service payments.										<b>Start Date:</b> 7/06		
										<b>End Date:</b> 1/11		
										<b>Location:</b> Ward 1		
<b>Justification:</b> As the city continues to grow, the department will have to add both commissioned and support personnel to patrol the city, investigate crimes, analyze evidence, and manage additional human and material resources. The added staff will require additional space to carry out their responsibilities in an acceptable manner.

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

## **Transportation**

## Capital Improvement Program Department Statement

FY 2009 through FY 2013

**Department:** Transportation

**Five-Year Total:** \$ 479,747,800

Transportation's Capital Improvement Program (CIP) of \$479.7 million funds improvements for a multi-modal transportation system and infrastructure designed to attract industry and protect neighborhoods. The program is divided into five areas: Drainage, Public Transit, Street Lighting, Streets, and Traffic Signals. Regional Transportation Authority (RTA) supported projects are included in the Streets, Traffic Signals, and Transit elements.

**Drainage.** The Drainage Program of \$68,500 is based on the Tucson Stormwater Management Study and emphasizes the protection of neighborhoods and naturally-vegetated watercourses. Projects are primarily funded with general obligation bonds.

**Public Transit.** The Public Transit Program of \$189 million replaces Sun Tran and Van Tran fleet vehicles, and upgrades and constructs facilities to support transit operations. This five-year CIP provides \$19.7 million funding for the Sun Tran Maintenance Facility and \$35.7 million for the Modern Streetcar from the RTA. This program is primarily funded with federal grants, which have local matches provided by a General Fund subsidy and RTA funds.

**Street Lighting.** The Street Lighting Program of \$1.3 million constructs street lighting and sidewalk improvements, converts overhead circuits to underground circuits, and upgrades existing conductors and poles. The Comprehensive Roadway Illumination Study serves as the basis for street lighting projects. Projects are primarily funded from Pima County bonds and the city's general obligation bonds.

**Streets.** The Streets Program of \$283.4 million will upgrade the arterial, collector, and residential transportation network, including streets, sidewalks, and bikeways, with the primary goal of maintaining an arterial street system that permits a safe and an unimpeded flow of traffic. The program is funded primarily from RTA funds allocated by the Pima Association of Governments, federal grants, and Pima County bonds.

**Traffic Signals.** The Traffic Signals Program of \$5.9 million constructs traffic signals, signal systems at schools, and pedestrian crossing improvements; upgrades the computerized traffic control system; and continues support for the state's Freeway Management System, deployment of Intelligent Transportation System, and the Regional Transportation Data Network. Projects are primarily funded with federal grants and RTA funds.

The impact of this five-year CIP on future operating budgets is estimated to be \$168,500 in Fiscal Year 2010, increasing to \$841,500 in Fiscal Year 2013.

**2000 General Obligation Bond Authorization  
New and Deleted Projects in the FY 2009-2013 CIP  
(\$000)**

The Truth-in-Bonding Ordinance reads as follows: "That in any particular year, approved bond proceeds to be allocated to projects in accordance with the priority levels set forth in the City of Tucson's publicly adopted Five-Year Capital Improvements Funded Program (CIFP). Any change which results in the creation of new or cancellation of previously approved capital projects requires prior Mayor and Council approval at a Study Sessions or Regular Session open to the public, which will include a Public Hearing, and which shall be consistent with all other legal and management requirements, procedures, and controls."

The following table lists projects newly funded by the 2000 Bond Authorization and those projects that will no longer be funded with the 2000 Bond Authorization.

	<b>Project Total</b>
<b>Newly Created 2000 Bond Project</b>	
Midvale Park Neighborhood Lighting	\$ 60.0
<b>Newly Created Projects Total</b>	<b>\$ 60.0</b>

