If the landowner is the prevailing party in any action brought to enforce this subsection, a court shall award fees and other expenses to the landowner. A municipality may designate land as open space without complying with the requirements of this subsection if the land was zoned as open space and used as a golf course pursuant to a zoning ordinance adopted pursuant to

article 6.1 of this chapter before May 1, 2000 and the designation does not impose additional conditions, limitations or restrictions on the golf course, unless the land is state trust land that was not planned and zoned as open space pursuant to title 37, chapter 2, article 5.1.

9-461.07. Administration of general plan

- A. After the municipal legislative body has adopted a general plan, or amendment thereto, the planning agency shall undertake the following actions to encourage effectuation of the plan:
 - 1. Investigate and make recommendations to the legislative body upon reasonable and practical means for putting into effect the general plan or part thereof in order that it will serve as a pattern and guide for the orderly growth and development of the municipality and as a basis for the efficient expenditure of its funds relating to the subjects of the general plan. The measures recommended may include plans, regulations, financial reports and capital budgets.
 - 2. Render an annual report to the legislative body on the status of the plan and progress in its application.

The agency shall list and classify all such recommendations and shall prepare a coordinated program of proposed public works for the ensuing fiscal year. Such coordinated program shall be submitted to the municipal planning agency for review and report to such agency as to conformity with the adopted general plan or part thereof.
- C. No public real property may be acquired by dedication or otherwise for street, square, park or other public purposes, no public real property may be disposed of, no public street may be vacated or abandoned and no public building or structure may be constructed or authorized, if an adopted general plan or part thereof applies thereto, until the location, purpose and extent of such acquisition or disposition, such street vacation or abandonment, or such public building or structure have been submitted to and reported upon by the planning agency as to conformity with such adopted general plan or part thereof. The planning agency shall render its report as to conformity with such adopted

general plan or part thereof within forty days after the matter was submitted to it. The provisions of this subsection do not apply to acquisitions or abandonments for street widening or alignment projects of a minor nature if the legislative body so provides by ordinance or resolution.

9-461.08. Authority, scope of specific plans

- A. The planning agency may, or if so directed by the legislative body shall, prepare specific plans based on the general plan and drafts of such regulations, programs and legislation as may in the judgment of the agency be required for the systematic execution of the general plan. The planning agency may recommend such plans and measures to the legislative body for adoption.

A plan and regulations determining the location of infrastructure service area boundaries, consistent with the growth areas element of the general plan, beyond which the municipality may limit or prescribe conditions on publicly financed extensions of water, sewer and street improvements that are necessary to service needs generated by new development. The plan and regulations shall consider all elements of the general plan, including the circulation and public facilities elements. For purposes of this paragraph, publicly financed does not include special taxing district financing other than municipal or county improvement district revenues or bonds. The regulations shall also provide for:

9-461.09. Procedure for adoption of specific plans and regulations

- A. If a municipality has a planning commission, the planning commission shall hold at least one public hearing on a specific plan or regulation prior to any hearing by the legislative body. Notice of the time and place of such hearing shall be given at least fifteen and not more than thirty calendar days before the hearing by:

- C. Upon receipt of a copy of any proposed specific plan, regulation or amendment of such plan or regulation, the legislative body may by ordinance or resolution adopt the plan or regulation. Before adopting the proposed specific plan or regulation, the legislative body shall hold at least one public hearing. Notice of the time and place of such hearing shall be given in the time and manner provided for the giving of notice of the hearing by the planning commission as provided in subsection A. The specific plan or regulation, as adopted, shall be designated as a specific plan or regulation.

- A. The legislative body shall determine and establish administrative rules and procedures for the application and enforcement of specific plans and regulations.
- B. The legislative body may assign or delegate administrative powers and duties to the planning agency or any other agency, as necessary, and may create administrative agencies, provide for other officials and for funds for the compensation of such officers, employees and agencies and for the support of their work.
- C. No street may be improved and no sewers or connections or improvements may be laid or authorized in any street within any territory for which the legislative body has adopted a specific street or highway plan until the matter has been referred to the planning agency for a report as to conformity with the specific street or highway plan and a copy of the report has been filed with the legislative body, unless one of the following conditions applies:
 - 1. The street has been accepted, opened or has otherwise received the legal status of a public street prior to the adoption of the plan.
 - 2. The street corresponds with streets shown on the plan.

