

Free Toilet Replacement for Low-to-Moderate Income Homeowners

Leaky and old inefficient toilets can be the biggest water waster inside the home. That's why Tucson Water offers low-to-moderate income families free replacement of older toilets that use 3.5 or more gallons per flush (gpf).

Toilets that qualify for replacement are usually made before 1991. The date of manufacture is generally stamped inside the tank or lid of the toilet. The program provides a high-efficiency toilet, hardware, and installation at no cost.

Three models are available (all are white):

- Round front, standard height
- Elongated, standard height
- Elongated, raised height (ADA)

Qualifications for the program are:

- Low-to-moderate family income
- Replacing high flush toilets (1991 or earlier)
- Tucson Water customer (or a mobile home park, condo, etc., that is a Tucson Water customer)
- Homeowner (rental properties not eligible)
- Households of one person are eligible for one toilet replacement
- Households of two or more persons can receive two toilets

Renters, check with your landlord. They may be eligible to participate in our other high-efficiency toilet rebate programs.

Income Eligibility Guidelines

Total income of all residents must be less than the following to be considered low-to-moderate.

Number of Persons in Household	2015 Annual Income Limit
1	\$33,050
2	\$37,800
3	\$42,500
4	\$47,200
5	\$51,000

This water conservation program is available from Tucson Water and the toilets are installed by Community Home Repair Projects of Arizona (CHRP). To sign up for a free toilet replacement, call CHRP at (520) 745-2055.