## Transportation: CIP Impact on the Operating Budget

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

## Pima County Bond Program

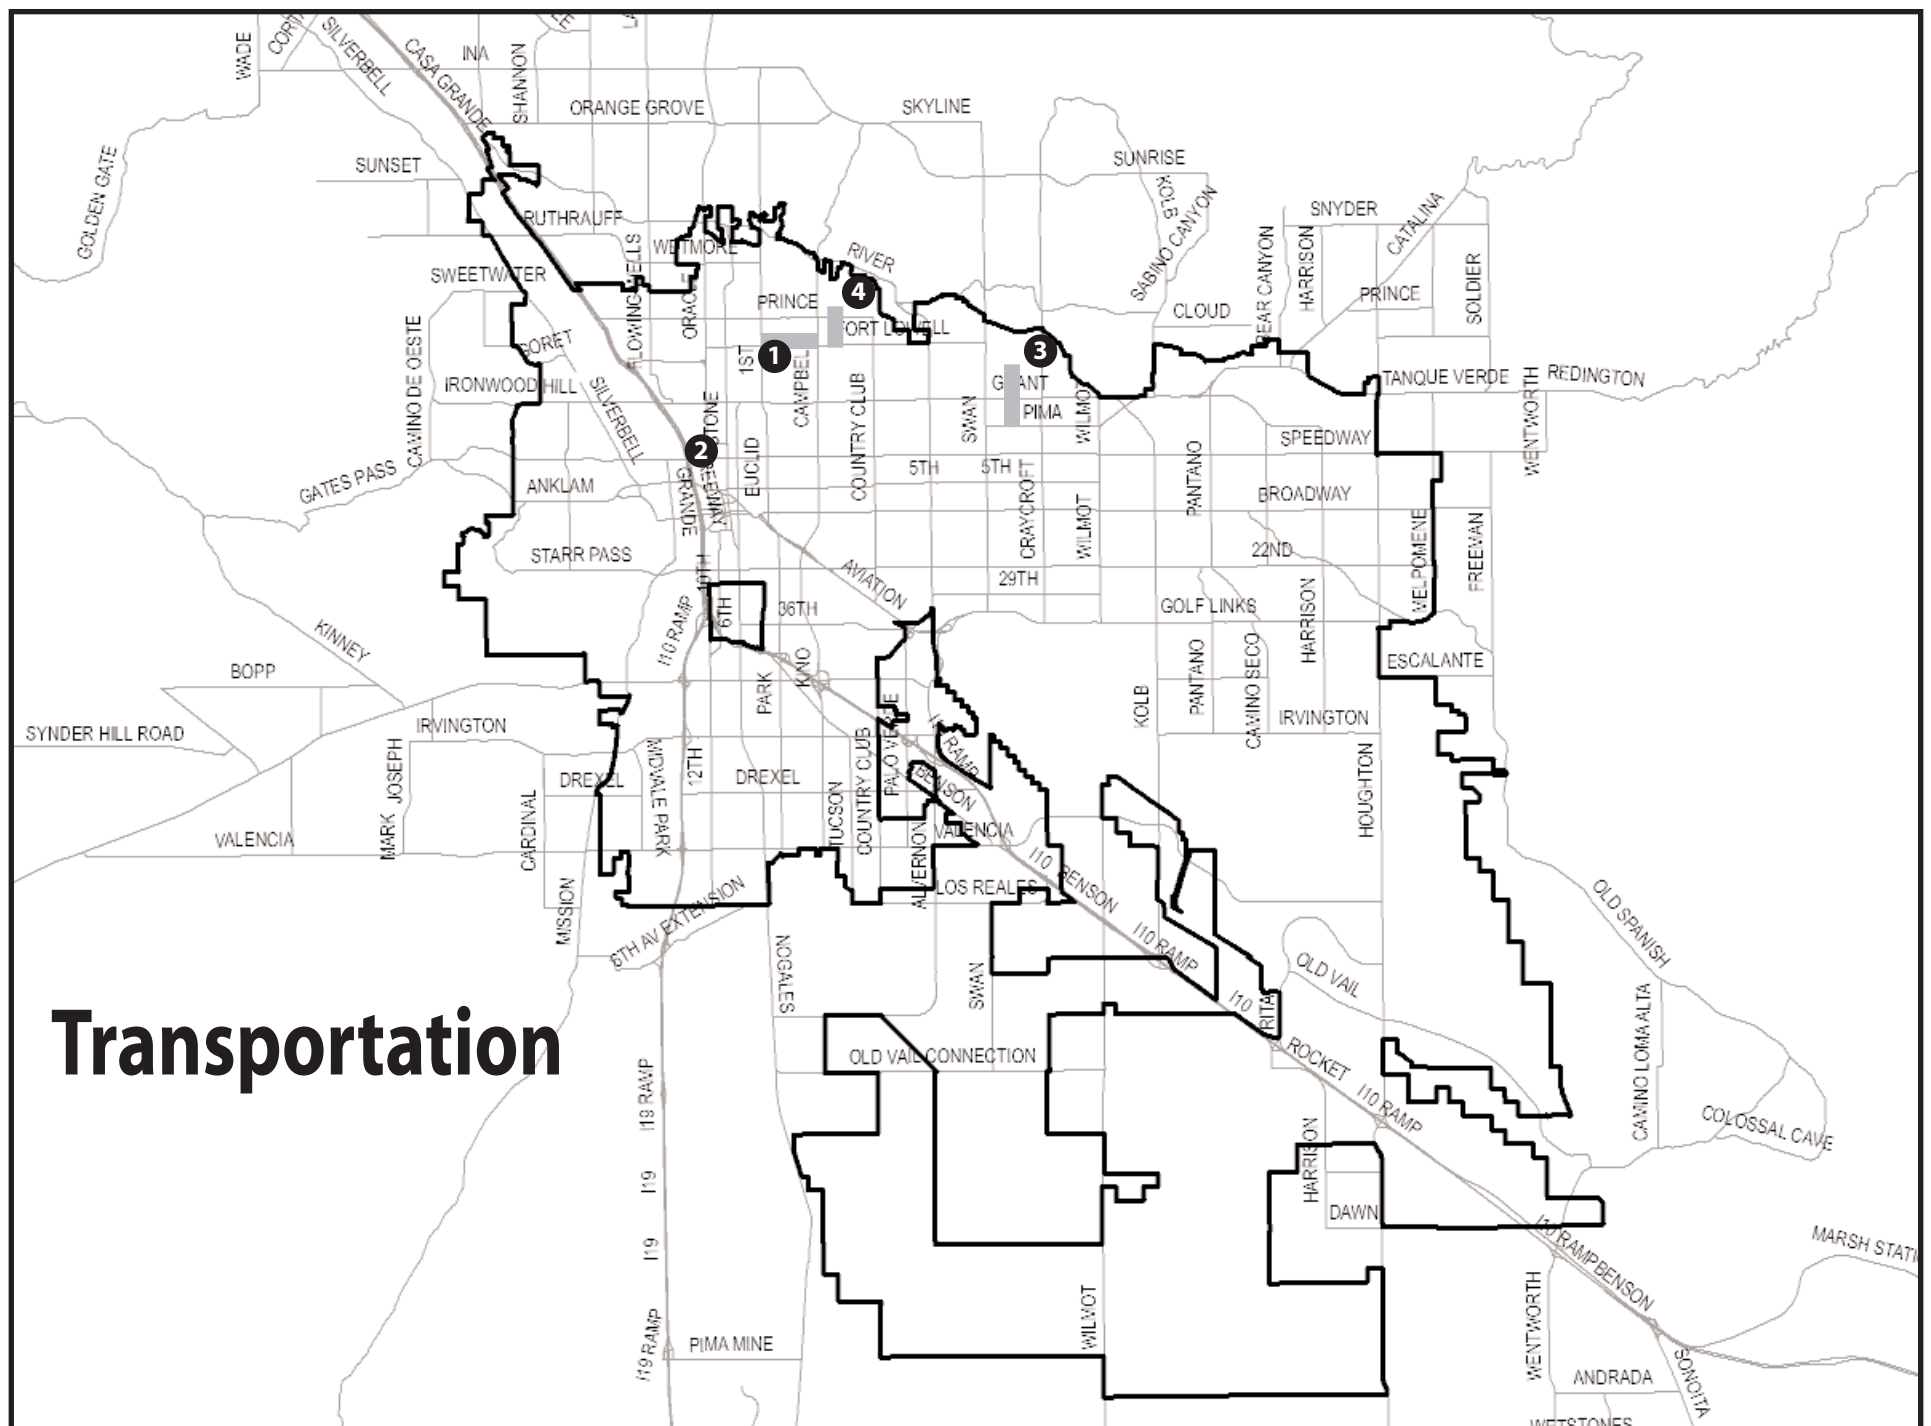

### Street Projects Located Within the City of Tucson

The projects listed below are Pima County 1997 Highway User Revenue Bond street projects that are totally or partially located within the city limits.

The implementation of projects within the city has been stalled for a variety of reasons, including but not limited to, the need for additional funding. In May 2004, the Pima County Board of Supervisors and the City of Tucson Mayor and Council approved a Memorandum of Understanding to expend the authorized 1997 Pima County Highway User Revenue Bonds to maximize benefits for the residents of the city and county.

Pima County Project Number	Project Name	Pima County Bond Funds (\$000)
<b>Project Eliminated by Board of Supervisors</b>		
DOT-41	22nd Street: Interstate 10 to Park Avenue (originally a \$10 million project)	-0-
<b>Projects Completed (without city financial assistance)</b>		
DOT-43	12th Avenue: Veterans to Los Reales (The city paid for the improvements to 12th Avenue from Drexel to Valencia at a cost of \$4.9 million.)	\$ 9,000.0
DOT-05	Alvernon Way: Ft. Lowell to River Road (Intergovernmental Agreement approved December 2004.)	12,000.0
DOT-12	Country Club Road: 36th Street to Milber	7,000.0
DOT-49	Valencia Road: Mission to Interstate 19	6,000.0
<b>Projects Completed (with city financial assistance)</b>		
DOT-55	Golf Links Road: Bonanza to Houghton	2,500.0
DOT-39	Valencia Road: Interstate 19 to South 12th Avenue	900.0
<b>Projects Moving Forward (assumed not to need city financial assistance)</b>		
DOT-11	Drexel Road: Tucson Boulevard to Alvernon	6,500.0
<b>Under the Memorandum of Understanding</b>		
<b>Projects to be Administered by City of Tucson</b>		
DOT-56	Broadway Boulevard: Euclid to Campbell* (Intergovernmental Agreement approved December 2004.)	25,000.0
DOT-58	Kino Parkway Overpass at 22nd Street (Intergovernmental agreement approved December 2004.)	10,000.0
<b>Projects to be Administered by Pima County</b>		
<b>Other Projects (Pima County will make every reasonable effort to fund from its 1997 bond program)</b>		
DOT-29	Houghton Road: Golf Links to I-10	20,000.0
<b>TOTAL</b>		<b>\$ 98,900.0</b>

\* Under the terms of the Memorandum of Understanding, the City of Tucson is to make every reasonable effort to provide \$25 million in improvements to Broadway Boulevard: Campbell to Country Club.