3. The street corresponds with streets shown on a subdivision map or record or survey approved by the legislative body.

9-461.11. Extraterritorial jurisdiction; development plans

- A. In any county not having a county planning agency with jurisdiction in the unincorporated territory, the legislative body of any municipality may exercise the planning powers granted in this article both to territory within its corporate limits and to that which extends a distance of three contiguous miles in all directions of its corporate limits and is not located in a municipality. Any ordinance intended to have application beyond the corporate limits of the municipality shall expressly state the intention of such applications. Such ordinance shall be adopted in accordance with the provisions set forth therein.
- B. The extraterritorial jurisdiction of two or more municipalities whose territorial boundaries are less than six miles apart terminates at a boundary line equidistant from the respective corporate limits of such municipalities, or at such line as is agreed to by the legislative bodies of the respective municipalities.
- C. As a prerequisite to the exercise of extraterritorial jurisdiction, the membership of the planning agency charged with the preparation or administration of proposed comprehensive planning for the area of extraterritorial jurisdiction shall be increased to include at least two additional members to represent the unincorporated area. Any additional member shall be a resident of the extraterritorial jurisdiction area outside the corporate limits and shall be appointed by the board of supervisors of the county wherein the unincorporated area is situated. Any such member shall have equal rights, privileges and duties with other members of the planning agency in all matters pertaining to the plans and regulations of the unincorporated area in which they reside both in preparation of the original plans and regulations and in consideration of any proposed amendments to such plans and regulations.
- D. Any municipal legislative body exercising the powers granted by this section may provide for the enforcement of its regulations for the area of extraterritorial jurisdiction in the same manner as the regulations for the area within the municipality are enforced.
- E. A county may enter into an intergovernmental agreement under the provisions of title 11, chapter 7, article 3 with any tribal government, city or town within the county for the following purposes:
 1. Adoption of a joint development plan that may include land use, circulation, conservation, recreation, transportation and transit, public services and facilities, housing, economic development and public safety.

- F. The planning, zoning, subdivision or land division regulatory powers under subsection E, paragraph 4 may be exercised by any agency of the city, town or county as designated in the intergovernmental agreement. The agreement shall provide for:
1. A method of assuring owners of private lands or improvements affected by a joint development plan that:
 - (a) The exercise of any power conferred upon a city or county pursuant to the establishment of a joint development plan shall not impair or diminish the legal vested rights of any affected property owner.
 - (b) The county shall not require as a condition of development approval of the construction of any public facility or other exaction which has been included in the calculation of a development fee enacted pursuant to a development fee ordinance unless a credit or reimbursement has been made for the reasonable or excess value of included facilities advanced, dedicated or improved by a developer.
 - (c) No moratorium on final approval of subdivision plats, building permits or certificates of occupancy shall be adopted pending the adoption of the joint development plan.
 - (d) A property owner shall be afforded the opportunity at a public hearing held prior to adoption and implementation of the joint development plan to present information and evidence related to any alleged deprivation of the economically

viable use of the property. If on the basis of the information and evidence presented there is reason to believe adoption or implementation of the joint development plan may result in a significant deprivation of the economically viable use of the property, adoption or implementation of the plan shall be postponed pending investigation and resolution of the alleged deprivation.

2. A method of notifying affected persons, including governmental entities, of public hearings on development decisions within the joint planning area.
 3. A method of circulating development applications and recommendations for action for review by affected persons, including governmental entities.
 4. Provisions for appearances at public hearings.

