**Water Valve Work Scheduled for
Southbound Wilmot Rd., 5th St. to Broadway**

Installation of water valves will close the southbound center and right curb lanes of Wilmot Rd. from 5th St. to Broadway from 9 a.m., Tuesday, May 5, to 3:30 p.m., Friday, May 8.

Lane closures will take place from 9 a.m. to 3:30 p.m. Steel plates will be temporarily installed to allow through traffic when work is not occurring.

New valves will be installed on a 12” water main line. The project includes excavation, valve installation, and repaving. There will be no interruption of water service to customers.

Motorists should be prepared for traffic delays and plan accordingly. If driving in the vicinity, please exercise additional caution to help ensure the safety of the workers.
