### **Extended Mission Road Water Main Repairs**

Tucson Water crews working to repair a leaking water main on Mission Road, near Donny Brook Road, have encountered additional problems with the section of pipe being repaired. As a result, maintenance workers will work through the weekend to replace the entire section of pipe. Once repairs are completed, the section of pipe will pressure tested and water quality tests will be conducted to ensure it is ready to be put back in service.

Northbound lanes of traffic on Mission Road will continue to be diverted to the Southbound lanes, providing a single lane of traffic in each direction. Traffic controls are expected to be in place until 5:00 p.m., Monday June 23.

Motorists are urged to exercise additional caution to help ensure the safety of workers repairing the water main.