## Transportation - Drainage

(\$000)

<b>Columbus Wash Drainage Relief, Phase II</b>										<b>Project ID:</b> S407					
<b>Description:</b> Design and construct the final phase of the Columbus Wash project, which includes the extension of the storm drain system upstream along the possible alignment of Belvedere Road to south of Speedway Boulevard. The Pima County Flood Control District has provided funding of \$6.4 million.													<b>Start Date:</b> 7/01		
													<b>End Date:</b> 6/09		
													<b>Location:</b> Ward 6		
<b>Justification:</b> When the project is completed, the floodplain map will be revised; numerous properties will no longer be within the floodplain boundaries.															
<b>Source of Funds:</b>		<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>		
			<b>Carry Forward</b>	<b>New Funding</b>	<b>Year 1 Total</b>	<b>Year 2 FY 2010</b>	<b>Year 3 FY 2011</b>	<b>Year 4 FY 2012</b>	<b>Year 5 FY 2013</b>

<b>Park Avenue Detention Basin, Phase II</b>										<b>Project ID:</b> S400					
<b>Description:</b> Design and construct a flood control basin that incorporates recreation and habitat preservation into a community park. This is a U.S. Army Corps of Engineers' (USACE) project with Pima County Flood Control District as the local sponsor. The USACE requires that local entities pay for land acquisition and preferred options, such as recreation and habitat preservation. The remaining funding contribution from the City of Tucson is for aesthetic betterments not covered by the Corps of Engineering funding.													<b>Start Date:</b> 7/97		
													<b>End Date:</b> 6/09		
													<b>Location:</b> Wards 1, 5, and 6		
<b>Justification:</b> This second phase of a jointly sponsored project will remove approximately 1,400 properties from the 100-year floodplain, relieving property owners of the requirement to purchase flood insurance.															
<b>Source of Funds:</b>		<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

## Transportation - Public Transit

(\$000)

<b>Ronstadt Transit Center</b>										<b>Project ID:</b> M611		
<b>Description:</b> Design and construct modifications to the Ronstadt Transit Center to create space for a mixed-use facility on the southern edge (Congress Street frontage). This project will also include circulation studies, modifications required for transit movements, and intersection improvements for transit service.										<b>Start Date:</b> 7/05		
										<b>End Date:</b> 6/11		
										<b>Location:</b> Ward 6		
<b>Justification:</b> Rio Nuevo plans have suggested that Congress Street would make for a good pedestrian, housing, retail, and restaurant district. This project will allow for those changes and ensure the positive future at the Ronstadt Transit Center for transit vehicles.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

<b>Sun Tran Maintenance Facility</b>										<b>Project ID:</b> M017C		
<b>Description:</b> Design and construct a bus storage and maintenance facility for 250 buses that includes an operations building, a maintenance building, fare retrieval, and fuel, wash, and bus canopies.										<b>Start Date:</b> 7/96		
										<b>End Date:</b> 6/13		
										<b>Location:</b> Ward 3		
<b>Justification:</b> The current facility at Park and Ajo was built in 1976 and is operating beyond its designed capacity. This facility will be required to support new services required in the RTA Transit plan. This project was approved by Mayor and Council January 17, 2007 for RTA funding.

<b>6th Avenue: 18th Street Intersection</b>										<b>Project ID:</b> S30J		
<b>Description:</b> Design and construct a new traffic signal at the intersection of 6th Avenue with 18th Street and Stone Avenue. This project includes the conversion of both Stone Avenue and 6th Avenue, from 18th Street to Congress Street, to two-way streets with parkway landscaping. Also included in the project is the widening of 6th Avenue, from 18th Street to 19th Street, to match the existing improvements that are south of 19th Street.										<b>Start Date:</b> 7/99		
										<b>End Date:</b> 6/09		
										<b>Location:</b> Wards 5 and 6 (within Rio Nuevo District)		
<b>Justification:</b> These improvements will support downtown revitalization efforts by improving the traffic circulation along the southern gateway.

Control Center to South Tucson Connection

Description:

Connect the city traffic operations center to the City of South Tucson; this project will include communications and network equipment.

Justification:

The City of South Tucson is a Pima Association of Governments regional member responsible for the control and operations of traffic signals in their jurisdiction. This connection will enhance signal coordination across jurisdictional boundaries.

Project ID: S78B

Start Date: 7/05

End Date: 6/09

*Approved Five-Year  
Capital Improvement Program  
Fiscal Years 2009 through 2013*

**Water**

## Capital Improvement Program Department Statement

**FY 2009 through FY 2013**

**Department:** Tucson Water

**Five-Year Total:** \$ 352,677,000

Tucson Water's Capital Improvement Program (CIP) is a cornerstone in a long-term water supply plan for the community. This CIP will significantly assist in attaining safe yield in the Tucson basin, balancing groundwater pumping with natural replenishment of the aquifer. The five-year program reflects the city's leadership in water resource management through the prudent use of groundwater, Colorado River water, and reclaimed water. The CIP includes the Southern Avra Valley Storage and Recovery Project (SAVSARP), which will provide the capacity to recharge, and eventually recover, 60,000 acre-feet of Colorado River water annually. Along with the Central Avra Valley Storage and Recharge facility, the city will be able to recharge all of its annual Colorado River water allocation (144,191 acre-feet).

The five-year capital program of \$352.6 million includes improvements to both the potable and reclaimed water systems. The five-year CIP utilizes \$50.7 million from the 2005 bond authorization, \$160.7 million in water revenues, \$5.0 million from the Water Infrastructure Reserve Fund, \$0.6 million from federal grants, and \$135.6 million from a future bond authorization. A new bond election will need to be conducted by late Fiscal Year 2009.

The Tucson Water CIP is divided into two program groups: Potable Water System and Reclaimed Water System. Improvements to both water systems will ensure the following:

- Potable and reclaimed customers are provided high quality water.
- The water supply is reliable.
- The safe yield and assured water supply requirements of the Arizona State Groundwater Management Act are met.

**Potable Water System.** These projects total \$314.4 million over the next five years. The focus of the potable system program is construction and expansion of the Colorado River water recharge facilities. With the completion of SAVSARP, Tucson Water will have approximately 160,000 acre-feet of annual recharge capacity by the end of Fiscal Year 2009.