1. Adopt by ordinance or otherwise any "growth management" plan, however denominated, containing any provisions relating to such issues as mandatory development fees, mandatory air and water quality controls and street and highway environmental impacts, and requiring that, before adoption, the growth management plan, amendments and exceptions be automatically referred to the voters for approval.
 2. Establish or recognize, formally or informally, urban growth boundaries, however denominated, that effectively prevent new urban development and extension of public services outside those boundaries.
 3. Apply or attempt to apply urban growth management restrictions or boundaries to lands owned or held in trust by this state, unless specifically authorized by act of the legislature.

Regulations may include variable lot sizes, special grading or drainage requirements, or other requirements deemed necessary for the public health, safety or general welfare.
10. Establish districts of historical significance provided that:
 - (a) The ordinances may require that special permission be obtained for any development within the district if the legislative body has adopted a plan for the preservation of districts of historical significance which meets the requirements of subdivision (b) of this paragraph, and the criteria contained in the ordinance are consistent with the objectives set forth in the plan.
 - (b) A plan for the preservation of districts of historical significance shall identify districts of special historical significance, state the objectives to be sought concerning the development or preservation of sites, area and structures within the district, and formulate a program for public action including the provision of public facilities and the regulation of private development and demolition necessary to realize these objectives.

- (f) The right of a municipality to purchase development rights and to hold them for resale.

- B. For the purposes prescribed in subsection A of this section the legislative body may divide a municipality, or portion of a municipality, into zones of the number, shape and area it deems best suited to carry out the purpose of this article and articles 6, 6.2 and 6.3 of this chapter.
- C. All zoning regulations shall be uniform for each class or kind of building or use of land throughout each zone, but the regulations in one type of zone may differ from those in other types of zones as follows:
 1. Within individual zones, there may be uses permitted on a conditional basis under which additional requirements must be met, including requiring site plan review and approval by the planning agency. The conditional uses are generally characterized by any of the following:
 - (a) Infrequency of use.
 - (b) High degree of traffic generation.
 - (c) Requirement of large land area.
 2. Within residential zones, the regulations may permit modifications to minimum yard lot area and height requirements.

Overlay zoning districts and regulations shall be adopted pursuant to section 9-462.04.

- E. The legislative body may approve a change of zone conditioned upon a schedule for development of the specific use or uses for which rezoning is requested. If at the expiration of this period the property has not been improved for the use for which it was conditionally approved, the legislative body, after notification by certified mail to the owner and applicant who requested the rezoning, shall schedule a public hearing to take administrative action to extend, remove or determine compliance with the schedule for development or take legislative action to cause the property to revert to its former zoning classification.
- F. All zoning and rezoning ordinances or regulations adopted under this article shall be consistent with and conform to the adopted general plan of the municipality, if any, as adopted under article 6 of this chapter. In the case of uncertainty in construing or applying the conformity of any part of a proposed rezoning ordinance to the adopted general plan of the municipality, the ordinance shall be construed in a manner that will further the implementation of, and not be contrary to, the goals, policies and applicable elements of the general plan. A rezoning ordinance conforms with the land use element of the general plan if it proposes land uses, densities or intensities within the range of identified uses, densities and intensities of the land use element of the general plan.
- G. No regulation or ordinance under this section may prevent or restrict agricultural composting on farmland that is five or more contiguous acres and that meets the requirements of this subsection. An agricultural composting operation shall notify in writing the legislative body of the city or town and the nearest fire department of the location of the composting operation. If the nearest fire department is located in a different city or town from the agricultural composting operation, the agricultural composting operation shall also notify in writing the fire department of the city or town in which the operation is located. Agricultural composting is subject to the provisions of sections 3-112 and 49-141. Agricultural composting may not be conducted within one thousand three hundred twenty feet of an existing residential use, unless the operations are conducted on farmland or land leased in association with farmland. Any disposal of manure shall comply with section 49-247. For purposes of this subsection:
1. "Agricultural composting" means the controlled biological decomposition of organic solid waste under in-vessel anaerobic or aerobic conditions where all or part of the materials are generated on the farmland or will be used on the farmland associated with the agricultural composting operation.
 2. "Farmland" has the same meaning prescribed in section 3-111 and is subject to regulation under section 49-247.
- H. For purposes of this section:
1. "Development rights" means the maximum development that would be allowed on the sending property under any general or specific plan and local zoning ordinance of a municipality in effect on the date the municipality adopts an ordinance pursuant to subsection A, paragraph 12 of this section respecting the permissible use, area, bulk or height of improvements made to the lot or parcel. Development rights may be calculated and allocated in accordance with factors including dwelling units, area, floor area, floor area ratio, height limitations, traffic generation or any other criteria

that will quantify a value for the development rights in a manner that will carry out the objectives of this section.

