above and shown on:

**EXHIBIT "A"**

Pima County, Arizona, upon the following terms:

1. The Pole Reservation shall commence on \_\_\_\_\_ (Commencement Date) and shall continue for 90 calendar days as hereinafter provided.
2. During the time of this Pole Reservation, Applicant shall be allowed to evaluate location, prepare plans, and have required Small-Cell submittal documents accepted for review and permitting to replace Subject Light Pole with a Small Wireless Facility (SWF) equipped light pole only, and for no other purpose. No other application shall be accepted for the reserved location during this time.

5. Applicant shall attach, as Exhibit A, an aerial image depicting the exact pole location for each Pole Reservation Contract submitted. Pole Reservations will not be processed without both exact coordinates and the aforementioned exhibit.
6. Applicant shall be responsible for acquiring all necessary permits to conduct the replacement of Subject Light Pole, and Applicant shall be responsible for complying with all zoning and code requirements as established by the City Planning and Development

7. Applicant acknowledges that neither payment of Fee nor submission of a Pole Reservation Contract confer any right whatsoever to have a pole replacement application approved or permits granted for the location reserved. No rights are granted or implied other than those specifically listed herein.
8. Applicant hereby acknowledges and agrees that this right of replacement is being granted at Applicant's request for the purpose stated above and any and all expenses (including permit fees) shall be borne solely by Applicant.
9. Applicant hereby acknowledges and agrees that a pole reservation does not guarantee the location is approvable to replace Subject Light Pole with a Small Wireless Facility.
