The customer's monthly bill is calculated by adding together the monthly service charge, all monthly water use charges for the customer's class, the Water Resource Fee, the Green Stormwater fee, and the conservation fee.

**NOTES:**

- (1) The monthly service charge is applicable to all customer classes.
- (2) Winter rates are applicable to water use from December through February.
- (3) Summer rates are applicable to water use from March through November.
- (4) Basic volume charges are applicable to all usage.
- (5) Summer surcharge - Tier 1 is applied to all use during a summer month which is in excess of the actual average monthly use during the previous three winter months. This surcharge is added to the basic volume charge.
- (6) Summer surcharge - Tier 2 is applied to all use during a summer month which exceeds 145 percent of the actual average monthly use during the previous three winter months. This surcharge is added to the basic volume and to the summer surcharge - Tier 1 charges.
- (7) The Water Supply Fee is applied to all potable water use. This updated rate went into effect August 4, 2025.
- (8) The Conservation Fee is applied to all potable water use. This updated rate went into effect August 4, 2025.
- (9) Applied to all potable water consumers in the City of Tucson irrespective of water provider  
Low income program customers are exempt from this fee.
- (10) Mayor and Council adopted a differential rate for potable water service accounts in unincorporated Pima County effective August 4, 2025.