2. "Receiving property" means a lot or parcel within which development rights are increased pursuant to a transfer of development rights. Receiving property shall be appropriate and suitable for development and shall be sufficient to accommodate the transferable development rights of the sending property without substantial adverse environmental, economic or social impact to the receiving property or to neighboring property.
3. "Sending property" means a lot or parcel with special characteristics, including farmland, woodland, desert land, mountain land, floodplain, natural habitats, recreation or parkland, including golf course area, or land that has unique aesthetic, architectural or historic value that a municipality desires to protect from future development.
4. "Transfer of development rights" means the process by which development rights from a sending property are affixed to one or more receiving properties.

9-462.02. Nonconformance to regulations; outdoor advertising change; enforcement

- A. The municipality may acquire by purchase or condemnation private property for the removal of nonconforming uses and structures. The elimination of such nonconforming uses and structures in a zoned district is for a public purpose. Nothing in an ordinance or regulation authorized by this article shall affect existing property or the right to its continued use for the purpose used at the time the ordinance or regulation takes effect, nor to any reasonable repairs or alterations in buildings or property used for such existing purpose.
- B. A municipality shall not require as a condition for a permit or for any approval, or otherwise cause, an owner or possessor of property to waive the right to continue an existing nonconforming outdoor advertising use or structure without acquiring the use or structure by purchase or condemnation and paying just compensation unless the municipality, at its option, allows the use or structure to be relocated to a comparable site in the municipality with the same or a similar zoning classification, or to another site in the municipality acceptable to both the municipality and the owner of the use or structure, and the use or structure is relocated to the other site. The municipality shall pay for relocating the outdoor advertising use or structure including the cost of removing and constructing the new use or structure that is at least the same size and height. This subsection does not apply to municipal rezoning of property at the request of the property owner.
- C. A municipality must issue a citation and file an action involving an outdoor advertising use or structure zoning or sign code violation within two years after discovering the violation. Such an action shall initially be filed with a court having jurisdiction to impose all penalties sought by the action and that jurisdiction is necessary for effective filing. Only the superior court has jurisdiction to order removal, abatement, reconfiguration or relocation of an outdoor advertising use or structure. Notwithstanding any other law, a municipality shall not consider each day that an outdoor advertising use or structure is

illegally erected, constructed, reconstructed, altered or maintained as a separate offense unless the violation constitutes an immediate threat to the health and safety of the general public.

9-462.03. Amendment procedure

- A. The governing body of the municipality shall adopt by ordinance a citizen review process that applies to all rezoning and specific plan applications that require a public hearing. The citizen review process shall include at least the following requirements:
 - 1. Adjacent landowners and other potentially affected citizens will be notified of the application.
 - 2. The municipality will inform adjacent landowners and other potentially affected citizens of the substance of the proposed rezoning.
 - 3. Adjacent landowners and other potentially affected citizens will be provided an opportunity to express any issues or concerns that they may have with the proposed rezoning before the public hearing.
- B. A zoning ordinance that changes any property from one zone to another, that imposes any regulation not previously imposed or that removes or modifies any such regulation previously imposed must be adopted following the procedure prescribed in the citizen review process and in the manner set forth in section 9-462.04.