**Reclaimed Water System.** These projects total \$38.2 million over the next five years. Construction of a \$29 million Regional Water Facility will begin during the next five years with an estimated completion date of 2014. This CIP includes \$15.6 million for the first phases of that project.

The impact of this five-year CIP on the operating budget ranges from \$6.2 million in Fiscal Year 2009 to \$10.9 million in Fiscal Year 2013. See a following page for the impact by project and funding source.

**Bond Project Changes.** Several projects in this five-year program are listed in the budget public hearing council memorandum as required by the Truth-in-Bonding Ordinance, because they are either cancelled projects or new projects. These projects are presented in a table on the following page.

## 2005 Water Revenue Bond Authorization New and Deleted Projects in the FY 2009-2013 CIP (\$000)

The Truth-in-Bonding Ordinance reads as follows: "That in any particular year, approved bond proceeds to be allocated to projects in accordance with the priority levels set forth in the City of Tucson's publicly adopted Five-Year Capital Improvements Funded Program (CIFP). Any change which results in the creation of new or cancellation of previously approved capital projects requires prior Mayor and Council approval at a Study Sessions or Regular Session open to the public, which will include a Public Hearing, and which shall be consistent with all other legal and management requirements, procedures, and controls."

The following table lists projects newly funded by the 2005 Water Revenue Bonds and those projects that will no longer be funded with the 2005 Water Revenue Bonds.

	<b>Project Total</b>	
<b>Newly Created 2005 Water Revenue Bond Projects</b>		
Arc Flash Service Upgrades	\$ 3,000.0	
Avra Valley Augmentation - Irvington Reservoir	570.0	
Equip Reclaimed Well EW-008	425.0	
Monitor Wells	530.0	
Pipeline Protection: Acoustic Monitoring	92.0	
Redington Road Main Improvements	305.0	
Regional Reclaimed Facility: Effluent Pumping	50.0	
Regional Reclaimed Facility: Ina Effluent	100.0	
Responsive Meter Replacement	250.0	
Rockcliff Booster Improvements	90.0	
Source Meter Replacement	635.0	
Sweetwater Recharge Facility Pipeling Phase I	544.0	
Sweetwater Wetlands Lining Project	180.0	
Tanque Verde Road Main Replacement	276.0	
Tucson Airport Authority Distribution Main	750.0	
Union Pacific Railroad Potable Casing Extensions	500.0	
Wellfield Upgrades	450.0	
<b>Newly Created Projects Total</b>	<b>\$ 8,747.0</b>	
	<b>Previous Allocation</b>	<b>Current Funding Source</b>
<b>Projects No Longer Funded by 2005 Water Revenue Bonds</b>		
18th Street Crossover Flow Meter	\$ 20.0	Backlogged/delayed
Clearwater Chemical Feed System Upgrade	75.0	Future revenue bonds
Devine Reservoir Vault and Piping Modifications	177.0	Backlogged/delayed

**2005 Water Revenue Bond Authorization**  
**New and Deleted Projects in the FY 2009-2013 CIP**  
(\$000)

	<u>Previous Allocation</u>	<u>Current Funding Source</u>
<b>Projects No Longer Funded by 2005 Water Revenue Bonds</b> (continued)		
Flow Meters	\$ 100.0	Backlogged/delayed
Jefferson Park Addition Main Replacement	1,445.0	Backlogged/delayed
Main Extensions: Miscellaneous	165.0	Backlogged/delayed
Mark Road Booster Station Modifications	50.0	Backlogged/delayed
Reservoir Roof Replacements	49.0	Water revenues
Tucson Water Document Management	260.0	Backlogged/delayed
<b>No Longer Funded with 2005 Bonds Total</b>	<b>\$ 2,341.0</b>	

