**Permit Application Submittal Requirements**

Date: \_\_\_\_\_

Project Location: \_\_\_\_\_

Project No.: \_\_\_\_\_

Contractor / Utility Co.: \_\_\_\_\_

The following requirements have been established to mitigate potential damages to City Water and Stormdrain facilities within the corporate limits of the City of Tucson. The goal is to protect the public health, safety and welfare from any damages arising from construction near City of Tucson Water and Stormdrain facilities.

**Submittal Checklist**

**Is work within 10-feet horizontally or over/under an existing 16" or larger diameter City Water facility?**

- No – Plans are not required to be submitted to Tucson Water for review. However, all work must not negatively impact any Water facility, and all Water facilities must be protected during construction. **Unless otherwise noted all work shall comply with Utility Separation requirements per Sections 510 and 511 in the City of Tucson/Pima County Standards, 2003 Edition.**
- Yes – Plans must be submitted to Tucson Water for review and comment. City Water Facilities "as-builts" are available at City of Tucson Water. **Unless otherwise noted all work shall comply with Utility Separation requirements per Sections 510 and 511 in the City of Tucson/Pima County Standards, 2003 Edition.**
  - Plans for work related to Development (facilities installed due to Development) should be submitted to Tucson Water New Development Group (791-4718).
  - Plans for work related to non-Development (work due to maintenance and/or upgrade of facilities) should be submitted to Tucson Water Modifications Unit. Please contact them for submittal requirements at 791-2648.

**Location of Stormdrains**

- Yes, I have checked the as-builts (201 N Stone, 3<sup>rd</sup> floor, Maps & Records) to determine the location of stormdrains relative to the proposed work in the public right-of-way.**