9-462.04. Public hearing required

- A. If the municipality has a planning commission or a hearing officer, the planning commission or hearing officer shall hold a public hearing on any zoning ordinance. Notice of the time and place of the hearing including a general explanation of the matter to be considered and including a general description of the area affected shall be given at least fifteen days before the hearing in the following manner:
 - 1. The notice shall be published at least once in a newspaper of general circulation published or circulated in the municipality, or if there is none, it shall be posted on the affected property in such a manner as to be legible from the public right-of-way and in at least ten public places in the municipality. A posted notice shall be printed so that the following are visible from a distance of one hundred feet: the word "zoning", the present zoning district classification, the proposed zoning district classification and the date and time of the hearing.
 - 2. In proceedings involving rezoning of land which abuts other municipalities or unincorporated areas of the county or a combination thereof, copies of the notice of public hearing shall be transmitted to the planning agency of such governmental unit abutting such land. In proceedings involving rezoning of land that is located within the territory in the vicinity of a military airport or ancillary military facility as defined in section 28-8461, the municipality shall send copies of the notice of public hearing by first class mail to the military airport. In addition to notice by publication, a municipality may give notice of the hearing in such other manner as it may deem necessary or desirable.

3. In proceedings that are not initiated by the property owner involving rezoning of land which may change the zoning classification, notice by first class mail shall be sent to each real property owner, as shown on the last assessment of the property, of the area to be rezoned and all property owners, as shown on the last assessment of the property, within three hundred feet of the property to be rezoned.
 4. In proceedings involving one or more of the following proposed changes or related series of changes in the standards governing land uses, notice shall be provided in the manner prescribed by paragraph 5:
 - (a) A ten per cent or more increase or decrease in the number of square feet or units that may be developed.
 - (b) A ten per cent or more increase or reduction in the allowable height of buildings.
 - (c) An increase or reduction in the allowable number of stories of buildings.
 - (d) A ten per cent or more increase or decrease in setback or open space requirements.
 - (e) An increase or reduction in permitted uses.
 5. In proceedings governed by paragraph 4, the municipality shall provide notice to real property owners pursuant to at least one of the following notification procedures:
 - (a) Notice shall be sent by first class mail to each real property owner, as shown on the last assessment, whose real property is directly governed by the changes.
 - (b) If the municipality issues utility bills or other mass mailings that periodically include notices or other informational or advertising materials, the municipality shall include notice of such changes with such utility bills or other mailings.
 - (c) The municipality shall publish such changes prior to the first hearing on such changes in a newspaper of general circulation in the municipality. The changes shall be published in a "display ad" covering not less than one-eighth of a full page.
 6. If notice is provided pursuant to paragraph 5, subdivision (b) or (c), the municipality shall also send notice by first class mail to persons who register their names and addresses with the municipality as being interested in receiving such notice. The municipality may charge a fee not to exceed five dollars per year for providing this service and may adopt procedures to implement this paragraph.
 7. Notwithstanding the notice requirements set forth in paragraph 4, the failure of any person or entity to receive notice shall not constitute grounds for any court to invalidate the actions of a municipality for which the notice was given.
- B. If the matter to be considered applies to territory in a high noise or accident potential zone as defined in section 28-8461, the notice prescribed in subsection A of this section shall include a general statement that the matter applies to property located in the high noise or accident potential zone.
- C. After the hearing, the planning commission or hearing officer shall render a decision in the form of a written recommendation to the governing body. The recommendation shall include the reasons for the recommendation and be transmitted to the governing body in such form and manner as may be specified by the governing body.
- D. If the planning commission or hearing officer has held a public hearing, the governing body may adopt the recommendations of the planning commission or hearing officer

without holding a second public hearing if there is no objection, request for public hearing or other protest. The governing body shall hold a public hearing if requested by the party aggrieved or any member of the public or of the governing body, or, in any case, if no public hearing has been held by the planning commission or hearing officer. In municipalities with territory in the vicinity of a military airport or ancillary military facility as defined in section 28-8461, the governing body shall hold a public hearing if, after notice is transmitted to the military airport pursuant to subsection A of this section and before the public hearing, the military airport provides comments or analysis concerning the compatibility of the proposed rezoning with the high noise or accident potential generated by military airport or ancillary military facility operations that may have an adverse impact on public health and safety, and the governing body shall consider and analyze the comments or analysis before making a final determination. Notice of the time and place of the hearing shall be given in the time and manner provided for the giving of notice of the hearing by the planning commission as specified in subsection A of this section. In addition a municipality may give notice of the hearing in such other manner as it may deem necessary or desirable.