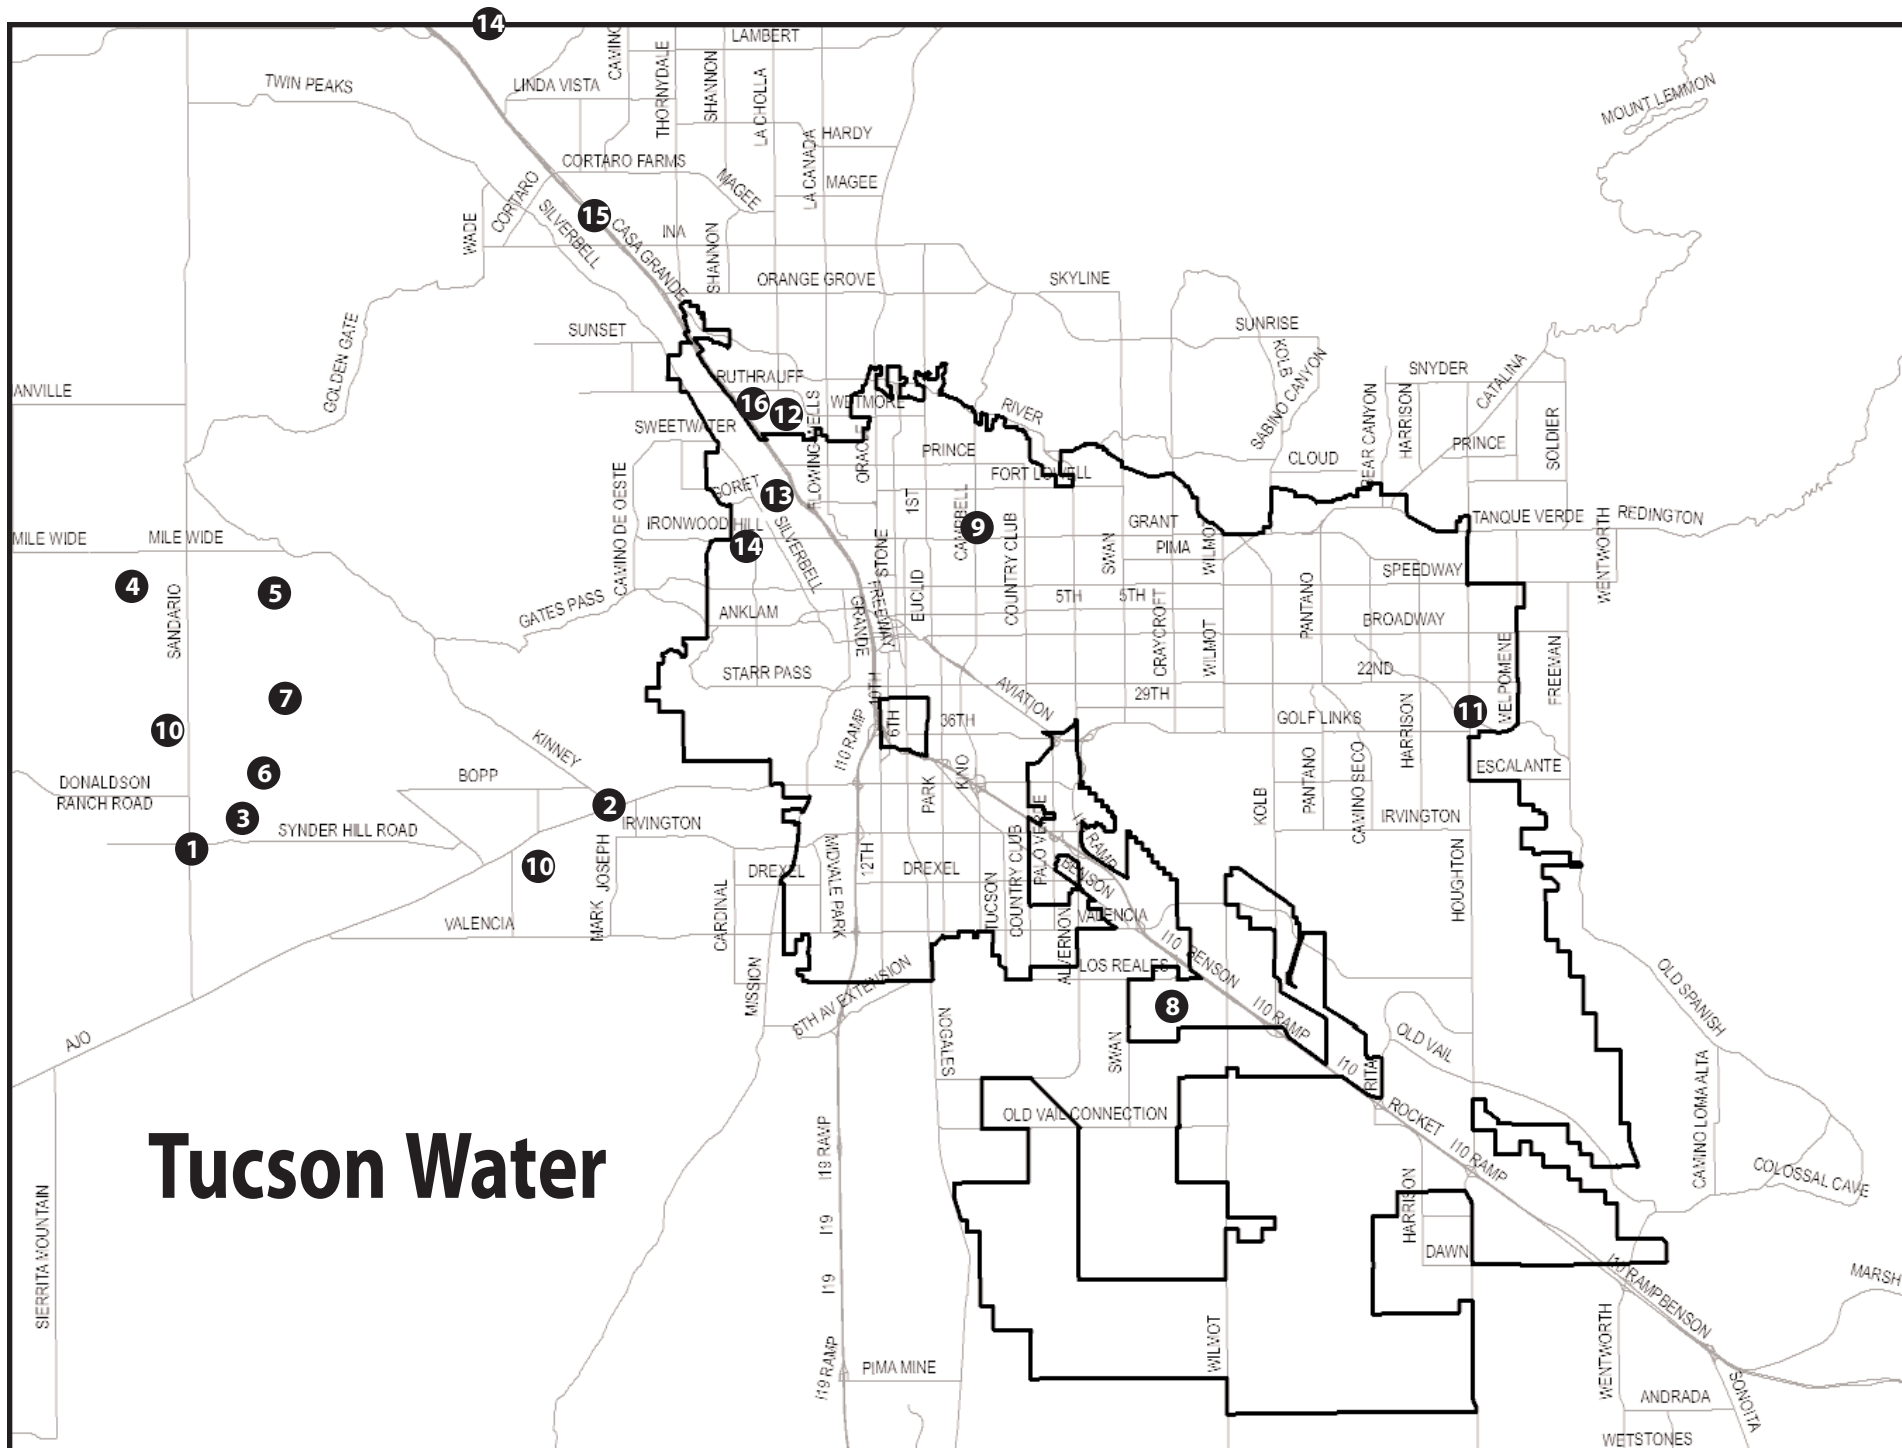

## Tucson Water: CIP Impact on the Operating Budget

When the following projects in this CIP are completed, they will require funding for annual operations. The estimated impact of these projects on the operating budget over the next five years is shown in the table below.

(\$000)

<b>Project Name</b>	<b>Year 1 FY 2009</b>	<b>Year 2 FY 2010</b>	<b>Year 3 FY 2011</b>	<b>Year 4 FY 2012</b>	<b>Year 5 FY 2013</b>	<b>Five Year Total</b>
Southern Avra Valley Storage & Recovery Project	6,195.1	7,525.5	9,061.0	10,891.0	10,950.0	44,622.6
<b>Total</b>	<b>6,195.1</b>	<b>7,525.5</b>	<b>9,061.0</b>	<b>10,891.0</b>	<b>10,950.0</b>	<b>44,622.6</b>

<b>Source of Funds Summary</b>						
Tucson Water Revenue and Operations Fund	6,195.1	7,525.5	9,061.0	10,891.0	10,950.0	44,622.6
<b>Total</b>	<b>6,195.1</b>	<b>7,525.5</b>	<b>9,061.0</b>	<b>10,891.0</b>	<b>10,950.0</b>	<b>44,622.6</b>

