WARD2@TUCSONAZ.GOV**

## PAUL'S NOTE

This Thanksgiving week I'd like to give thanks that I have a great family and that both of my jobs, as a councilmember and a middle school teacher, allow me to serve this community that I love so much. Thank you to all of Tucson for letting me continue to play a role in leading our amazing city.

And thanks for all the folks that don't get the day off tomorrow: those people that work on keeping our power and water running and those that keep the store open so we can grab that last minute can of green beans that we forgot to get earlier in the week. Most of all, though, thank you to the first responders that have to work holidays to keep us out of trouble or help us when we run across it.

Thank you.

## HOLIDAY CLOSURES

The City of Tucson will observe the Thanksgiving holiday this Thursday, and that means all City offices (including the Ward 2 office), except for emergency services, will be closed.

Residential and commercial trash and recycling will not be collected. The Los Reales Landfill also will be closed. Environmental Services customers with regular Thursday or Friday collections will have their trash and recycling collections delayed by one day. Customer Service will be available on Saturday, Nov. 25, 8 a.m.-3 p.m.