- E. A municipality may enact an ordinance authorizing county zoning to continue in effect until municipal zoning is applied to land previously zoned by the county and annexed by the municipality, but in no event for longer than six months after the annexation.
- F. A municipality is not required to adopt a general plan prior to the adoption of a zoning ordinance.
- G. If there is no planning commission or hearing officer, the governing body of the municipality shall perform the functions assigned to the planning commission or hearing officer.
- H. If the owners of twenty per cent or more either of the area of the lots included in a proposed change, or of those immediately adjacent in the rear or any side thereof extending one hundred fifty feet therefrom, or of those directly opposite thereto extending one hundred fifty feet from the street frontage of the opposite lots, file a protest in writing against a proposed amendment, it shall not become effective except by the favorable vote of three-fourths of all members of the governing body of the municipality. If any members of the governing body are unable to vote on such a question because of a conflict of interest, then the required number of votes for passage of the question shall be three-fourths of the remaining membership of the governing body, provided that such required number of votes shall in no event be less than a majority of the full membership of the legally established governing body.
- I. In applying an open space element or a growth element of a general plan, a parcel of land shall not be rezoned for open space, recreation, conservation or agriculture unless the owner of the land consents to the rezoning in writing.
- J. Notwithstanding the provisions of section 19-142, subsection B, a decision by the governing body involving rezoning of land which is not owned by the municipality and which changes the zoning classification of such land may not be enacted as an emergency

measure and such change shall not be effective for at least thirty days after final approval of the change in classification by the governing body.

9-462.05. Enforcement

- A. The legislative body of a municipality has authority to enforce any zoning ordinance enacted pursuant to this article in the same manner as other municipal ordinances are enforced.
- B. If any building structure is erected, constructed, reconstructed, altered, repaired, converted or maintained or any building, structure or land is used in violation of the provisions of this article or of any ordinance adopted pursuant to the provisions of this article, the legislative body of the municipality may institute any appropriate action to:
 - 1. Prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use.
 - 2. Restrain, correct or abate the violation.
 - 3. Prevent the occupancy of such building, structure or land.
 - 4. Prevent any illegal act, conduct, business or use in or about such premises.
- C. By ordinance, the legislative body shall establish the office of zoning administrator. The zoning administrator is charged with responsibility for enforcement of the zoning ordinance.
- D. By ordinance, the legislative body shall establish all necessary and appropriate rules and procedures governing application for zoning amendment, review and approval of plans, issuance of any necessary permits or compliance certificates, inspection of buildings, structures and lands and any other actions which may be considered necessary or desirable for enforcement of the zoning ordinance.

9-462.06. Board of adjustment

- A. The legislative body shall, by ordinance, establish a board of adjustment, which shall consist of not less than five nor more than seven members appointed by the legislative body in accordance with provisions of the ordinance, except that the ordinance may establish the legislative body as the board of adjustment. The legislative body may, by ordinance, delegate to a hearing officer the authority to hear and decide on matters within the jurisdiction of the board of adjustment as provided by this section, except that the right of appeal from the decision of a hearing officer to the board of adjustment shall be preserved.
- B. The ordinance shall provide for public meetings of the board, for a chairperson with the power to administer oaths and take evidence, and that minutes of its proceedings showing the vote of each member and records of its examinations and other official actions be filed in the office of the board as a public record.
- C. A board of adjustment shall hear and decide appeals from the decisions of the zoning administrator, shall exercise such other powers as may be granted by the ordinance and adopt all rules and procedures necessary or convenient for the conduct of its business.