## Map Legend

### Tucson Water

<u>Project Name</u>	<u>Year to be Completed</u>	<u>Project Name</u>	<u>Year to be Completed</u>
<u>Recharge and Recovery</u>		<u>Potable Distribution</u>	
1. Southern Avra Valley Storage and Recovery Project	FY 2009	9. Samos Main Replacement	FY 2009
		10. SAVSARP Collector Pipelines, Ph. I and II	FY 2012
<u>Potable Storage</u>		<u>Potable General Plant</u>	
2. Avra Valley Augmentation-Irvington Reservoir	FY 2010	11. Eastside Maintenance Facility	FY 2009
3. Southern Avra Valley Reservoir and Booster Station	FY 2012		
<u>Potable Pumping Plant</u>		<u>Reclaimed Source Development</u>	
4. CAVSARP Booster Expansion	FY 2009	12. Equip Reclaimed Wells EW-009 and EW-010	FY 2011
		13. Reclaimed Storage and Recovery	FY 2013
<u>Potable Transmission</u>		<u>Reclaimed Storage</u>	
5. CAVSARP Raw Water Augmentation	FY 2013	14. Dove Mountain Reclaimed Reservoir	FY 2013
6. South Avra Valley Raw Water Delivery Pipeline	FY 2009	15. Regional Reclaimed Facility: Ina Road Reservoir	FY 2014
7. South Avra Valley Recovered Transmission Main	FY 2012		
8. Swan to Wilmot Transmission Main	FY 2013

## Tucson Water - Potable Source Development

(\$000)

<b>CAVSARP Well Pump Improvements</b>										<b>Project ID:</b> W553		
<b>Description:</b> Upgrade existing line shafts on Central Avra Valley Storage and Recovery Project (CAVSARP) well pumps with product lubrication systems, and re-equip wells with new materials.										<b>Start Date:</b> 7/06		
										<b>End Date:</b> 6/13		
										<b>Location:</b> County		
<b>Justification:</b> Evaluating and upgrading wells will reduce maintenance and improve operating efficiency and reliability.

<b>Drill Production Wells</b>										<b>Project ID:</b> W101		
<b>Description:</b> Annually, design and drill water production wells. This project scope includes drilling 17 additional Southern Avra Valley Storage and Recovery Project (SAVSARP) wells and 3 additional wells throughout the general service area during the five year period. The estimated cost per well is \$325,000.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> New wells are needed to meet increasing demand, to replace those that fail or do not generate sufficient water production, and to provide backup capacity.

<b>Pressure Tank Replacement</b>										<b>Project ID:</b> W075		
<b>Description:</b> Design and construct the replacement of pressure tanks at water wells and booster stations. The funding in Fiscal Year 2009 addresses the immediate requirements and will replace two pressure tanks. As funds become available on an annual basis, uncertified tanks will be replaced and the remaining uncertified tanks prioritized.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> Safety requirements mandate tank replacement for those not meeting code or lacking certification from the American Society of Mechanical Engineers.

## Tucson Water - Potable Storage

(\$000)

<b>Southeast G Zone Reservoir</b> <b>Description:</b> Design and construct a 5 million gallon reservoir. The design will be completed in Fiscal Year 2008, followed by construction in Fiscal Years 2009 and 2010. The timing of this project is linked to the construction of the developer-financed Houghton Transmission Main.  <b>Justification:</b> This reservoir will upgrade the storage capacity for the Southeast G Zone service area.										<b>Project ID:</b> W260 <b>Start Date:</b> 6/03 <b>End Date:</b> 6/10 <b>Location:</b> County

## Tucson Water - Potable Storage

(\$000)

<b>Thornydale/Tangerine C Zone Reservoir</b>										<b>Project ID:</b> W471		
<b>Description:</b> Design and construct a 3 million gallon reservoir to address projected population growth and increased water demand in this area. Approximately 85% of the total project costs will be shared with area developers and the remaining 15% paid by Tucson Water for oversizing to meet projected additional customer demand in the area. This project schedule is controlled by developers and has experienced delays; completion is now scheduled for Fiscal Year 2009.										<b>Start Date:</b> 7/04		
										<b>End Date:</b> 6/09		
<b>Justification:</b> The existing facilities will fall short of meeting projected water demand in the near future. This facility will provide for projected population growth and increased water demand in this area.										<b>Location:</b> County

## Tucson Water - Potable Pumping Plant

(\$000)

<b>Avra Valley D Zone Pressure Regulating Valves</b>										<b>Project ID:</b> W527					
<b>Description:</b> Design and construct four pressure regulating valve stations, metering, and control devices on the Avra Valley Augmentation Transmission Main, the 24-inch Santa Cruz River, the 48-inch Park Avenue, and the 48-inch Alvernon Way/Valencia Road C Zone Transmission Mains. The design will be completed in Fiscal Year 2013 with construction completed in Fiscal Year 2015.													<b>Start Date:</b> 7/12		
													<b>End Date:</b> 6/15		
													<b>Location:</b> City and County		
<b>Justification:</b> Water will be moved from the Avra Valley Augmentation Transmission Main at D Zone pressure levels into A1, B1, and C1 Zones, which will improve reliability. The C1 Zone pressure regulating valve will provide additional water supply to the water system in the southeast service area.

<b>CAVSARP/BKW Farms Raw Water Booster</b>										<b>Project ID:</b> W574		
<b>Description:</b> Replace the existing natural-gas-driven booster station owned by the BKW Farms with a larger electric-driven booster station. The new electric-driven booster will be owned by Tucson Water and bring additional Colorado River water to recharge basins at CAVSARP (Central Avra Valley Storage and Recovery Project.) The design phase is scheduled in Fiscal Year 2013, followed by construction in Fiscal Year 2014.										<b>Start Date:</b> 7/12		
										<b>End Date:</b> 6/14		
										<b>Location:</b> County		
<b>Justification:</b> This project will increase the CAVSARP facility's recharge capacity and enable full utilization of Colorado River water.

## Tucson Water - Potable Transmission

(\$000)

Avra Valley Transmission Main Augmentation

Description:  
Design and construct approximately 60,000 feet of large diameter transmission main to deliver water from the Hayden-Udall Treatment Plant to the central system and southeast Tucson. Conceptual route study, easement acquisition, and design will be completed by Fiscal Year 2011; construction will begin in Fiscal Years 2014.

Justification:  
This project will provide reliable delivery of SAVSARP (Southern Avra Valley Storage and Recovery Project) water to the central system by creating an alternate delivery route.

Project ID: W410

Start Date: 7/06

End Date: 7/16

Location: City and County

Source of Funds:	Prior Year(s)	Adopted Fiscal Year 2009			Approved	Projected Requirements				Five Year Total	Future Years	Total Project

Cathodic Protection for Critical Pipelines

Description:  
Design and construct cathodic protection and corrosion monitoring facilities. These pipelines range from 16- to 96-inches in diameter and are located throughout Tucson Water's service area.

Justification:  
This project is necessary as a precautionary measure to prevent corrosion-related failure of the city's largest and most critical pipelines.

Project ID: W320

Start Date: Annual

End Date: Annual

Location: City and County

## Tucson Water - Potable Transmission

(\$000)

<b>CAVSARP Raw Water Augmentation</b>										<b>Project ID:</b> W576		
<b>Description:</b> Design and install 8,000 feet of 36-inch diameter pipe. The project will begin at the new pumping station located at BKW farms, parallel the current 54- and 36-inch raw water lines feeding the recharge basins, and tie into the 36-inch high-density polyethylene line from the original pilot recharge basins. The line will then be connected to three recharge basins by the inlet structure laterals. The design will be completed in Fiscal Year 2012 with construction completion in Fiscal Year 2013.										<b>Start Date:</b> 7/11		
										<b>End Date:</b> 6/13		
<b>Justification:</b> This project will increase the amount of Colorado River raw water delivered, from 80,000 acre-feet/year to 100,000 acre-feet/year, to the three new recharge basins at the Clearwater Facility.										<b>Location:</b> County		

## Tucson Water - Potable Transmission

(\$000)

Rehabilitation of Critical Transmission Mains

Description:

Rehabilitate prestressed concrete cylinder pipe transmission main segments by installing tendons at approximately 3-inch intervals and applying shotcrete (concrete applied at high velocity). One or two pipe segments will be rehabilitated each fiscal year.

