One Lane Closed on Westbound Pima St., Magnolia to Rosemont

(1030 hours) One westbound lane of Pima St. between Magnolia Ave. and Rosemont Blvd. will remain closed through the weekend following repairs to a water line under the roadway.

The westbound curb lane is open, but westbound traffic will not be able to use the outer lane. The left turn lane is not affected by the traffic restriction.

The water leak compromised the section of the roadway above it. The source for approved asphalt is closed for the holiday weekend and Tucson Water contractor crews cannot get the material needed to properly and safely complete the needed roadway repair.

The restriction will be in place over the weekend. Crews will resume work on Monday morning, January 4, and the outer westbound lane will be reopened as soon as possible.

Motorists in the area are asked to exercise additional caution and be prepared for traffic delays.
