100 S Church Av, Parcel # 117-20-016H
Associated Activity #s: T20SA00145, T20CM02335
OCR-2 Zoning** **Action Taken**

Staff introduced and the applicant presented the project, providing the following clarifications in response to questions posed by the DRB:

- 1) Existing windows depicted on the east elevation are not ground floor clerestory windows; they are second floor windows;
- 2) There are no exterior lighting changes proposed;
- 3) Warm white is the base color, with accent gray colors;
- 4) The originally proposed new ground floor windows on east elevation are being proposed to be deleted from the approved design package, so the existing wall would remain, to provide the privacy needed from the street for the ground floor conference room; and
- 5) In lieu of visible activity from the east elevation, could explore installing vegetation on the right-of-way or around the corner by the main entrance.

Motion was made by Member Clement to recommend to the PDSD Director approval, finding the project in compliance with the design standards in UDC Sections 5.12.7.C. and 5.1.7.D, with the following condition: 1) East elevation to be enhanced with the addition of streetscape plantings. The motion was duly seconded by Member Dickinson. Motion passed by a voice vote of 3-0. Motion passed unanimously.