- D. Appeals to the board of adjustment may be taken by persons aggrieved or by any officer, department, board or bureau of the municipality affected by a decision of the zoning administrator, within a reasonable time, by filing with the zoning administrator and with the board a notice of appeal specifying the grounds thereof. The zoning administrator shall immediately transmit all records pertaining to the action appealed from to the board.
- E. An appeal to the board stays all proceedings in the matter appealed from, unless the zoning administrator certifies to the board that, in the zoning administrator's opinion by the facts stated in the certificate, a stay would cause imminent peril to life or property. Upon such certification proceedings shall not be stayed, except by restraining order granted by the board or by a court of record on application and notice to the zoning administrator. Proceedings shall not be stayed if the appeal requests relief which has previously been denied by the board except pursuant to a special action in superior court as provided in subsection K of this section.
- F. The board shall fix a reasonable time for hearing the appeal, and shall give notice of hearing by both publication in a newspaper of general circulation in accordance with section 9-462.04 and posting the notice in conspicuous places close to the property affected.
- G. A board of adjustment shall:
 - 1. Hear and decide appeals in which it is alleged there is an error in an order, requirement or decision made by the zoning administrator in the enforcement of a zoning ordinance adopted pursuant to this article.
 - 2. Hear and decide appeals for variances from the terms of the zoning ordinance only if, because of special circumstances applicable to the property, including its size, shape, topography, location, or surroundings, the strict application of the zoning ordinance will deprive such property of privileges enjoyed by other property of the same classification in the same zoning district. Any variance granted is subject to such conditions as will assure that the adjustment authorized shall not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and zone in which such property is located.
 - 3. Reverse or affirm, wholly or partly, or modify the order, requirement or decision of the zoning administrator appealed from, and make such order, requirement, decision or determination as necessary.
- H. A board of adjustment may not:
 - 1. Make any changes in the uses permitted in any zoning classification or zoning district, or make any changes in the terms of the zoning ordinance provided the restriction in this paragraph shall not affect the authority to grant variances pursuant to this article.
 - 2. Grant a variance if the special circumstances applicable to the property are self-imposed by the property owner.
- I. If the legislative body is established as the board of adjustment, it shall exercise all of the functions and duties of the board of adjustment in the same manner and to the same effect as provided in this section.

- J. In a municipality with a population of more than one hundred thousand persons according to the latest United States decennial census, the legislative body, by ordinance, may provide that a person aggrieved by a decision of the board or a taxpayer, officer or department of the municipality affected by a decision of the board may file, at any time within fifteen days after the board has rendered its decision, an appeal with the clerk of the legislative body. The legislative body shall hear the appeal in accordance with procedures adopted by the legislative body and may affirm or reverse, in whole or in part, or modify the board's decision.
- K. A person aggrieved by a decision of the legislative body or board or a taxpayer, officer or department of the municipality affected by a decision of the legislative body or board may, at any time within thirty days after the board, or the legislative body, if the board decision was appealed pursuant to subsection J of this section, has rendered its decision, file a complaint for special action in the superior court to review the legislative body or board decision. Filing the complaint does not stay proceedings on the decision sought to be reviewed, but the court may, on application, grant a stay and on final hearing may affirm or reverse, in whole or in part, or modify the decision reviewed.

9-462.07. Extraterritorial jurisdiction

- A. In any county not having a county zoning ordinance applicable to the unincorporated territory, the legislative body of a municipality may exercise the zoning powers granted in this article both to territory within its corporate limits and to that which extends a distance of three contiguous miles in all directions of its corporate limits and is not located in a municipality. Any ordinance intended to have application beyond the corporate limits of the municipality shall expressly state the intention of such application. Such ordinance shall be adopted in accordance with the provisions set forth therein.
- B. The extraterritorial jurisdiction of two or more municipalities whose boundaries are less than six miles apart terminates at a boundary line equidistant from the respective corporate limits of such municipalities, or at such line as is agreed to by the legislative bodies of the respective municipalities.
- C. As a prerequisite to the exercise of extraterritorial jurisdiction the membership of the planning agency charged with the preparation or administration of proposed comprehensive zoning regulations for the area of extraterritorial jurisdiction shall be increased to include two additional members to represent the unincorporated area. Any additional member shall be a resident of the three mile area outside the corporate limits and be appointed by the legislative body of the county wherein the unincorporated area is situated. Any additional member shall have equal rights, privileges and duties with the other members of the planning agency in all matters pertaining to the plans and regulations of the unincorporated area in which they reside, both in preparation of the original plans and regulations and in consideration of any proposed amendments to such plans and regulations.
- D. If a municipal governing body adopts zoning regulations for the area outside its corporate limits, it shall increase the membership of the board of adjustment by adding one or two

