Rebates for High-Efficiency Toilets and Clothes Washers Will Be Issued as Bill Credits

Beginning July 1, 2016, Tucson Water will issue rebates as bill credits to its residential customers who purchase high-efficiency toilets and clothes washers.

Rebate amounts are \$75 per toilet, with a maximum of two toilets per property, and \$200 per clothes washer. The customer must have Tucson Water service with an active account at the time of purchase. The rebate amount will be credited to the customer's utility services statement.

Rebates for installation of residential rainwater harvesting and gray water systems will continue to be issued in the form of a check. Commercial and multi-family program rebates are not affected by this change.

Additional information, conditions, and applications for these and other conservation and efficiency programs are available online at www.tucsonaz.gov/water/rebate. Customers may call Tucson Water's Public Information and Conservation Office (PICO) at (520) 791-4331 or e-mail pico@tucsonaz.gov.
