

Rainwater Harvesting and Gray Water Resource List

These are resources that Tucson Water is aware of. Inclusion on this list does not imply an endorsement of these companies or their products.

Incentives for Gray Water and Rainwater Harvesting Systems

Tucson Water Single-Family Residential Gray Water Rebate Program

Tucson Water will rebate one-half of qualifying gray water system costs up to \$1,000 per household.

tucsonaz.gov/water/gray-water

Rainwater Harvesting Incentives Rebate Program

Tucson Water will rebate qualifying rainwater harvesting system costs under two levels of funding up to \$2,000 per household.

tucsonaz.gov/water/rwh-rebate

Partner Workshops that qualify for Rebates

Community Food Bank

3003 S Country Club Road, Tucson AZ 85713

(520) 622-0525, communityfoodbank.org

Check website for upcoming workshops on gardening, irrigating with gray water, and rainwater harvesting.

Pima County Cooperative Extension Office

4210 N Campbell Avenue, Tucson, AZ 85719

(520) 626-5161, ag.arizona.edu/pima/smartscape

Check the website for upcoming Pima Smartscape workshops for professionals and homeowners on rainwater harvesting, gray water, landscaping, and irrigation.

Sonoran Environmental Research Institute

(520) 321-9488, <http://www.seriaz.org>

A community-based, nonprofit, organization dedicated to helping communities to solve their environmental challenges and build healthy and safe neighborhoods.

Watershed Management Group Inc.

1137 N Dodge Boulevard, Tucson, AZ 85716

(520) 396-3266, watershedmg.org

Tucson based non-profit that helps install rainwater harvesting and gray water systems for educational-based projects.

These providers provide education & training, but do not qualify for the rebates:

Rainwater Harvesting for Drylands and Beyond/Brad Lancaster

HarvestingRainwater.com/events

See Calendar of Events or sign up for e-mail alerts.

Sonoran Permaculture Guild

(520) 624-8030, sonoranpermaculture.org

A local non-profit offering classes, courses, and workshops on permaculture design and related skills such as rainwater harvesting, gray water, and growing native foods.

Rainwater Harvesting & Gray Water Installation

Jobs that total more than \$1,000 must be completed by a Licensed Contractor. Licensed Contractors are bonded – the bond protects the company and clients in case of bankruptcy or malpractice. Licensed Contractors are insured – this is both business insurance and workers' compensation insurance. Additionally, the contractor must be licensed in the particular trade or field for the type of work performed. Search Licensed Contractors here:

azroc.gov/forms/contractorsearch.html

The installation of rainwater harvesting and irrigation systems requires a licensed contractor with a Class CR21 license. See Plumbers for Gray Water pg. 9 for gray water information.
