

What the Judges Say

Which contestant saves the most water?

1.

Fixing a leaky faucet can save from 15 to 100 gallons per day.

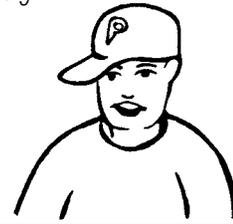

2.

Washing only full loads saves over 10 gallons per load of laundry and 7 gallons per load of dishes.

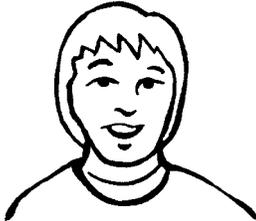

3.

Planting natives, using drip irrigation, and watering at night can save over 100 gallons per day.

4.

Turning off the faucet during each use can save up to 3 1/2 gallons per minute.

5.

A low-flow toilet can save 2 gallons per flush and a low-flow shower head saves 2 1/2 gallons per minute.

6.

Using a spray nozzle can save up to 3 1/2 gallons per minute.

It looks like all these contestants' ideas save gallons and gallons of water!

These are all great ideas! I'd say you're all winners!

You are all Conservation Idols!