Justification:

The Pipeline Protection Program, through its internal electromagnetic surveys, has identified several distressed concrete cylinder pipe segments containing a high number of broken wires. Certain operating pressure and conditions combined with a critical number of wire breaks could result in pipe failure. This project will strengthen and improve the integrity of the pipe.

Source of Funds:	Prior Year(s)	Adopted Fiscal Year 2009			Approved	Projected Requirements				Five Year Total	Future Years	Total Project

Santa Rita Bel Air G Zone Transmission Main

Description:

Budget capacity to cover the reimbursement payments for oversizing a developer-financed transmission main to meet customer needs beyond the development. This 24-inch main will be increased to a 36-inch diameter main.

Justification:

This project will provide additional capacity needed to serve the Santa Rita Bel Air area.

## Tucson Water - Potable Transmission

(\$000)

<b>Southeast E Zone Transmission Main</b> <b>Description:</b> Design and install approximately 24,000 feet of 66-inch transmission main. The main will connect from a 24-inch cross at the southeast corner of Hermans and Wilmot Roads. The main will follow Wilmot Road south and head east along Old Vail Road before reaching the Southeast E Zone Reservoir site. The gap in funding for this project is necessitated by the need to accommodate the Southern Avra Valley Storage and Recovery Project.										<b>Project ID:</b> W321 <b>Start Date:</b> 7/02 <b>End Date:</b> 6/14 <b>Location:</b> County		
<b>Justification:</b> This project will ensure the delivery of water to future developments in the southeast region.

## Tucson Water - Potable Distribution

(\$000)

<b>Distribution Main Projects - General</b>										<b>Project ID:</b> WDD9		
<b>Description:</b> Budget capacity for anticipated, but not yet specifically identified infrastructure replacement projects. Projects will be determined as part of Tucson Water's ongoing capital planning process, which takes a comprehensive look at system needs.										<b>Start Date:</b> 7/08		
										<b>End Date:</b> 6/13		
										<b>Location:</b> City and County		
<b>Justification:</b> These projects will ensure that the system can meet volume and pressure requirements during the summer months.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>			<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

<b>Emergency Main Replacement</b>										<b>Project ID:</b> W186		
<b>Description:</b> Replace approximately 3,000 feet of mains annually, on an as-needed, emergency basis.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> Immediate response to requests for emergency main replacements is required to reduce water loss, improve system reliability, and maintain water quality.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>			<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

## Tucson Water - Potable Distribution

(\$000)

<b>Extensions for New Services</b>										<b>Project ID:</b> W107		
<b>Description:</b> Design and install minor extensions from the distribution system as requested by customers. Associated costs are reimbursed by the customer.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> Extensions allow Tucson Water to install (or upgrade piping in order to install) new services in an expeditious manner. This project ensures that piping is suitable in strength and durability and is available to connect to the distribution system.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>				<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

## Tucson Water - Potable Distribution

(\$000)

<b>Payments to Developers for Oversized Systems</b>										<b>Project ID:</b> W108		
<b>Description:</b> Reimburse developers for the cost of oversizing water system components (pipes, mains, and boosters) when Tucson Water requests a capacity greater than needed by the development.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> Oversizing is sometimes required to supply present or projected future demands consistent with Tucson Water's planning and to avoid expensive replacement by the utility in the future.												
			<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>					
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Carry Forward</b>	<b>New Funding</b>	<b>Year 1 Total</b>	<b>Year 2 FY 2010</b>	<b>Year 3 FY 2011</b>	<b>Year 4 FY 2012</b>	<b>Year 5 FY 2013</b>	<b>Five Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

## Tucson Water - Potable Distribution

(\$000)

<b>Redington Road Main Improvements</b>										<b>Project ID:</b> W519		
<b>Description:</b> Design and construct 3,000 feet of 12-inch main from Wentworth Road to Camino Cebadilla along Redington Road.										<b>Start Date:</b> 1/06		
										<b>End Date:</b> 6/09		
										<b>Location:</b> County		
<b>Justification:</b> The Redington Road area (east of Wentworth) is supplied water by a single 6-inch main that cannot maintain adequate water flow to the higher elevation customers. This 12-inch main will increase system reliability in the area and also provide adequate fireflow. (Fireflow is the amount of water capacity required by the Fire Code.)												
Source of Funds:	Prior Year(s)	Adopted Fiscal Year 2009			Approved	Projected Requirements				Five Year Total	Future Years	Total Project

## Tucson Water - Potable Distribution

(\$000)

<b>Road Improvement Main Replacements</b>										<b>Project ID:</b> W111		
<b>Description:</b> Install water mains during road improvement projects of City of Tucson, Pima County, Arizona Department of Transportation, and other agencies.										<b>Start Date:</b> Annual		
										<b>End Date:</b> Annual		
										<b>Location:</b> City and County		
<b>Justification:</b> Replacing water mains during roadway projects allows Tucson Water to increase system capacity, while saving money on the cost of pavement removal and replacement.												
			<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>			<b>Five</b>		
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Carry Forward</b>	<b>New Funding</b>	<b>Year 1 Total</b>	<b>Year 2 FY 2010</b>	<b>Year 3 FY 2011</b>	<b>Year 4 FY 2012</b>	<b>Year 5 FY 2013</b>	<b>Year Total</b>	<b>Future Years</b>	<b>Total Project</b>

<b>Samos Main Replacement</b>										<b>Project ID:</b> W545		
<b>Description:</b> Design and construct 1,900 feet of 6-inch pipe, 10,000 feet of 8-inch pipe, and 180 service renewals in addition to valves, fire hydrants, pavement, and other equipment. The project's approximate boundaries include a new water main along Campbell Avenue from Blackledge Drive on the north to Grant Road on the south. Other water work is bounded by Adelaide Drive on the north, Copper Street on the south, Mountain Avenue on the west, and Campbell Avenue on the east. Construction will be completed in Fiscal Year 2009.										<b>Start Date:</b> 7/06		
										<b>End Date:</b> 6/09		
										<b>Location:</b> Ward 3		
<b>Justification:</b> The department has recently responded to numerous main breaks in the area. This project will improve the integrity of the pipeline by replacing the existing asbestos cement pipes which have deteriorated due to age.												
			<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>			<b>Five</b>

Tanque Verde Road Main Replacement

Description:

Design and install approximately 1,100 feet of 12-inch main along Tanque Verde Road between Tanque Verde Wash and Woodland Road. Construction will be completed in Fiscal Year 2009.

Justification:

The existing pipe is failing and numerous breaks have recently occurred in this area.

