TRAFFIC ALERT

CAMPBELL AVENUE TRAVEL LANE RESTRICTIONS FOR UNDERGROUND UTILITY WORK

On Wednesday, June 4, 2014 work crews will begin underground utility work on Campbell Avenue at Ninth Street (just north of Broadway) for a signalized pedestrian crossing scheduled to be installed later this year. Work hours for the project are 9 a.m. to 3:30 p.m. The work is scheduled to be complete by Friday, June 13, 2014.

During the above work hours travel lane restrictions will be in place. At times there may be two travel lanes closed on either northbound or southbound Campbell Avenue. At least one lane of travel will be maintained. This work is taking place in advance of a pavement improvement project on Campbell Avenue that is scheduled to begin in a few months.

The traveling public can expect delays when approaching the work area. Please obey all traffic control signs and watch for construction personnel and equipment in the work area.