additional members. Any such member shall be a resident of the area of extraterritorial jurisdiction outside the corporate limits and shall be appointed by the legislative body of the county wherein the unincorporated area is situated. Any such member shall have equal rights, privileges, and duties with other members of the board of zoning adjustment in all matters pertaining to the regulation of the unincorporated area in which they reside. The concurring vote of a majority of the members of the enlarged board is necessary to reverse any order, requirement, decision or determination of an administrative official charged with the enforcement of an ordinance.

- E. Any municipal legislative body exercising the powers granted by this section may provide for the enforcement of its regulations for the area of extraterritorial jurisdiction in the same manner as the regulations for the area within the municipality are enforced.

9-462.08. Hearing officer

- A. The legislative body of any municipality may establish the position of hearing officer and delegate to a hearing officer the authority to conduct hearings required by section 9-462.04 and on other matters as the legislative body may provide by ordinance.
- B. Hearing officers shall be appointed on the basis of training and experience which qualifies them to conduct hearings and make findings and conclusions on the matters heard.

A technological problem or failure that either prevents the posting of public notices on a city or town web site or that temporarily or permanently prevents the usage of all or part of the web site does not preclude the holding of the meeting for which the notice was posted if all other public notice requirements required by this section are complied with.
- B. If an executive session will be held, the notice shall be given to the members of the public body, and to the general public, stating the specific provision of law authorizing the executive session.
- C. Except as provided in subsections D and E, meetings shall not be held without at least twenty-four hours' notice to the members of the public body and to the general public.
- D. In case of an actual emergency, a meeting, including an executive session, may be held on such notice as is appropriate to the circumstances. - I. Notwithstanding the other provisions of this section, notice of executive sessions shall be required to include only a general description of the matters to be considered. Such agenda shall provide more than just a recital of the statutory provisions authorizing the executive session, but need not contain information that would defeat the purpose of the executive session, compromise the legitimate privacy interests of a public officer, appointee or employee, or compromise the attorney-client privilege.
- J. Notwithstanding subsections H and I, in the case of an actual emergency a matter may be discussed and considered and, at public meetings, decided, where the matter was not listed on the agenda provided that a statement setting forth the reasons necessitating such discussion, consideration or decision is placed in the minutes of the meeting and is publicly announced at the public meeting. In the case of an executive session, the reason for consideration of the emergency measure shall be announced publicly immediately prior to the executive session.

subsection A, paragraphs 4, 5 and 7 of this section. A public vote shall be taken before any legal action binds the public body.

- E. Except as provided in section 38-431.02, subsections I and J, a public body shall not discuss any matter in an executive session which is not described in the notice of the executive session.
- F. Disclosure of executive session information pursuant to this section or section 38-431.06 does not constitute a waiver of any privilege, including the attorney-client privilege. The written description shall also be included as part of the minutes of the meeting at which ratification is taken.
 - 4. The public body shall make available to the public the notice and detailed written description required by this section at least seventy-two hours in advance of the public meeting at which the ratification is taken.

Notice of hearing the action to enforce the demand and a copy of the action shall be served on the person in the same manner as that prescribed in the Arizona rules of civil procedure. If a court finds that the demand is proper, including that the compliance will not violate a privilege and that there is not a conflict of interest on the part of the attorney general or county attorney, that there is reasonable cause to believe there may have been a violation of this article and that the information sought or document or object demanded is relevant to the violation, the court shall order the person to comply with the demand, subject to modifications the court may prescribe.