Project ID: W660

Start Date: 7/08

End Date: 6/09

Location: County

Tucson Airport Authority Distribution Main

Description:

Design and install 3,700 feet of 16-inch diameter pipe near the airport.

Justification:

Currently, 40-year-old 12-inch diameter pipelines are used to supply water to customers. Failures have occurred on the existing pipeline. The new 16-inch pipe will be relocated to areas with better accessibility and will improve system reliability and fire flow. (Fire flow is the amount of water capacity required by the Fire Code.)

## Tucson Water - Potable Process Control

(\$000)

<b>Arc Flash Service Upgrades</b> <b>Description:</b> Purchase and install on-site power interrupt switches, new label plates warning of potential arc flash hazard, and new protective equipment for all personnel that visit a site. Approximately 200 remote sites will require electrical panel installs or upgrades at an estimated cost of \$36,000 per site.  <b>Justification:</b> New electrical safety regulations require that all non-occupied department sites containing electrical breakers or switchgear be brought into compliance.										<b>Project ID:</b> W668 <b>Start Date:</b> 7/07 <b>End Date:</b> 6/13 <b>Location:</b> City and County

## Tucson Water - Potable Process Control

(\$000)

<b>Process Control Projects - Future</b>										<b>Project ID:</b> WJ99		
<b>Description:</b> Budget capacity for anticipated, but not yet specifically identified projects. Projects will be determined as part of Tucson Water's ongoing capital planning process, which takes a comprehensive look at system needs. The gap in funding for this project is necessitated by the need to accommodate the Southern Avra Valley Storage and Recovery Project.										<b>Start Date:</b> 7/09		
										<b>End Date:</b> 6/14		
										<b>Location:</b> City and County		
<b>Justification:</b> The Data Logging and Real Time Control System provides continuous logging and control of all functions necessary to properly operate the water system. Ongoing improvements to the system are needed to keep it functioning properly and ensure system reliability.												
			<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>

<b>Remote Control System Upgrades</b>										<b>Project ID:</b> W521		
<b>Description:</b> Upgrade remote site control systems to bring the sites into compliance with Tucson Water's Remote Site Instrumentation and Control Standards.										<b>Start Date:</b> 7/05		
										<b>End Date:</b> 6/17		
										<b>Location:</b> City and County		
<b>Justification:</b> Currently, 200 remote control systems are installed to operate various boosters, reservoirs, and well sites. The manufacturer no longer services this equipment, and it needs to be replaced to ensure efficient system operation.

<b>Reclaimed Storage Projects - General</b>										<b>Project ID:</b> WL99		
<b>Description:</b> Budget capacity for emergency and anticipated, but not yet specifically identified, projects. Projects will be determined as part of Tucson Water's ongoing capital planning process, which takes a comprehensive look at system needs. The gap in funding for this project is necessitated by the need to accelerate the Southern Avra Valley Storage and Recovery Project, which will allow the city to use all of its Colorado River water allocation by 2012.										<b>Start Date:</b> 7/05		
										<b>End Date:</b> 6/18		
										<b>Location:</b> City and County		
<b>Justification:</b> These projects ensure that the system can meet peak requirements during the summer months.												
<b>Source of Funds:</b>	<b>Prior Year(s)</b>	<b>Adopted Fiscal Year 2009</b>			<b>Approved</b>	<b>Projected Requirements</b>			<b>Five Year Total</b>		<b>Future Years</b>	<b>Total Project</b>

## Tucson Water - Reclaimed Pumping Plant

(\$000)

<b>Regional Reclaimed Facility: Ina Road Pumping</b>										<b>Project ID:</b> W707		
<b>Description:</b> Design and construct a wetwell, effluent pumps, and piping at the Ina Road location. The wetwell will be sized to provide 40 million gallons-per-day.										<b>Start Date:</b> 7/07		
										<b>End Date:</b> 6/14		
										<b>Location:</b> City and County		
<b>Justification:</b> Pima County is scheduled to transfer a large portion of their wastewater from their Roger Road facility to their Ina Road Facility that will provide secondary effluent to Tucson Water's new Ina Road facility. Tucson Water will need to deliver reclaimed water from the Ina Road location to service the north area of the reclaimed system.

## Tucson Water - Reclaimed Transmission

(\$000)

<b>Regional Reclaimed Facility Piping Modifications</b>										<b>Project ID:</b> W712		
<b>Description:</b> Modify piping to redirect the flow in an existing 24-inch line. Boosters will be modified and automatic control valves and connections will be installed. Vaults for the control valving are also included in the project.										<b>Start Date:</b> 7/10		
										<b>End Date:</b> 6/13		
										<b>Location:</b> Ward 1		
<b>Justification:</b> In the near future, Pima County will be treating the majority of its effluent water at their Regional Ina Road Facility. When this occurs, Tucson Water will need to deliver reclaimed water from the proposed Tucson Water Ina Road facility back to its Roger Road Facility to serve reclaimed customers in the central and southern portions of the region.

## Tucson Water - Reclaimed Process Control

(\$000)

<b>Control Panels: Reclaimed System</b> <b>Description:</b> Design and construct controls for reclaimed water facilities, and modify existing controls at booster stations, reservoirs, and storage facilities.  <b>Justification:</b> These controls are needed to electronically monitor and transmit pressure, flow rates, and other site condition data to the reclaimed water treatment plant, where it is used to make operational decisions.										<b>Project ID:</b> W959 <b>Start Date:</b> Annual <b>End Date:</b> Annual  <b>Location:</b> City and County

Fiscal Years 2009 through 2013*

## **Section C**

# **Impact Fee Project Plan**

# IMPACT FEE PROJECTS PLAN

The impact fee ordinance requires an Impact Fee Projects Plan (IFPP) that lists the projects that are eligible for the use of impact fees. As required, the city's IFPP was established following a public hearing in March 2007. The ordinance further requires that the IFPP be included in the city's capital improvement program (CIP) and reviewed annually. This section of the CIP is presented to comply with that requirement.

## Available Revenue for Projects

It is the city's budgeting practice to budget in Year 1 of the CIP only the impact fee revenue collected through December of the current fiscal year, and only for those projects with potential funding in the following years to complete construction. Potential funding in the following years may come from impact fees, grants, bonds, or other revenues that are reasonably assured to be available.

## Eligible Projects

In March 2007, following a public hearing, the Mayor and Council approved the arterial roadway and regional park projects listed on the following pages. These project listings are the ordinance-required Impact Fee Projects Plan (IFPP). Projects programmed in this CIP are noted. For more detail on the projects, see the department CIPs in Section B.

In August 2007, Mayor and Council adopted the ordinance for impact fees for Police, Fire, and Public Facilities. The collection of impact fees for residential development started on January 16, 2008. Collection of impact fees for non-residential development will begin January 16, 2009. Capacity for these revenues are not yet included in this approved CIP or the IFPP. A public hearing for the eligible projects must be held prior to their inclusion in the IFPP.

**NOTE:** This Impact Fee Project Plan (IFPP) does not include projects funded with Tucson Water's impact fees, because they are governed by separate ordinances.
